VALPARAISO AT MOB'S MERCY

Striking Dock Laborers Burn Property and Assail Police.

MANY PERSONS SLAIN

Fifty of the Rioters Dead or Dying—One Policeman Killed, Six Hurt.

OFFICIALS ARE POWERLESS

[SPECIAL CABLE TO THE GAZETTE.]
(Copyright, 1903, by New York Herald Co.)

Valparaiso, May 12.—The city tonight is in the possession of the striking dock laborers. One policeman has been killed, six wounded and 50 of the mob are dead or dying.

A battle took place on the streets of the city this morning in which the police were driven to the barracks by the superior force of the strikers. After routing the police force the mob set fire to the South American Steamship Company's docks and then attacked the fire department when it responded to a call for aid. In consequence much of the company's property was burned.

All the stores in the city are closed and transit has been suspended. The strikers are in control and bloodshed is anticipated at any moment.

The mob is now surrounding the offices of El Mercurio and threatening to sack and destroy the establishment. Thousands of the strikers are marching on Admiral Monti's private house, swearing vengeance on its occupants and destruction to the building. The authorities seem powerless to check the mob, and owing to the bitter feeling against the police it has been decided to keep them in the barracks rather than further excite the strikers by an ineffectual attempt to quell them.

Owing to the intense confusion it is impossible tonight to ascertain the exact number of the dead or the amount of damage done. The fire is still burning in the debris of the steamer company's property.

MAYOR AND SHERIFF APPEAL FOR TROOPS

Officials Believe Soldiers Are Needed to Prevent Trouble at Freemont, O.

[SPECIAL TELEGRAM TO THE GAZETTE.]

COLUMBUS, O., May 12.—George Engler, mayor of Fremont, tonight called upon Maj. Myron C. Cox, commanding the third battalion of the Sixth infantry, Ohio National Guard, to send companies M, I, and B of the Sixth, stationed at Port Clinton, Clyde and Sandusky, to do police duty in Fremont. Gov. Nash at once ruled that Mayor Engler can call out no companies save K, with headquarters in Fremont. This company Mayor Engler and Maj. Cox are unwilling to have used as aid to the civil authorities. In his communication to Maj. Cox, the mayor says he has reason to believe the local authorities will be unable to cope with the rioters tomorrow. The law authorizes a mayor to call out troops in his city and a sheriff those in his county, but no more.

Sheriff Mason of Sandusky county today asked Gov. Nash to send troops to Fremont tomorrow to quell a possible riot at the plant of the Clauss Shear Company. The governor saw no necessity of sending state aid and refused to grant the application. The murder of Otto Mischke has aroused the most bitter feeling between the union and non-union men employed at the plant, and the situation is very critical. The governor believes, however, that the local authorities can prevent rioting.

FREMONT, O., May 12.—(Special.)—As a result of the riot of last Sunday, when three negroes killed Otto Mischeke, two dozen colored men and their families have vacated the town for fear of harm, and nearly all have gone to Oberlin. During the funeral of Mischeke this afternoon 500 union men turned out.

POLICE NEAR SOLUTION OF INFERNAL MACHINE

Have Good Description of Man Who Sent It to Cunard Pier.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW YORK, May 12.—Much of the mystery surrounding the placing of an infernal machine on the pier of the Cunard Company was cleared up today and an arrest may be made at any moment. The police have learned that the box was taken to the pier from a boarding house in West Thirty-first street known as the Currie house. The police also know the name of the man who sent the box from the house and have a good description of him.

The tracing of the box was brought about by the voluntary statement of Joseph Rooney, a Ninth avenue expressman, who went to the Cunard pier today accompanied by one of his drivers, Peter Bathe, who declared himself to be the driver of the green wagon which delivered the box containing the infernal machine at the pier. Rooney and Bathe afterwards went to police headquarters and made a detailed statement.

Bathe said that on Thursday afternoon he was accosted on his stand on Ninth avenue by a man who asked him to cart a box from the Currie house to the Cunard pier. The man paid him 25 cents and he went to the house, where a woman helped him carry down the box from the second floor. He then drove to the pier, taking with him for company two fellow expressmen, one of whom sat on the box on the way.

SCOTT FAVORS MR. CLEVELAND

West Virginia Senator in London Says He's the Strongest Man.

IS SOUND IN FINANCE

The Democratic Party Is Not Bound by Third Term Precedent Set by Republicans

LABORING MAN ABROAD

[SPECIAL CABLE TO THE GAZETTE.]
(Copyright, 1903, by New York Herald Co.)

London, May 12.—Senator N. B. Scott of West Virginia, who arrived at the Carlton yesterday after several months' travel on the continent, was very much interested in the cables from New York describing the boom for Cleveland.

"Cleveland," said Senator Scott, thoughtfully, as he read the dispatch stating that but three of the Democratic national committee favor former President Cleveland's renomination, "would prove the most formidable candidate the Democratic party could nominate. He has the confidence of the greater portion of his party. He also enjoys the respect and confidence of that large body of independent voters that cannot be classed as rock-ribbed partisans, and on the money question Cleveland, as everyone knows, is as sound as any man of either party. He has shown by his words and actions, notably when he sent federal troops to Chicago at the time of the riots, that he will support the judiciary and the federal courts.

"His speech at the Tuskegee school celebration made him stronger than ever with the southern Democrats. It was this speech which confirmed in my mind the strength of Cleveland as a presidential possibility. I remember saying that the majority of the Democratic national committee would be opposed to his nomination, for the reason that they selected him when Bryanism dominated the councils of the party.

"Opposition to the third term is purely a matter of sentiment in the Democratic party. The Republican party established a precedent when it refused to renominate Gen. Grant for a third term, but the Democratic party has established no such precedent.

"As to the Republican nomination, President Roosevelt is an honest, energetic and patriotic man. He will undoubtedly be nominated for the presidency unless he should unfortunately commit some error that would alienate the support which the great bulk of the people of the United States now willingly offer him. He is now on trial before the American people. If he satisfies them that he is a safe man, there is not the slightest doubt, in my mind, of his nomination and election.

"I have been looking into the condition of the laboring classes in the various countries of Europe, Asia and Africa. I wish that the workingmen who complain of insufficient wages in the United States could see what I saw. They would find that, man for man, the American laboring men are paid from three to five times what men in similar positions receive abroad. In America the workingmen is able to educate his children, dress his family and house himself with some comfort.

"I am a believer in trade unionism principles, which, when properly carried out, work for the good of both employer and employe. But trades unionism to be true to its principles must be consistent, and it must give to employer the same consideration which it expects to receive from him."

MURDERED BOY'S MOTHER CRIES OUT FOR REVENGE

Dramatic Scene at Inquest Over Body of Little Paul Paszkowski at Chicago.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CHICAGO, May 12.—At the Paszkowski inquest today the mother of the murdered lad denounced Mrs. John Wiltrack as the slayer of her boy, Paul, and told how Mrs. Wiltrack had told her by the cards that Paul had been slain by some boys and buried in the woods near Cragin.

John Wiltrack and his wife are prisoners accused by their own two sons of murdering the Paszkowski lad. He was missing for a fortnight and the distracted mother asked her neighbor Wiltrack what she should do to find trace of him. Wiltrack told her to consult a fortune teller. He recommended his wife.

The two women sat alone in the room. Mrs. Wiltrack divided the cards into four lots and laid the piles on the table, face upward. Then she passed her hands over them, muttering inaudible words. After a number of maneuvers, Mrs. Wiltrack leaned over to the anxious mother and said:

"These cards tell me little Paul was killed by some children. Search in the woods for him. He is there. He is buried there."

"I told her it might be a good idea to look into the basement for my child," said Mrs. Paszkowski. "She said he wasn't there. She said I should search in the sewers. I insisted that I wanted to peer into the basement, if only for a moment. She told me again that there was no use; she said, 'the cards say there is no use.'"

Once the mother of little Paul arose from her seat, and, shaking her hand fiercely at Mrs. Wiltrack, cried in Polish for vengeance. The crowd outside took up the cry as it passed from mouth to mouth.

Only once during the testimony did John Wiltrack betray evidence of uneasiness. Mrs. Paszkowski was quick to see it, and she cried:

"That was the way he looked when I told him of Paul's disappearance."

SALUS-GRADY BILL IS SIGNED BY GOVERNOR

He Issues Statement in Which He Quotes Entire Measure.

KIND WORD FOR PUSEY

THE PITTSBURGH GAZETTE BUREAU,
HARRISBURG, PA., May 12.

Gov. Pennypacker this afternoon signed the Grady-Salus libel bill and issued a long statement trying to justify his action.

There was never any doubt among those familiar with the methods by which this bill was driven through the legislature that the governor would approve the measure, and the only wonder is that he waited so long. The bill was in his hands for more than a month, and for several days it has been generally known that he would approve it and issue a statement giving reasons for so doing.

The governor has an idea that the method by which this bill purposes to gag the newspapers of Pennsylvania is known to only a few persons and in order that all may know he quotes it in full in his statement.

The bill repeals all previous libel legislation and goes into effect immediately. The governor agrees with the mysterious Philadelphia lawyers who defended the bill at the recent public hearing before him that it applies to weekly newspapers. He admits that the omission of the word "weekly" was unwise, but in no sense fatal. He claims there are no inhibitions in the bill and commends Representative Pusey of Delaware, the sponsor of the Pusey anti-cartoon bill, which was so ridiculous that even its advocates abandoned it before it reached the final stage in the house.

The governor indirectly complains of a cartoon of himself in a recent issue of a Philadelphia newspaper, and says such abuse of the privileges allowed to the press should not go unpunished. He claims that his long experience as common pleas judge in Philadelphia convinces him that crimes are propagated by the recklessness of the press.

He touches briefly on the question that the bill was not regularly passed because it was not read three separate days in the senate and house of representatives.

This bill passed the legislature in record-breaking time. It was introduced in the house by Representative Salus of Philadelphia on April 6. The following day it was presented in the senate by Senator Grady of Philadelphia. It was put through both houses and messaged to the governor on the afternoon of April 10.

REPORTED BREAK DID NOT OCCUR

Denial of Wall Street Rumors of Decline in Billet Prices.

DEMAND VERY GOOD

"The reports from New York of a break in steel prices are entirely without foundation," said Willis L. King, vice president of the Jones & Laughlin Steel Company, last evening. "The price of billets has not declined at all, and there is no break in prices of any steel material. The demand is good and no reason exists for any break in prices because they now bear an equitable relation to the cost."

Mr. King made this statement to many persons in reply to queries regarding the many reports of a serious decline in prices on the last hour of the stock exchange in New York yesterday afternoon. One reason for this decline given in Wall street was an alleged break in steel billets in Pittsburgh. It was reported that as against recent sales of steel billets at $31 50 a ton the Jones & Laughlin company had offered them at $29, and the best bid was $28, while the United States Steel Corporation was looking on to see what others would do before shaping its course.

A high official of the United States Steel Corporation likewise denied the report. He pointed out that the corporation has only recently commenced to turn out billets at its plant at Youngstown to meet the demand.

Even on Wall street there was a disinclination to believe these reports. It was pointed out there that the probabilities were against so large a concern as the Jones & Laughlin company taking the market out from under its own feet.

The receipt of the reports in Pittsburgh caused a hurried investigation late in the day by bankers and others interested. The executive officials and sales departments of the larger steel interests all stated that the reports were without basis. It was the general assumption that they were the invention of the bear element in the market.

A further decline in pig iron prices occurred yesterday, according to New York advices. This is the fourth lowering of price since April 1. Yesterday's reduction amounted to 50 cents a ton. The new price, $21 50, compares with $24 25 April 1. A reduction of 50 cents was made April 2, of $1 25 April 9, and of 50 cents May 7. The price, however, is still $2 a ton above that of a year ago.

URGING ACTION ON BRIDGE RAISING

WASHINGTON, May 12.—(Special.)—Representative John Dalzell yesterday went to the war department with two representatives of the Pittsburgh Coal exchange who came here to urge Secretary Root to take action on the report of Capt. Sibert regarding the raising of the Sixth street bridge. Secretary Root has not yet given any decision in the matter. Representative Dalzell and his family left today for Pittsburgh.

EARL AND COUNTESS OF YARMOUTH ARE WELCOMED TO THEIR NEW HOME

[SPECIAL CABLE TO THE GAZETTE.]
(Copyright, 1903, by New York Herald Co.)

LONDON, May 12.—The Earl of Yarmouth and his American bride, formerly Miss Alice Thaw of Pittsburgh, took possession of his ancestral seat, Ragley Hall, near Alcester tonight. The roads leading to the hall were gaily decorated by the tenantry, who enthusiastically welcomed the young couple. The warmth of their greeting may be partly due to the report that the new Lady of Yarmouth intends to play the role of Lady Bountiful.

Triumphal arches have been erected near the house, where Lord Yarmouth in response to an address of welcome, announced his intention of settling in the neighborhood. Ragley Hall is now occupied by his father, the Marquis of Hertford, but for some time it had been leased.

SALT TRUST ADMITS GUILT AS MONOPOLY

Is First Criminal Conviction Under Provisions of Sherman Law.

MAXIMUM FINE $5,000

[BY ASSOCIATED PRESS TO THE GAZETTE.]

San Francisco, May 12.—Before Judge DeHaven in the United States district court the Federal Salt Company, of which L. E. Skinner is president, was convicted of maintaining a monopoly contrary to the Sherman anti-trust law.

When the case was opened counsel for the corporation withdrew its original plea of not guilty and pleaded guilty to the first count of the indictment. Judge DeHaven will pronounce sentence on Thursday.

The maximum fine is $5,000. This case marks the first conviction under the Sherman law, which went into effect in 1892. The attorney-general's office won a civil suit last fall before Judge Morrow against the same company on the same evidence. The successful termination of that suit abolished the contracts held by the Federal Salt Company.

The Federal Salt Company was organized in New Jersey in 1900. It established a business in California and quickly secured a monopoly of the product on the coast, raising the price from $2 to $6 on the ton.

FRIENDS OF ANDREWS DISAPPOINTED OVER STATE CHAIRMANSHIP

Assert That His Services to Party Entitle Him to Succeed Col. Quay.

THE PITTSBURGH GAZETTE BUREAU,
Room 10, Postal Building,
WASHINGTON, D. C., May 12.

Col. W. R. Andrews, secretary of the Republican state committee of Pennsylvania, today sent out a call for a meeting of the committee in Harrisburg on May 26, the day preceding the state convention. The meeting is for no specific object, it being the custom to have a committee meeting just before the convention.

Senator Quay came over from Philadelphia today and was at his office at the capitol for awhile. His family is still in Washington, but he will probably return to Beaver in a few days.

Quay's selection of Senator Penrose for state chairman is very unsatisfactory to the friends of Col. Andrews, who had hoped to see Mr. Andrews get the chairmanship this year. As the secretary of the committee, he has done the hard work involved in the chairmanship for several years, and it was considered as only fair that he should this year be given the honor as well as the work.

The opposition to Col. Andrews is said to lie in T. Larry Eyre and other members of the Elkin faction, who are resentful because Andrews frankly opposed Elkin as a candidate for governor, not on personal grounds, but solely in the interest of harmony. It is believed, however, that this opposition on the part of the Elkin people would not have been harmful if Senator Quay had declared for Andrews for chairman. They would not have dared sulk in their tents if they had cared to, for they have all had too much experience to attempt to fool the "old man" or to defeat his wishes. But Quay has evidently decided that it would be less trouble to put Penrose in as chairman and thus avoid a squabble. For Col. Andrews will not make a fight for the chairmanship, though he would feel honored by receiving it as a compliment from the committee.

UNIONS USE INJUNCTION

Judge Stops Fight of the Omaha Business League Against Labor.

ORDER IS SWEEPING

Members Cannot Be Fined for Breaking an Agreement Entered Into.

HE CALLS IT CONSPIRACY

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Omaha, Neb., May 12.—Judge Dickinson, in the district court tonight, on application of John O. Yeiser, an attorney representing the labor unions whose members are on strike, issued an injunction against the business men and proprietors even more sweeping than that issued by the federal court against the unions last week.

The order restrains the business men from refusing to sell goods to dealers who employ union labor, prevents them from boycotting union labor, requires the Business Men's association to cease holding meetings or conspiring against the unions or in any way interfering with the unions in the management of their affairs.

The order of the court restrains the Business Men's association and others named as defendants, as follows:

"First: From in any manner threatening to injure the business or person of any employer of members of cross-complainant's union or member of labor union, or any person who may employ or desire to employ such union men, or from refusing to sell commodities and supplies of merchandise to employers of such union labor, and from discriminating against such persons in the prices for any such commodities.

"Second: From threatening or intimidating, in any manner, any person into joining the said Business Men's association, and withdrawing from labor unions.

"Third: From threatening or intimidating any person who may have become a member of said association or organization if he employs organized labor or recognizes labor unions into discontinuing such employment.

"Fourth: From imposing any fines upon its members or any person for violating any agreement not to employ organized labor or not to recognize a labor union.

"Fifth: From receiving or paying out any money whatever in pursuance of any agreement to break up labor unions, except to attorneys in this action.

"Sixth: From paying or offering any money to officers or members of union, directly or indirectly, as a bribe to do or not to do any action in pursuance of any agreement or by any of said defendants against such unions.

"Seventh: From importing or engaging agents or servants to import any laborers into the city of Omaha or state of Nebraska in pursuance of any existing plan to destroy labor organizations, or under any similar or new arrangement or plan.

"Eighth: From bringing any other injunction suits or actions in pursuance of any general plan of prosecutions to break up labor union, or of any new or similar plans connected directly or indirectly with any existing plans."

PENROSE FOR CHAIRMAN IS AGREEABLE TO ELKIN

Leaders Frame Necessary Resolutions for Indorsements of President Roosevelt.

[BY PRIVATE WIRE TO THE GAZETTE.]

PHILADELPHIA, May 12.—The Republican state convention, which will take place at Harrisburg May 27, will heartily indorse the administration of President Roosevelt and enthusiastically urge his renomination and re-election. Republican leaders, within the past week, have considered this phase of the convention work and framed the necessary resolutions for the coming convention.

Ex-Attorney General Elkin spent the day here in conference with Senator Penrose, Commissioner Durham and other leaders. Mr. Elkin is agreeable to the election of Mr. Penrose as successor to State Chairman Quay. If objections were entertained, they were removed by the exchange of opinions at tonight's conference. Personally, Gen. Elkin favored T. Larry Eyre for chairman in case Senator Quay declined another term. He would not consent to the election of W. R. Andrews, who has been mentioned in this connection. It is more than probable that some of Elkin's friends, possibly Mr. Eyre, will be prominently identified with the work of the state committee.

Amalgamated President Negotiating With Tin Plate Combine on Wage Question.

NEW YORK, May 12.—(Special.)—Conferences between the officials of the American Tin Plate Company and President Shaffer of the Amalgamated Association of Iron, Steel and Tin Workers and his district leaders regarding the new wage scale for next year were held at the Battery Park building today, and will be continued tomorrow.

It was learned late tonight after the meeting that no agreement had been reached and that it might require several conferences to settle the points at issue. The officials of the tin plate trust state that they do not anticipate any difficulty in regard to a settlement.

Mrs. Strauss Wins Case.

NEW YORK, May 12.—The legal controversy between Mrs. Adele Strauss, widow of Johann Strauss, the composer, and Heinrich Conried over the rights of the Strauss operas in the United States, England, Canada and Australia was decided today. Mrs. Strauss was adjudged the owner of the operas and all rights of production.

ANXIOUS OVER CANAL TREATY

Prospect of Ratification to Be Made Subject of Inquiry.

BRIBE STORY DENIED

The Newspapers at Capital of Colombia Publish Articles Against the Treaty.

DISSENSION IN CABINET

THE PITTSBURGH GAZETTE BUREAU,
Room 10, Postal Building,
WASHINGTON, D. C., May 12.

United States Minister Beaupre, at Bogota, will be asked by the state department tomorrow as to the chances for ratification of the Panama canal treaty by the Colombian congress called for May 20. The news that the reported retirement of Marroquin was untrue will relieve the state department, for his attitude toward the treaty has been considered favorable, while that of Gen. Reyes, whom it was reported had succeeded, was in doubt.

The state department has had nothing official in regard to the persistent reports that the influence of Germany was being thrown against the ratification of the treaty at Bogota, and a high official of the state department today discredited the idea that Suez canal interests were opposing the Panama project. He pointed out that some of the Panama Company stockholders in Paris who were most anxious to have the Panama canal bill were also shareholders in the Suez canal.

Rear Admiral Walker, president of the canal commission, and who recently made a trip of inspection to the isthmus, said today that he heard nothing while there of any revolutionary movement with the idea of setting up an independent government and negotiating a canal treaty with the United States irrespective of Colombia.

William Nelson Cromwell, general counsel of the new Panama Canal Company, today made this statement:

"The new Panama Canal Company has not made a proposal to pay $12,000,000 nor any sum whatever to the Colombian government nor to any parties for or in connection with the ratification of the pending treaty. Statements to the contrary are absolutely without the slightest foundation."

COLON, COLOMBIA, May 12.—Newspapers just received from Bogota, the capital, contain articles adverse to the Panama canal treaty, and private letters from Bogota of recent date, referring to the growing opposition there to the treaty, affirm that even a certain number of the government officers are wavering in their adherence to the treaty and prophesy its rejection by the Colombian congress in its present form.

There is much dissension in the cabinet. Gen. Fernandez has resigned the portfolio of minister of state (premier), which the minister of the treasury, Dr. Francisco Mendoza, has accepted. In the opinion of many persons Gen. Fernandez resigned in order to offer himself as a candidate for the presidency at the next election.

EXPENSES CUT TO AVOID A DEFICIT

No More Rural Routes to Be Established Until After July 1.

PAYNE GIVES ORDERS

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Washington, May 12.—Postmaster-General Payne today announced that there would be no more establishments of rural free delivery postal service until July 1, the beginning of the next fiscal year. This is one result of the investigation of postoffice affairs and of the discovery that at the present rate of increase in the number of routes there would be a deficit of $20,000 in the rural free delivery service by the end of this fiscal year.

Instructions have been given to Fourth Assistant Postmaster General Bristow to curtail expenditures by discontinuing the daily establishments of routes, and it is expected that the threatened deficit will be averted. It is not intended, however, that the investigation of proposed routes shall be suspended, and the field work therefore will continue.

Mr. Payne estimated that the total number of routes fairly entitled to be established in the entire country would be 28,000, and at the present rate of increase this would be reached two years hence.

Mr. Payne said tonight that he had asked the civil service commission to have its representatives make an investigation of the Washington postoffice, in addition to the investigation already made by postoffice inspectors. He said this action was taken on account of charges of violations of the civil service law in that office. The civil service men, he said, will make their report tomorrow.

Total Abstinence Society Celebrates Thirtieth Anniversary.

WAS GENERAL HOLIDAY

[SPECIAL TELEGRAM TO THE GAZETTE.]

IRWIN, PA., May 12.—The celebration of the 30th anniversary of the Irwin Immaculate Total Abstinence society today was the biggest event of its kind in the history of the town. The day was a general holiday, citizens of all denominations giving a helping hand to make the affair a success. Early morning found all the business buildings draped in gay attire. Hundreds of strangers were in town from the surrounding country for the morning services at the Immaculate Conception church, which was in the form of a high mass, with the Very Rev. M. A. Lambing of Scottdale as celebrant, assisted by the Rev. J. Modestus, O. S. B., the Rev. John G. Beane, the Rev. T. Collins, the Rev. Peter Brennen, the Rev. John Grady and the Rev. Joseph Brady of the Pittsburgh diocese.

The music was a feature. The local choir, assisted by R. J. Fennessy and Miss Nellie Carboy of Wilkinsburg sang Stearns' mass in D and Gounod's "Praise Ye the Father." The sermon was preached by the Rev. John G. Beane of Pittsburgh, president of the Catholic Total Abstinence union of the Pittsburgh diocese. It was a strong discourse on the subject of temperance, and he highly complimented the local clergy and citizens on having the banner society of the district. The services were attended by an immense throng and all of the Irwin pastors were present.

After the mass a reception was given to the invited guests from town and abroad, and the Rev. L. A. Carroll called it a unification of all the denominations for the cause of temperance in Irwin and vicinity. The Rev. Thomas McEurle, senior pastor, tendered a dinner to the visiting clergymen at his home, and the other guests were cared for by the ladies of the local society in the school hall, where over 500 people sat down to dinner.

The parade took place at 3 o'clock, and over 5,000 people lined the streets. It was made up of Chief Marshall John Shea, Chief of Staff A. B. Floyd and 20 aids, the Penn Gas band, S. S. Marchant post, Grand Army of the Republic, as guard of honor, and escort Knights of St. John, 50 swords, under Major Snyder of Wilkinsburg, and Capt. Thomas Heuster of Irwin Catholic Total Abstinence society, 500 swords, 100 cadets, the Hahntown band and the Ancient Order of Hibernians and other societies. The parade was reviewed at the corner of Oak and Second streets by Bishop J. F. Regis Canavin of Pittsburgh and the various pastors in the diocese. The bishop spoke many words of praise relative to the church here and the citizens of Irwin over the interest taken in the event of the day.

Bishop Canevin and the Rev. Father Beane were given an enthusiastic reception at the opera house meeting this evening. The latter responded to the address of welcome made by the Rev. L. A. Carroll of Irwin, and said that probably never before in the country was witnessed such a demonstration as in Irwin today for the cause of total abstinence. Bishop Canevin gave a talk on the subject of temperance in part as follows:

"The great cause of a lack of total abstinence sentiment, of love for that noble virtue which is the salvation of society and the home, is the indifference of pastors and parents, the neglect of both."

A feature not down on the program was the presentation of a gold watch and chain and purse of $100 to the Rev. L. A. Carroll, the presentation speech being made by Burgess Rodgers in behalf of the young pastor's friends in the society, church and the town in general.

AGED WOMAN BEATEN.

Mrs. Mary Dunlap of Port Vue the Victim of a Trio of Robbers.

Mary Dunlap, an aged resident of Port Vue, near McKeesport, is at her home in a serious condition from an attack made upon her by a trio of thieves who forced their way into her home and carried away everything of value, after beating and abusing her.

Mrs. Dunlap says the men called at her house and demanded admittance. She was alone, but opened the door for them, after which they knocked her down and abused her. Because she denied that there was any money in the house the men beat her unmercifully and left her unconscious. The matter was reported to the McKeesport police yesterday.

AGAINST LEASING WHARF.

Allegheny Committee Does Not Favor Request Made by Jutte.

The public works committee of Allegheny councils last night sent back to councils with a negative report the ordinance leasing to C. Big Fire at Ligonier.

GREENSBURG, PA., May 12.—(Special.)—The Ligonier Springs hotel and sanitarium were threatened with destruction by fire last night by the burning of three stables and the photographic studio of Robert Grotzinger. Several times the hotel property was ablaze. The loss will amount to $4,500.

Powder Mill Exploded.

WILKESBARRE, May 12.—An explosion took place today at the Gracedale powder mills, 10 miles from here. Four hundred kegs of powder were ignited by a spark from a locomotive. John Fennell was seriously injured. The mixing house was burned to the ground.

AUTOMOBILE CLUB ADOPTS AN EMBLEM

Members of the Pittsburgh Automobile club last night at a meeting at the club house in Beechwood boulevard, adopted a club emblem. It consists of artillery wheels with hub of gold, red enamel spokes and a circle of platinum containing the club letters in black. A hill climbing contest, in which two cups are to be contested for, is being arranged. A map of all the roads in this section will be prepared for the use of members.

LITTLE GIRL'S DEATH RESULTED FROM BURNS

Had Played With Fire—Child Coal-Picker Was Killed. Coroner's Cases.

Playing with fire resulted in the death of Louise Genepelle, 4 years old, of No. 906 Sterrett street, East End, shortly after 9 o'clock last night. The little girl was putting some paper on a small fire in the yard about four o'clock and her clothing caught fire. She was badly burned about the body.

The body of John Staub, who was drowned from a boat in the Allegheny river early Sunday morning, was recovered yesterday afternoon. Staub with two other men were crossing the river at Fifty-first street and the boat capsized. Staub and John Nunaeller were drowned and one man was rescued. Staub was 22 years old and a molder. He lived at No. 5317 Home street.

John S. Butler, aged 33, unmarried, of No. 2916 Carson street, South Side, was killed, and Stephen Clume, aged 30, married, of No. 3122 Jane street, South Side, was hurt in an accident at the South Side plant of the Jones & Laughlin Steel Company yesterday morning. The men were at work on the extensions being made to the plant and while hoisting a beam a rope broke, throwing the heavy piece of structural steel on the men. Clume was taken to the South Side hospital, where a broken arm and other minor injuries were dressed. He will recover.

While picking coal on the tracks of the Baltimore & Ohio railroad at Demmler station near McKeesport, yesterday, Annie Odawtsak, 6 years old, was run down and instantly killed by a shifting engine.

Deputy Coroner Charles Bender held the inquest yesterday into the death of William B. Scully, 9 years old, who was accidentally shot at Walkers Mills while frog hunting May 5 by Fred Wagner and John Reese. The jury rendered a verdict reeasing both men from criminal responsibility. Both men were out on bonds of $2,500 each, their bondsmen being Hans Wagner of the Pittsburgh baseball team.

John Leawarchot, 46 years old of Blair station, died at the Homeopathic hospital yesterday afternoon from injuries received on July 11, last by falling off a street car. His knee was badly bruised and an abscess formed. After two operations amputation became necessary. Leawarchot was too weak to recover from the shock.

ARMY OFFICER GIVES PRAISE TO BATTERY B.

First Inspection Under the Dick Law Was Highly Satisfactory.

An inspection of Battery B, National guard, was held last night at old Orpheus hall, Everett street, East End, which has been fitted up as an armory. It was the first inspection of the battery under the Dick bill taken part in by officers of the United States army and and the National guard of the state. The inspection was under the direction of Captain M. B. Stewart of the Eighth United States infantry stationed at Governors Island, and to whom has been assigned the inspection of the Second brigade. Colonel Sheldon Potter of Philadelphia, a member of Governor Pennypacker's staff, and Major Samuel W. Jeffries of General Wiley's staff, assisted.

Captain Stewart looked over the ordnance and accoutrements and expressed himself as highly pleased with their condition and said the work of the battery was satisfactory. The battery is commanded by Capt. Wm. T. Rees, Lieut. C. H. Powell, Lieut. J. M. Ryall, Lieut. P. W. Purucker and Lieut. C. T. Bundy.

A performance of the "Drummer Boy of Shiloh" is to be given for the benefit of the armory fund the first week in June.

HUSBAND AND WIFE LIVED OVER CENTURY

UPPER SANDUSKY, O., May 12.—(Special.)—Peter Stansley died here this morning at the age of 101. He leaves a widow aged 102. They have lived together since 1816. Both claim to have had Alaskan parents, but during their long residence here they were regarded as negroes. Stansley said he witnessed Perry's battle off Sandusky in 1813.

BRITISH CRUISER JOINS WELCOME

Big Throng of People Greets President Upon Arrival at San Francisco.

NEGRO GUARD OF HONOR

[BY ASSOCIATED PRESS TO THE GAZETTE.]

SAN FRANCISCO, May 12.—Heartier greeting was never given a president of the United States than that offered today to Theodore Roosevelt. Through miles and miles of cheering humanity the nation's chief passed, bowing his acknowledgements, evidently wearied by maintaining an erect position in his carriage, but buoyed up by the impressiveness of the demonstration.

A large gathering of federal, state and city officials, army and navy officers, foreign consuls and distinguished citizens was in waiting at the depot to welcome the chief magistrate this afternoon.

Mayor Schmitz stepped aboard the rear car and formally greeted Mr. Roosevelt, the president making a brief response. M. H. DeYoung, president of the citizens reception committee, then shook hands with the distinguished visitor.

Mr. Roosevelt expressed his thanks in a few words, and was then introduced to Admiral Bickford of the British Pacific squadron, who conveyed the good wishes of King Edward and said that the arrival of the flagship of the squadron to assist in the greeting was another instance of the cordial relations existing between the two nations. President Roosevelt said he appreciated the evidence of friendship and begged that his good wishes be given to his majesty.

In the parade the line was headed by a troop of colored cavalry, this being the first instance in the west where negro soldiers have held the position of honor in a public procession. Following the president came United States troops from the local posts, sailors and marines from warships in the harbor and at Mare Island, regiments of the state militia and a number of semi-military organizations. A notable feature was the fancy marching of the Cleveland Grays, who came from Ohio to participate in the California greeting. After reviewing the parade the president was escorted to the Y. M. C. A. building, where a throng had assembled to participate in the burning of mortgages and notes representing the total indebtedness of $115,280 upon the property. The president, by request, touched a lighted match to the documents, and, as the flames licked up the papers, he joined with the assemblage in singing "Praise God, from Whom All Blessings Flow."

The president was banquetted tonight at the Palace Hotel by the citizens committee. The dining room was decorated with iris and roses.

One of the features of the decorations was an immense garland, made entirely of California fruits, and swung on the south wall of the room. Stretching from one end of the hall to the other was a string of electric lights spelling "Land of Sunshine, Fruit and Flowers Welcomes President Roosevelt."

EAST END RESIDENT IS STRANGELY MISSING

Proprietor of Fashionable Boarding House Leaves Home and Does Not Return.

Elmer E. Curry, proprietor of a fashionable boarding house at Shady and Kentucky avenues, East End, is strangely missing and his family and friends have sought him at the morgue and all the hospitals in vain. Monday morning about 10:30 o'clock Mr. Curry left his home and started downtown to secure some help for his boarding house. From all accounts he never arrived at the employment agency where he said he intended to go.

When Curry had not returned Monday evening his wife and friends became seriously alarmed. Their uneasiness was increased owing to the fact that Curry never drank and was a man of industrious and regular habits. Inquiries at the hospitals and the morgue resulted in naught and the police were notified yesterday.

Curry had about $30 with him, and it is feared that he may have met with foul play. He is about 39 years of age, weighs about 130 pounds has dark hair and blonde mustache, is about five feet, 10 inches in height and wore dark clothes and a derby hat.

CIRCUS DRAWS BOYS.

Five More Youngsters Are Reported to the Police as Missing.

Another circus has left town and so have five small boys. Superintendent of Police John P. McTighe was asked yesterday to notify the police in adjoining places where the circus is scheduled to appear, to watch for these youngsters and arrest them. The missing boys are Walter Fife, 14 years old, of Millvale; James Welsh, 11 years old, of Sheradan; John Jackson, 14 years old, of McKeesport; Edward Manning, 12 years old, of McKees Rocks; John Loftus, 9 years old, of McKees Rocks.

COMMITTEE OF 32 WILL REORGANIZE

Democrats Ready to Profit by Bigelow's Opposition to Harmony.

OUTLINING A PROGRAM

Citizens Leaders Propose to Continue Selection of Candidates Under Old Plan—Much Discussion Over Fusion.

Now that Thomas S. Bigelow and Mayor William B. Hays have practically declared against entering into any harmony deal with the Republicans, what is left of the Citizens party and their Democratic allies are beginning to discuss the program of fusion in the coming county campaign, and already a method of procedure has been outlined, to be carried out in case nothing happens to interfere before the time for nominating county officers rolls around.

As a preliminary to the beginning of the fall campaign the Citizens party's county committee will undergo reorganization. It is expected that before the end of June a new committee of 32 will be constituted and soon thereafter be in shape to nominate candidates for county offices. Prior to the last municipal campaign a strong minority of the Citizens party was in favor of establishing the organization on a party basis, with provision for primary elections and the holding of conventions.

Councilmen Charles S. Crawford and W. H. Stevenson were then among those who desired the formation of a regular party, to avoid the objections that afterward followed the method of selecting the candidate for the city recordership, but that minority was forced to adopt the plan favored by Thomas S. Bigelow and the Third avenue headquarters workers, which plan kept the privilege of nominating officers away from the people. That was the same plan on which the nomination of county officers and congressmen was carried out, and these candidates were all named by the committee of 32. That committee still exists.

It is claimed by the Citizens leaders that the committee of 32 is almost as close to the people as the ordinary county committee is, and the indications are that the party leaders still think themselves strong enough to repeat the methods by which the candidates for recorder and the county offices were agreed upon.

In each election district in the county a mass meeting of Citizens party voters will be held, and each mass meeting will elect one man to serve on a committee of the legislative district in which the election district is situated. Each legislative district committee will then elect one man to serve on the county committee, twice the number of members that the legislative district has representatives in the state legislature. There are 16 members of the house of representatives from Allegheny county, so that the Citizens party county committee consists of 32 men.

The Democrats expect to agree on fusion candidates in a different manner from that followed in the county and congressional nominations last autumn. Then the Democrats appointed a conference committee to agree upon fusion candidates for the legislature and for congress. The legislative candidates were afterward approved of at Democratic legislative conventions and the congressional candidates were indorsed by a committee on vacancies appointed by the Democratic county convention.

This time, so the Democratic leaders say, no preliminary conference committee will be appointed, but a primary election and a county convention will be held.

The proposition that the Democrats shall have only the jury commissionership and the poor directorship, has already been received with derision, and even the suggestion that they content themselves with one of the other three offices has been laughed at. Some of the Democrats say they should have two out of the three.

Thomas S. Bigelow said yesterday that he was getting ready for the next political campaign and had sent his Indian war blanket away for repairs. Mr. Bigelow also said he thought he could have won the fight to acquire the technical school site by condemnation proceedings, had it not hurt the Citizens party politically. He still maintains that he and his adherents were on the right side of that question.

MEET NEXT IN BUFFALO.

German Lutherans Adjourn, the Bison City People Capturing Most Honors.

The German Evangelical Lutheran Synod of Missouri, Eastern district, closed its session in Trinity church, Fifth and Sixth avenues, yesterday, to meet next in Buffalo. It was voted to incorporate the district, which action will put certain trust funds in the hands of the district. The Revs. Thomas Haule, A. Senne and J. Seik will be the incorporators. Five new churches were added during the year, as follows: Bayonne, N. J.; Wilkesbarre, Pa.; Hartford, Conn.; Columbia, Pa., and West Henrietta, N. Y.

These pastors were also added: The Revs. S. E. Kuhls, McKeesport; J. F. Bohling, Galeton, Pa.; Martin Steup, New York, and Paul Frey, Brooklyn.

Collections will be taken up to raise $5,542 for home missions. Dr. A. E. Frey led in the doctrinal discussion yesterday, and his paper was declared perfectly orthodox. There will be no change in the church creed, it remaining as it has been since 1580. The Pittsburgh delegates were defeated by the Buffalo aggregation, the Bison City men capturing most of the honors, including a majority of the officers, and the next convention.

WESTMORELAND AGREES TO CONFEREE SYSTEM

GREENSBURG, PA., May 12.—(Special.)—The Republican county committee of Westmoreland voted today to adopt the rule proposed by Butler county providing for the nomination of congressional candidates. The rule allows the appointment of conferees as heretofore by the choice of the party in both counties. It has been decided that for the first three terms under the last apportionment Westmoreland shall have eight representatives and Butler three, in the next two terms Butler eight and Westmoreland three.

SCHOOLGIRLS TO BE IN ZOUAVE UNIFORMS

A company of 126 small girls in zouave uniform will turn out in the Memorial Day parade in Allegheny. The girls will all be from the Sixth ward school. The Allegheny Memorial Day committee met last night and heard reports of various committees. The Service men of the Spanish war will turn out in a body, and with the details from the three G. A. R. posts in Allegheny, the parade will be one of the biggest the North Side has had in years.

PITTSBURGH BOY WON COLLEGE CONTEST

NEW WILMINGTON, PA., May 12.—(Special.)—The annual intercollegiate contest of Western Pennsylvania, Ohio and West Virginia was held at Westminster college last night. H. T. Getty of Westminster won first place and medal and H. L. Smith of Allegheny college second place. Smith is a Pittsburgh boy. The judges were the Revs. H. C. Bird of Uniontown, H. M. Conoway of New Castle and W. J. Reid of Pittsburgh.

DELEGATES ARRIVE BUT CANNOT FIND A PLACE TO HOLD CONVENTION

Several delegates to the annual convention of the International Association of Tube Workers of America arrived in the city yesterday. They went to the headquarters of several trades unions inquiring where the convention was to be held. Apparently no person knew anything about the convention, but the delegates carried with them a call for the meeting to be held in Pittsburgh on Friday, May 15.

After wandering about the city for some time the delegates met John B. McDonnaugh, secretary of the association, with headquarters at Reading. He informed the representatives that so far he had been unable to secure a place to hold the convention. He claims that every hall in the city is to be occupied on Friday, and for that reason he was unable to inform the delegates where the meeting will be held.

On account of the convention of the Order of Railway Conductors being held this week every hotel in the city is taxed to its utmost capacity, and this fact gave the delegates more trouble. Instead of assisting to secure a hall to hold the convention they had to search for their private rooms. Up until late last evening no place had been secured.

NEW HOME FOR DEACONESSES

Corner Stone Laid for the Sister House at the Passavant Hospital.

GIFT OF MISS SHAFER

"I do now lay this corner stone for the Home of Protestant Deaconesses," said the Rev. Dr. H. W. Roth yesterday afternoon, as he performed the duty that marked the beginning of the construction of the new sister home at the Passavant hospital, Reed street.

Dr. Roth is director of the hospital, and it was an impressive scene in which he was the chief figure. The patients of the hospital, who were able, either went out on the lawn or were taken out in chairs and a great many were also at the windows.

Before the formal laying of the stone Director Roth explained the workings of the hospital and the needs of such a building. Short addresses were made also by the Rev. J. K. Mellehine of Homestead, and F. W. Kohler, the director of the Epileptic home of the church at Rochester, Pa.

In introducing the Rev. Ivan Dietrick of the St. Thomas Lutheran church of Allegheny, Director Roth said that about 55 years ago, some young women came from Germany to start this grand work, and as many connected with the institution still spoke the mother tongue, the next adress would be in German.

After the Rev. Dietrick's address in German came the Rev. D. L. Roth, D. D., pastor of the Grace Lutheran church, who paid a glowing tribute to the sisters of the hospital.

The new building is on a grand site, overlooking the city, in the rear of the hospital.

The words, "Come ye and rest awhile," are on the corner stone, put there at the suggestion of Miss Sarah Shafer, who gave the $30,000 necessary to build the structure. Miss Shafer is aged 85 years and lived for years at Center avenue and Dinwiddie street. Her property there was recently sold, the money being donated to the new deaconesses' home.

GOLDEN EAGLE KNIGHTS CONVENE AT JOHNSTOWN

Convention Opens With Public Exercises Followed by Street Parade.

[SPECIAL TELEGRAM TO THE GAZETTE.]

JOHNSTOWN, PA., May 12.—The annual convention of the grand castle, Knights of the Golden Eagle, opened here today. The public opening exercises at the Johnstown opera house this morning and the parade and competitive drill this afternoon inaugurated the work of the convention.

For three hours before the opening exercises bands, followed by lines of uniformed knights, paraded through the main thoroughfares to and from the trains, accompanying various delegations of incoming Golden Eagles to their hotels.

The meeting at the opera house was addressed by City Solicitor Charles C. Greer of this city, Grand Chief George C. Stahl, Supreme Master A. C. Lytle and Past Supreme Chief Louis E. Stiltz, all of Philadelphia, and R. Hutchinson of Readville.

This afternoon a parade in which over 1,500 participated was viewed by a great throng of people.

The opening session of the Ladies of the Golden Eagle was held this morning in Grand Army hall with about 100 delegates in attendance. Mrs. Alice Moyer of Harrisburg presided.

St. Mary's commandery of Allentown, was tonight declared the winner of the first prize of $100 as the best drilled company, and the second prize of $50 was won by Gen. John Hayes commandery of Allegheny.

LICENSED BY PRESBYTERY.

George Steel of Pittsburgh Is Authorized to Preach.

NEW CASTLE, PA., May 12.—(Special.) A call was extended today at the meeting of the Pittsburgh Presbytery of the Reformed Presbyterian church, to the Rev. R. J. G. McKnight, to the pastorate of the Middleton and Adamsville charges. Mr. McKnight is teaching in the Mercer college.

George Steele of the East End, Pittsburgh, was licensed, and Henry George, a son of the Rev. Dr. H. H. George, formerly president of Geneva college, delivered a sermon to show improvement of his theological studies.

PENNSYLVANIA LETS CONTRACTS

PHILADELPHIA, May 12.—(Special.)—The Pennsylvania railroad has begun to award contracts for its new $10,000,000 terminal in Washington. The first of the contracts were awarded today for the twin tunnel under Virginia avenue, southeast from Sixth street, to Second street, a distance of 2,500 feet. The contract goes to Drake & Stratton. Drake & Stratton also got the contract for building the new line of the Baltimore & Ohio from Magruder station to Montana avenue in Washington, four miles.

ADMINISTRATION IS IN A DILEMMA

Called Upon to Abolish Fees in Delinquent Tax Office.

PLEDGE OF CAMPAIGN

The city administration is much embarrassed by Councilman J. C. Wasson's demand that it keep its pledge to put the delinquent tax collector upon a salary instead of a fat commission, and many people are wondering how Mayor Hays will deal with the problem.

Councilman Wasson's resolution went to a special committee of three, which is to report at the next regular meeting of common council. D. F. Crawford, an administration follower, made the motion to refer it to a special committee, but it was not generally understood Monday night that the committee was to make a report at the next meeting.

Councilman Wasson is determined that the ordinance shall not be put to sleep in committee. He will call for a report of the committee at the next meeting and insist that prompt action be taken on the resolution.

Mayor Hays was out of the city yesterday attending a "horse show" somewhere. As the technical school fight has been settled it is believed the mayor will return to the city today.

LIBRARY COMMISSION HAS TRAVELING AGENT

HARRISBURG, May 21.—(Special.)—Thomas S. Vernon of Chester, nephew of Representative Thomas V. Cooper of Delaware county, has been appointed assistant secretary to the Pennsylvania free library commission. It will be Mr. Vernon's duty to travel over the state and interest the committees in the work of the commission, which has 81 traveling libraries in active service. Several standard works in Polish and Slavonic have been secured by the commission. The commission today arranged to utilize the appropriation of $12,000 in sending traveling libraries to study clubs in towns where the library facilities are meager.

WANTS FLINN TO PAY TAXES ON DOG POUND

Director E. M. Bigelow Goes Outside of His Department to Deprive His Old Antagonist of Exemption

Director E. M. Bigelow does not confine himself to his own department in his efforts to deprive Ex-Senator William Flinn from any benefits that he may receive, directly or indirectly, from the city administration. A striking illustration of this is shown by a resolution introduced in Common council Monday night by Councilman C. C. Schad of the Thirteenth ward, at the instance of Director Bigelow.

The resolution provides that the director of public safety shall be authorized and directed to move the dog pound from the property of Booth & Flinn, Ruch's Hill, Thirteenth ward. In April, 1900, the city made a contract with Booth & Flinn whereby the property could be used as a pasture for the city horses. The land consists of 30 acres. A brick works owned by the firm is situated on the property.

The resolution states that the land became unfit for pasture and the city reserved only a small portion of the tract for a dog pound. The city paid for the use of the tract by exempting it from taxation. The resolution states that the lease upon the old terms was renewed last month for an indefinite period. Director Bigelow wants ex-Senator Flinn to pay taxes on the property and in order to do this he has asked councils to force Director Harry Moore to move the dog pound to another place.

BUREAU IN VERY SORRY PLIGHT

New Force Hopelessly Lost in Making Annual Water Assessments.

MORE MEN ARE REFUSED

The bureau of water assessments of the public works department is in a bad state. The collection of water taxes begins June 1 and the work of the assessment is not half taken, although the assessors have been at work since April 1. Before Director J. Guy McCandless went out of office he appointed 18 assessors for 60 days beginning April 2.

The list was made up by Mayor Hays, but it is said that Director Bigelow revised the list after he went into office and discharged a number of the experienced men. Their places were filled with inexperienced men, and the entire force is said to be "green" in the assessment business.

This work requires accuracy and speed, as the assessors have but two months in which to do their work.

The present assessors are said to have found themselves so hopelessly lost in the task that Director Bigelow asked councils Monday night to authorize the appointment of 20 extra men, making 38 in all. This is a much larger force than has ever done the work before. A suspension of the rules to pass the resolution was required, and the necessary three-fourths vote to suspend the rules was not obtained in common council when the measure was brought up.

This leaves the bureau in a worse plight than ever, which is made still worse by the fact that the bureau is without a head. Director Bigelow first appointed W. S. Haynes of the Twenty-third ward to the place, but afterward transferred William Sprague, chief of the city assessors, to superintend the work of water assessments. Mr. Sprague is ill and not able to take charge of the bureau.

The time is approaching for the city treasurer's office to change hands. E. J. Frauenheim succeeds David R. Torrence on June 1, and the new treasurer will be beset with trouble when the expected complaints from the water assessments start to pour in.

Mocking Bird Is Coming Next Week.

Mabelle Gilman in the season's success, "The Mocking Bird," will appear at the Alvin theater next week. This new opera has the stamp of approval of New York, Boston and other large cities, and is said to have a distinct story, lively action, a wholesome sentiment and an exhilarating atmosphere. Miss Gilman is said to be fascinating in the part of Yvette Millet, a patriotic French maid, who dances with supreme grace and sings with a good voice. The music has been adjudged sweet, inspiring, tuneful and catchy. The supporting company is strong.

Hucksters and Peddler in Danger.

Ordinance Officer William H. Penwell of Allegheny yesterday notified all hucksters and peddlers that they must take out licenses before next Monday or be arrested for violating a city ordinance. The law requires that all peddlers' licenses must be taken out by May 1.

Existing—Without an Angelus.

Really Living—With an Angelus.

You Can Play the Piano by Means of the Angelus.

Many people have the mistaken idea that the Angelus is a piano player. The Angelus does not play the piano. It is not imbued with either life or intelligence, nor is it a machine that you wind up.

The Angelus supplies the lack of a technical musical education and years of practice required when a person learns to play the piano skillfully. It takes the place of the human fingers and it "knowns all about the notes." The human "musical gymnast" is to be admired for his wonderful fingering, but it is the music he produces that gives him fame.

By means of the Angelus you can play the piano with skill equal to that of the greatest virtuoso. The fingering and knowledge of the notes are supplied by the Angelus; the interpretation of the masterpiece, or whatever you desire to play, is made entirely in accordance with your own ideas. The Angelus permits you to give whatever expression or feeling you think a piece of music should have.

The more musical you are the better you will be able to play the piano by means of the Angelus. But, of course, any novice can produce most delightful music, and he can improve with very little experience. If you love music you will be able to produce magnificent results at once. Your advantage over the piano artist is that you have 65 fingers at your command; you can devote your whole thought and attention to the reproduction of the composer's ideas of the melody; your playing will be perfect and artistic. Come and play your favorite music by means of the Angelus.

Cautionary Signals No. III.

THE INDUSTRIAL SITUATION

If each of the states and territories of the United States constituted a separate and distinct autonomy, wholly independent of the United States, and if each of these general governments maintained its own army and navy; its own diplomatic and consular service; its own supreme court from which there was no appeal; its own mint; its own system of currency—in a word, exercised all the functions of a national state—there would inevitably be more friction, more competition, more economic loss. Each would be lamentably weak as compared with the whole. Their condition would in some degree resemble that of, say the iron and steel trade a few years ago.

If these separate governments should eventually combine and form one great homogeneous whole, then we would have what we really enjoy today: the United States of America, exercising a dominating influence upon the world. That is what the United States Steel Corporation has become in the world of iron and steel. Its magnitude as an industrial unit may be better appreciated when it is stated that it employs more men than are in the army and navy of the United States; that its gross income is greater than the gross income of the United States government; that its gross expenditures are greater than that of the general government.

One striking difference between the organization of the United States government and the organization of the United States Steel Corporation is that the former represents more than a century of development, while the latter represents but little more than a year's. Slow and cautious as was the development of the nation, there were sad and costly mistakes to be rectified during its career. In the lightning-like rapidity of the formation of the United States Steel Corporation and the unprecedented changes it has wrought and will continue to make, there may have been mistakes that time will disclose and sacrifice be required to rectify. It has been a wonderful stride, and the public is now disposed to sit down to take a second breath and rest a bit.

But while it is resting, it must feel a sense of greater security as to the future in one respect at least. Just as the might and power of the nation assures stability of government, the strength of an organization like the United States Steel Corporation assures a more stable market and guards against those violent fluctuations in prices which cause the greatest disturbance in trade. What consumers most desire is stability and fairness. This is true whether in the purchase of commodities or the purchase of transportation. Practically one thing has been the foundation of the greatest rate wars among the railroads and the greatest demoralization in industrial circles—the financial weakness of some individual carrier or individual producer. Times become dull, there are obligations falling due, and the financially weak member cuts prices to obtain a greater volume of business. This produces other concessions, and the cutting goes on until bankruptcy ensues. The cutting does not accomplish its purpose for the reason that it is human nature for consumers to restrict purchase to immediate requirements in a falling market. Therefore the organization of industrial combinations like the United States Steel Corporation—and it has been taken merely as an illustration because of its size and immediate local bearing—reduces the possibility of wide fluctuations in prices of commodities, and, where they are financially strong, minimizes the probable loss due to insufficient working capital.

But while there is a sound economic basis for industrial combination yet that very fact carries with it some dangers as the success of sound enterprises facilitates the promotion of unsound enterprises, and how woefully mistaken may sometimes be the judgment of experienced business men is shown by such a collapse as that of the Asphalt trust which failed as soon as it was launched. The cases of the Paper trust, the Ice trust, the Rubber trust, the Salt trust, and the Wall Paper trust also emphasize the possibilities of failure. Despite such warnings, however, promotion showed signs of becoming a mania when it was arrested by two important events—the chilly reception given to the International Mercantile Marine and the decision in the Northern Securities case. The one showed that the market was surfeited with industrial securities; the other shows that legal foundation for railway mergers is as yet unsettled. These events have displayed cautionary signals which prudent financiers will heed.

The increase in the annual wealth of the United States is on a scale that is incomprehensible to the average man. If there are no large additions to the capitalization of what might be termed inert value, the growth of wealth will be sufficient to absorb all the worthy securities that are now in the market. Still, it is not improbable that the country will enter a period that will at least mildly resemble that which succeeded the over-building of railroads in the eighties. Reaction in trade is as inevitable as the rise and fall of the tide. As suggested, however, the violence of the reaction may be reduced through the ability of stronger and more highly organized corporation to maintain stable prices.

There are two factors which will have an important bearing upon the future of the business situation. First and foremost is the crops. The primary source of the wealth of a nation is in the ground. Every year the farms of the United States add hundreds of millions to the wealth of the people. No item of news will be more eagerly scanned by the banker, the merchant and the manufacturer during the next four months than that relating to the condition and movement of the crops. Upon this news will be based calculations affecting every line of trade.

The other factor is adequate transportation facilities. One of the greatest drawbacks to business last year and during the first two months of this year, was the inability of the railroads to handle the freight offering. The congestion at Pittsburgh was unprecedented, and represented the loss of millions of dollars to the plants of this district. It had a most disorganizing, not to say demoralizing, effect upon innumerable lines of trade. It was the basis for the extravagant premiums demanded and paid for the prompt delivery of material. The possibility of securing these premiums was a temptation to manufacturers to delay orders that had long been on their books and give attention to the transient or prompt-delivery orders. The prices paid for the latter were seized upon as a basis for booking new contracts. These things cannot be kept secret, and the knowledge that frantic consumers were bidding premiums of from one to three dollars a ton for coal and three to ten dollars for some kinds of iron and steel, was used by labor to demand a greater share of the abnormal profits. The increased cost of labor and material has a tendency to discourage the planning of new works, and has at length led to the postponement of betterments already planned. Proof of this was furnished recently in the announcement of Wabash railroad officials that some of their contemplated improvements would be deferred in the hope of obtaining better terms.

It can hardly be denied that the managers of some of the great railway systems have been paying more attention to mergers and deals than to the improvement of the facilities of the property already under their care. It is also true that the projects of others have been on such a magnificent scale, and made so great a draft upon the future, that financiers have admonished railroad managers to look more to the provision of present necessities than to the probable requirements of the future. The general business public regard with much concern the conditions that are likely to prevail in the immediate future. Last year's freight congestion occurred during a season when the anthracite coal traffic was paralyzed by a prolonged labor strike, and when the movement of corn was the smallest for years on account of the shortage of the 1901 crop. The coming summer and fall the railroads will face unprecedented activity in iron, steel, coke and coal, exhausted stocks of fuel in all the great markets, continued movement to the seaboard of last year's surplus corn, and a banner crop of winter wheat now progressing toward maturity.

In conclusion it should be said that present commercial conditions are sound, but the unprecedented expansion of the past three years has placed a great strain upon credit. A relaxation of this strain is desirable if the country is to avoid the consequences that have been witnessed in the past under somewhat similar conditions. There are portents which, while they should not cause timidity, strongly suggest the need of caution. Conservatism is now a more valuable characteristic than ambitious enterprise.

A Man of Business.

Now that the Manchurian war cloud has apparently faded away, it is worth while to recall that Russia has a man with his finger on the pulse of government who, if not a man of peace, is a man who counts in advance the cost of war. That man is M. De Witte, the finance minister of the empire. It was related some time ago, and generally copied in the American papers, that once at a meeting of the imperial cabinet, some of the finance minister's colleagues exploited important aggressive plans for the aggrandizement of Russia. M. De Witte approved the plans and expressed the view that the things projected could be accomplished. "But," he suggested, "perhaps some of you gentlemen know where the money is to come from to pay for all this. I do not. The credit of the empire is strained now to provide funds." No one could suggest new sources of revenue, either for war or for the interest on debts that would be piled up by war, and the plans were shelved. When England and Japan presented a belligerent front on the Manchurian matter, M. De Witte, no doubt, again counted the cost and restrained his colleagues from showing undue resentment. He knows the process of assimilation is only delayed by the present yielding policy, and that patience and perseverance will win without extra cost what would come high if taken by force. When he became finance minister of Russia he is said to have declared that Russia needed 10 years of peace. The 10 years are not up, and there is no reason to believe that he has changed his mind. Indeed, it is more likely he is convinced that Russia needs at least 10 more years of peace. With M. De Witte it is a business proposition. He is essentially a man of business in affairs of state, and it is a good thing that such a man and a strong one occupies the post that he does.

The Libel Bill.

Gov. Pennypacker has made a mistake that mars an otherwise excellent record. He is, no doubt, sincere in his belief that he has done the right thing in approving the Salus-Grady bill, but men who are familiar with the ins and outs of newspaper making all have a different opinion. The bill is now law, if it can stand the test of the courts with its confused phraseology and the newspapers of the state will do the best they can to observe its provisions. At least ninety-nine hundredths of them are honest and law-abiding in spirit and conduct—rather a larger proportion than among individuals—and they may reasonably expect this will count in their favor when the courts construe the statutes. On this basis it will be ascertained in course of time whether the law is a proper one, as the governor believes, or whether it is an impossible thing, obstructive of the dissemination of proper knowledge for the protection of society as a whole. That is the whole question involved.

Government By Injunction.

"Government by injunction" is being as largely invoked in behalf of the labor unions as against them lately. The latest application is by Judge Dickinson of Omaha, who enjoins the business men of that city against conspiracy to injure the unions, boycotting employers of union labor, or merchants who sell to union men, etc. This is a more severe application of the injunction than that made at St. Louis against the blacklist, though on equally good grounds.

These later injunctions are an encouraging sign of the times. They indicate abandonment of unreasonable prejudices upon the part of workingmen and they illustrate the fact that the courts are equally open to all classes, that they are impartial in their rulings and that they can neither be bought nor intimidated. In short, they prove there are no classes in the sight of the law and that the practice in equity is just.

There is another point not to be overlooked. That is that blind justice recognizes rights possessed by labor on the one side and capital on the other that each is bound to respect. Both have been inclined at times to act as though the right was all on one side. Organized labor has been frequently intolerant of the rights of unorganized labor as well as the rights of capital, and this has caused more trouble than anything else. It is time that all persons should come to an understanding that each has rights, that liberty means respect for those rights and that license and intolerance are the foes of liberty.

The Missouri Way.

State legislatures are so often controlled for bad purposes that people are not often surprised by developments concerning the nature of the control and the manner of its exercise. But the manner in which the legislature of Missouri was controlled two years ago presents features that are amazing. It is all coming out in the wash—in other words, in the evidence given in court by the ex-lieutenant governor and other witnesses. There was the usual floor lobby that is always in attendance on legislative sessions. These had their recognized head, directing their movements among members. But the boss lobbyists behind the man who directed the floor lobby had something that is new in boodle annals. Through a private locked door, for which they possessed keys, they entered a small room back of the presiding officer of the senate, from whom they were separated by only a thin partition, through which they could readily communicate with him. When legislation in which they were interested came up they wrote amendments and sent them to the senator selected to present them, told the presiding officer what they wanted as the plot developed on the floor and he did what was required of him. This evidence, all brought out in court, sheds interesting light on how laws were made in Missouri. Of course, it is humiliating to Missouri, but the exposure will do good. The state will be the cleaner after it is all exposed and the guilty punished, and it will be up to the people to see that it is kept clean.

The Railroad Conductors.

The Order of Railway Conductors, which is in session in Pittsburgh, is an important body of men. It includes a vast majority of all who have charge of passenger trains throughout this country. To the casual traveler the conductor is the man who collects tickets or fares and is looked upon simply as one who takes care that the company gets what is coming to its treasury. The conductor is much more than that. He is the boss of the train. The safety of the passengers depends upon his care and skill next to that of the engineer. Though he may be busy collecting tickets, he must never forget his "orders." He must be alert to the signals that are given and ready to make stops not on the schedule as "regular." In short, the traveling public owes much to the conductor in addition to gratefulness for the many courteous answers he returns to foolish questions. His unfailing courtesy alone is an art of high value, but his incessant care and watchfulness for the safety of his passengers is more than his effort for their comfort. The conductors and their ladies are more than welcome.

It would be interesting to know if that western professor has included in his curriculum on "how to make love" any pointers that will keep a fellow from making a fool of himself when he gets the mitten.

There is a state of things in Morocco that really looks like revolution, and it is probable some of the premature reports of the killing of the sultan may be substantiated by later events.

After an experience on a Brooklyn trolley car a clergyman has written a poem entitled "A Journey to Hades." Pittsburghers feel that way, minus the disposition to write poetry.

From the number of "leading society" women who are preparing to go upon the stage we imagine that next season will be socially rather dull in the big centers of the east.

If a business firm had employes who transacted its business after the style of our municipal government the ghost would stop walking in short order.

If we are to depend upon the rain fall this summer for clean streets we trust the weather man will see to it that the distribution is properly made.

Now if our "city fathers" could only be induced to get insight and foresight we would be pretty well provided in the "site" line.

PRESTIGE OF CLERGY WANES

Another dark cloud is looming up in the Presbyterian church. The battle of the creed has been fiercely contested and overwhelmingly won. It will receive the sanction of the general assembly about to convene at Los Angeles. Another cloud still more ominous is about to break clergy and laity for power. It may take definite shape in the nomination of John Converse of Philadelphia—millionaire, capitalist and philanthropist—for moderator. This is the highest honor in the gift of the Presbyterian church and so far has never been held by any one except a clergyman. The boom for Mr. Converse is interesting as showing a tendency that has developed in recent years and which is arousing feelings of anxiety and suspicion in the minds of clergymen all over the country. If Mr. Converse is nominated—his nomination is advocated—his election will be vigorously contested. For the prestige and power of the clergy, now being invaded by the laity, is at stake.

Numerous examples of a similar character and tendency have been created within a few years. Prof. Woodrow Wilson is now president of Princeton college. This is the seat and citadel of American Presbyterianism. Prof. Wilson is the first layman that ever filled the president's chair in this great university. Willis Baer was sometime ago appointed secretary of the Home mission board. Mr. Baer is a layman. This was also a startling innovation and incision in the hitherto undisputed territory of the clergy.

There are very few plums in the gift of the general assembly. In the past these have been looked upon with longing eyes by churchmen of great learning and celebrity. They looked forward to a day when they might wish to lay aside the ceaseless cares and grinding worries of the regular pastorate and find a haven of honor and emolument in one of the boards of the church or at the head of one of the great denominational colleges. The tendency of the times seems to have deprived them of such fond expectations, since live and climbing men of the world, beginning with intrusion, will, they fear, end with usurping all those fat offices.

It is predicted in some quarters that the nomination of Mr. Converse will precipitate a struggle in the general assembly, if not a scandal, in the whole church. It is not to be expected that the clergy will stand meekly by and be thus shorn of their honors. Those who have been marking the trend of events not only in the Presbyterian church, but throughout the length and breadth of Protestantism, are arriving at conclusions that might well be laid to heart by the entire evangelical community. They see in these lay appointments increasing evidence of the decay of prestige and power which the clergy have hitherto accepted in lieu of earthly emolument. Other evidences of this declension are cited which cannot fail to impress every observer. Time was when none but one of the cloth would have the temerity to speak from the "sacred desk." That time has passed. When an important event is being celebrated in a church or a subject of general interest is being agitated, men prominent in affairs or distinguished by reason of literary or scientific knowledge are scheduled as speakers. It is felt that they have more weight and more attractive power than the regular clergyman. Even when matters distinctly within the clerical domain, such as the observance of the Sabbath, are being urged, it is not unusual to see laymen as principal speakers in mass meetings summoned for the purpose.

It is a conceded point that the ability and brains of the clergy are of the highest order. They are generally the picked men of the home and the college. If it is true that their position is being deprived alike of prestige and power in the community, what will the ultimate reaction be? It is certain if they are unusually able men that the emoluments of their office will not be a sufficient bond to hold them to their calling.

The 168,000 employes of the United States Steel Corporation receive an average salary not much less than the average salary of the preacher. It will be remembered that preachers are skilled and carefully prepared men, trained by long years in college. Many of the employes of the corporation named are foreigners, many are unskilled laborers, few are trained minds.

No prediction is ventured and to some extent sustained that there will soon be a secession from sacred to secular employments. This stage is fairly begun already. Each week brings tidings of earnest, capable men who cannot support their families as the times demand and who are seeking that means of support in secular occupation. A little blood-letting in this direction will work out a remedy. If the thousands of unemployed ministers in the United States and the great number who are deriving a precarious existence from their calling would cut the Gordian knot, the position and the salary of the preacher would go to a premium at once. The popularity and prestige of the pulpit would be reinstated and a great deal of suffering and privation ended. God never yet asked his children to die of either inactivity or inutility.

AN OBSERVER.

IN THE EYE OF FAME.

Rear Admiral Higginson will relieve Rear Admiral Terry as commandant of the Washington navy yard on July 1.

Lady Rothschild, whose husband is head of the famous family, does an immense amount of charitable work, but never of a public character.

Capt. Henry Marmaduke, a son of former Gov. Marmaduke of Missouri, is now a man without a country. He gave up his United States citizenship to take part in a recent revolution in South America, which failed, so now he is not a citizen of any land. He is in business in St. Louis.

Edward A. Caraway, now a government police officer at the Charlestown navy yard, has just begun the 53d year of his service as an employe of the navy department. He is now 67 years old. At one time Mr. Caraway served in the famous squadron of Commodore Perry, whose ships remained in eastern waters until March 6, 1854, when the treaty opening the ports of Japan to the world was signed.

Cardinal Vaughan reached his 71st year a few days ago. Three weeks ago he thought the end very near, but relief came, and, though he cannot do active duty out of doors, his days are spent in unceasing correspondence and work of administration. The cardinal is spending most of his time just now at St. Joseph's Missionary college, at Mill Hill, near London, which owes its existence to his founding.

The Quiet Observer.

By ERASMUS WILSON.

What's the use, anyway?

Sure enough, what's the use of some things—the things that worry us and make our lives miserable?

While the Creator was at it wouldn't it have been just as easy to cut these things out, thereby saving us poor creatures from worry and trouble?

Why couldn't we have been born with gold spoons in our mouths, or at least with silver ones? And couldn't our bodies have been fixed so we wouldn't feel pain? And couldn't the ground have been made to yield food without having to be hoed and coaxed and forced into doing this?

A perfect body would have saved us from disease and physical suffering, and we would all be healthy, happy and beautiful instead of being sickly, ill-natured and ugly.

If order is heaven's first law why isn't it enforced? All discomfort arises from disorder, even the dumps, dyspepsia, domestic rows and the like. Even death is the result of disorder in the machinery of living.

And what does all this talk of love amount to, when you have to toil and suffer to keep life in your body and bread in the mouths of those whom you could love if you hadn't so much else to do?

* * * * *

Thus you see how easy it is to figure out a case against Providence, or the fates. All you have to do is to look steadily on the dark side for awhile, and the whole thing comes out like the photograph on the sensitive plate.

But you must keep on the dark side or, like the photograph, the thing is spoiled.

Ben King, the Michigan humorist, who was great in his way, could see the dark side of things as clearly as the most confirmed hypochondriac, as shown in the following lines:

Nothing to do but work;
Nothing to eat but food;
Nothing to wear but clothes
To keep from being nude.

Nothing to breathe but air—
Quick as a flash 'tis gone—
Nowhere to fall but off,
Nowhere to stand but on.

Nothing to comb but hair;
Nowhere to sleep but bed;
Nothing to weep but tears;
No one to bury but dead.

Nothing to sing but songs;
Ah, well, alas! and alack!—
Nowhere to go but out;
Nowhere to come but back.

Nothing to see but sights;
Nothing to quench but thirst;
Nothing to have but what we've got—
Thus through our lives we're cursed.

Nothing to strike but a gait—
Everything moves that goes.
Nothing at all but common sense
Can ever withstand these woes.

* * * * *

Now, Ben wasn't a bad sort—not half bad. He could amuse his friends, and the public, too, for he was a born humorist, and could write, and lecture, and play music—play to beat the band, or half the amateur crack players.

Of course, that doesn't prove him to have been contented with his lot, and happy as some folks are. Having a keen sense of humor he must needs be keenly sensitive to pain and things calculated to cause discomfort of mind and body.

Ben is dead now, but his bright lines will shine for a long time, if not forever. Nor can he ever be forgotten by those whose good fortune it was to have known him.

Almost everything Ben did was unexpected, even to his dying. He was down in Kentucky lecturing along with Opie Read, and doing finely. But one night he went to bed whistling, as was his wont, and apparently feeling good.

Not appearing at his usual time the next morning some of his friends went to waken him, but they never did.

* * * * *

Things might have been arranged differently, but then the results would have been different, with the difference against us, maybe. It is results nature is after, not merely the passing show.

Off yonder in the tropics the earth yields food stuffs so abundantly that the people don't have to work any at all if they don't want to, except to pick up the ripe fruit and work their jaws on it until it is soft enough to be swallowed.

And you may be sure the people don't work—don't even work at keeping clothes on their backs, or the bugs out of their hair. Were it not for the chiggers and sand flies making them scratch they would be encased in shells of dirt.

Nor do they allow their minds to work. In fact they indulge in no sort of work, because they don't have to. From the lazy growler's point of view these are the favored children of nature.

The why and the wherefore may not be entirely clear and plain, but it appears to be a fact—it is a fact—that only those who do "have to" ever accomplish anything worth while. If we didn't "have to" we would, in time, be like unto the favored sons of nature as seen in tropic lands.

Maybe it is better that we have to do some things, many things we don't like to do.

* * * * *

Over against Ben King we may set "Rev. Plato Jonson," who takes an entirely different view of the case.

This "Rev. Plato Jonson," whom you may have met before, as he was often seen in public prints, was no other than the Rev. George Hepworth, so long the editor-in-chief of the New York Herald, and the writer of the famous sermonettes that occupied first place on the editorial page of the Sunday Herald. Since his death, which occurred less than a year ago, no one has been found who can fill his place in the Herald pulpit.

I'se t'ought it over 'gane an' gane,
But somehow dou' quite make it plain
Why t'ings is as dey be;
No, I ain't makin' no complaint,
But simply sayin' that I kain't
See why dis is, an' todder ain't;—
But God knows better'n me.

For 'sample, dere's ole Jacob Bean:
Dere ain't on yearth no man so mean,
So orfle mean as he.
Now, why should he have all de cash,
Eat 'possum fat while I eat hash,
An' look on us as nigger trash?
De Lord knows better'n me.

Den comes my neighbor, Simon Bole;
Jess like a lump uv solid gol';
He's good as good can be.
For eighteen weeks he's ben in bed,
Wid shakes dat's shook him almos' dead;
But why, I don't git froo my head:—
De Lord knows better'n me.

Well, I don' bodder 'bout it all;
De Lord's so big, an' I'se so small
I couldn' spec' to see.
So I jess stumbles 'long de way,
Bearin' my burden day by day,
An' smilin' cos my soul kin say,
De Lord knows better'n me.

* * * * *

What's the use?

Sure enough! What's the use worrying and fussing about things over which you have no control? If you will keep the things in proper order that have been placed under your control you will have done all that is required of you.

Most of our troubles are the result of our failure to properly control things that belong to us. The next great cause of trouble is our attempting to control things that belong to others, or which are clearly none of our business.

In other words, we make most of our troubles, and what we don't make we borrow, or steal. You may have known those who, not being satisfied with their own trouble, have nebbed into other people's affairs until they got a plenty.

It never was intended that man should live to eat, and eat to live, and do nothing. But seeing, or surmising, that he wouldn't work if he didn't have to, or get out of the game of life.

It is good for you that you have to.

OMAR AGAIN.

An Old-time Cookbook simpler far than new,
A Loaf of Homemade Bread, no Fuss, no Row
But Bridget singing as she cleans the Sink—
Oh, such a Home were Paradise enow!

I sometimes think how Wonderfully Good
Waffles would taste instead of Breakfast Food,
And how the Clothes would Last if Washed at Home—
But what's the use of such a yearning Mood?

Yet make the most of Maids today—the End
May be that Servantless, we shall descend
To dwell in huge Co-operative Plants,
Sans Privacy, sans Hope, sans Homes to tend.

Ah, Bridget, fill the Coffee Cup that clears
Today, at least, of our Domestic Fears!
Tomorrow!—Maid and Mistress both may be
Swept from the Path of the Progressive Years!
—Life.

Talked of in New York

GEORGE C. JENKS.

(By Private Wire to The Gazette.)

NEW YORK, May 12.—Nothing suggests the changes that have taken place in the character of the population of New York city more sharply than the fact that a quarter of the entire population of Manhattan is made up of Hebrews. This was not so 10 years ago. But the increase in commerce and industry of the metropolis has been coincident with Jewish multiplication, until it is a fact that one meets people of that race wherever business is doing. While few Jews get into the municipal government or politics, there are several prominent men of that race interested actively in public affairs, as they are managed by what is known as the reform element. In movements for the general benefit, independent of politics, Hebrew citizens in New York are always well to the fore, while subscriptions for philanthropic objects, of which necessarily there are many in so large a city as this, usually find their mainstay in the money contributed by them. Tammany is still essentially an Irish organization, but not exclusively so, as it was in the old days of John Kelly and during most of Richard Croker's regime. The Irish will always have a great deal to do with the government of New York, no doubt, unless thousands of Italians coming into this port every week eventually drive them out. But however great may be the proportion of Irish and Italians, be sure that the Hebrew will be there, too, and that as it becomes more and more the spirit of politics here to be controlled by shrewd commercial sense rather than by physical force, he will move rapidly into the ascendant. While it is probably true that the Jews in New York seek commercial supremacy mainly, they are not averse to political power, realizing that it can be turned into money as surely as it is acquired. This is the aspect of the case that seems to strike the average New Yorker and the Jew is taken into account always when the future of this city is under consideration.

Touch of Realism in Stage Duel.

The announcement that Miss Cecil Spooner, who is playing at Daly's theater, was badly cut by a sword wielded by her stage antagonist in a duel last night, calls attention again to the realistic nature of everything on the stage these days. The public demands that whatever is done and seen before the footlights shall be as nearly as possible what it purports to be. It is true that actors are not required to kill one another when they are supposed to be put to death, but the old-fashioned thinkering with tin swords will not satisfy a modern audience. The rapiers used by Miss Spooner and Walter Hale, her leading man, are nearly as sharp as razors, and it is only by deft handling that the two avoid severely injuring each other as they cut and slash up and down in one of the fiercest stage fights ever seen in New York.

Rejoicing in Battery Place.

Down by Battery place, where the Syrian and Armenian settlement is, there is a great deal of pleased excitement today. The minister to Turkey, the former Pittsburgher, Mr. J. G. A. Leishman, has at last persuaded the sultan to allow the wives and families of 25 men living in New York to join them here. The porte has always refused this privilege until now, it being against the policy of Turkey to allow its subjects to emigrate. Preparations are being made down in the Syrian quarter to give a warm welcome to the loved ones, and there will be fireworks and feasting and joy generally in lower Washington street this week. The whole neighborhood is ablaze with flags already.

Caught in Traps of Their Own Making.

Two instances of a prominent man being hoist by his own petard have occurred in New York in the last 24 hours. One was that of Capt. Piper, deputy commissioner, who was sternly ordered into line with his runabout when he tried to break through a lot of vehicles at the Brooklyn bridge in violation of a rule made by himself, and the other is of H. S. Elliott, member of the Automobile club of America, whose chauffeur has been held for trial in $1,000 bail on a charge of speeding Mr. Elliott's automobile beyond the legal limit. Constructively, Mr. Elliott is guilty of the offense if the chauffeur should be convicted. Mr. Elliott lately introduced and had passed a motion that any member ever convicted of driving his machine too fast should be expelled from the Automobile club. If the club should expel him he will not have the least right to complain, although, doubtless, he will do so most strenuously.

Trouble Due in Subway Strike.

New York is preparing for hot times tomorrow when laborers in the subway must return to work or see their places filled by others. Commissioner Greene has promised ample police protection and that means trouble.

A Sartorial Secret Unfolded.

"Do you see that I have made the right sleeve of this coat longer than the left?" asked a Fifth avenue tailor of me this afternoon, holding up a solemn looking garment of broadcloth, and fondling the sleeves with a professional touch. "Queer, isn't it? This coat is for a minister who is very energetic while in the pulpit. He has a habit of emphasizing the points of his discourse by waving his right arm continuously and pounding the pulpit at intervals. Well, that means that his sleeve will wrinkle up at least two inches. If I were to make this sleeve the same length as the left he would show two or three inches of white shirt all through his sermon and that would be awkward. Always when I make a coat for a clergyman I ask him whether I shall make his right sleeve longer than the left and nearly always he says yes. Kinks in all businesses, you know," added the tailor with a placid smile as he folded the minister's coat.

Evil Effect of Labor Strife.

The strike in the building trades is becoming more threatening from day to day. Its evil influence is spreading, too. Several lumber yards in Manhattan and the Bronx have closed because there is no demand for their product. The daily loss of wages to the strikers in New York is estimated at $400,000.

Regret for R. H. Stoddard.

Genuine grief is expressed everywhere tonight over the death of Richard Henry Stoddard, the poet and reviewer. Mr. Stoddard was for many years literary editor of the Mail and Express, and although he had not written much of late years in the paper, he maintained a close editorial supervision of everything that appeared in his department. Until he was taken ill a few days ago he was in the office almost every day. The death of his wife and his son, Lorimer, two years ago had much to do with his physical break-down. The young man wrote Mrs. Fiske's dramatic version of "Tess of the D'Urbervilles" and had other dramatic contracts on his hands when he died.

Need Help of Secret Service.

The police are all in the dark over the dynamite bomb affair which might have blown up an ocean steamship and hurled hundreds of people to sudden death. It is said that all the clues the police had or thought they had led nowhere. The New York authorities evidently need the assistance of the secret service officers from Washington, who showed them the way to unravel the barrel murder mystery a week or two ago.

Umbrellas will be the vogue for today—any one's will do, but choose the best, silk preferred. They should be worn open, and well above the head. (If the sun is shining ladies may change umbrellas to parasols and follow same directions.)

The premature announcement of Joaquin Miller's death at least served to inform a great many people that the poet of the Sierras was christened Cincinnatus Heine. It is understood that he changed his name after seeing the Cincinnati team play ball. He will probably resume the old name after hearing the result of the late lamented Pirate-Red series.

Our Electric Ointment is the best ever for strained muscles. Special discount will be given members of the Strapholders' League who order by the dozen.

As our boat, with Charon at the oars, was approaching the other shore, I noticed a great commotion near the beach.

"A message from the world," muttered Charon, more familiar with events in Hades than I. "Must be some important news."

As soon as the boat touched the shore I jumped out and strode rapidly toward the excited shades, many of whom I easily recognized from ancient prints.

"It's on you Shakespeare," cried one of the party to a distinguished looking spirit who had just joined the group. "At Chicago—a town recently built in a new-found section of the world—a pedagogue said your wit was weak, your jokes shady, and that you were only a cheap punster. Begins to look as though you were to be classed among the dead ones."

And they all laughed immoderately—all but the shade addressed as Shakespeare, who moodily dug his toes in the sand.

"I kind of wish they would put Bacon's name on this stuff now," he said. "I always knew someone would get next to me finally. This wireless telegraph connection with the world is making death hardly worth dying."

"It's coming our way," cried Roswell, gleefully. "With 'Uncle Tom's Cabin' barred out of Louisville, 'Les Miserables' from Philadelphia and Shakespeare tabooed in Chicago, it won't be long until Dr. Johnson's dictionary will be the only recognized standard of literature."

President Roosevelt's luncheon eaten the other day in the famous red wood forest of California, was prepared by the mother of 24 children, and the president suggested that "She ought to be president of some association—I don't know what." Isn't Mr. Roosevelt going a little too far? To a disinterested observer it would look as though her life would be strenuous enough simply presiding over her own household.

Pittsburgh, Pa., May 12, 1903.

My Dear Doctor—Your incomparable nerve tonic has done me a world of good the past few days, and I have been able to get through the trying councilmanic consideration of the Technological school site measure without becoming violent, as I wrote you I feared. Kindly cancel my order for your famous physical exercisers, including punching bag. It looks now as though I would pass the present crisis without the use of forcible argument.

Very truly, FATHER PITT.

Talk about the strenuous life, said Bensome. While I was being shaved this afternoon the barber next to me had a life insurance agent in his chair. It was a battle worth twice the price of admission. And the life insurance man won, despite the fact that his opponent had him down and had a razor in his hand—got the barber's signature to an application for a $2,000 policy.

Georgia Needs a Cocaine Law.

From the Atlanta Constitution.

At least one good thing can be said for the Pennsylvania legislature—it passed a law making it a crime to sell cocaine except on a physician's certificate, or to habitual users. The new Pennsylvania law provides a penalty of $100 or six months' imprisonment for each offense, and it also provides against the sale of any patent or proprietary remedy containing cocaine.

It hardly necessary to say this law will be generally approved, and that a similar law should be enacted by other states. The cocaine habit has spread more rapidly throughout the country than any other evil, and it is time steps are being taken to restrict the sale of this poisonous and demoralizing drug. Here in Georgia and in Atlanta numerous instances of a most flagrant nature have arisen to suggest that the matter be taken in hand? While we have in this state a general law regulating the sale of poisonous drugs, which would embrace cocaine, it is said to be easily and notoriously violated. There is need for closer regulations, and the Georgia legislature could no do better than to duplicate the Pennsylvania cocaine law at its next session.

The Next Vice President.

From the Boston Herald.

Neither political party in the nation seems to be much concerned as regards its candidate for the vice presidency next year. The position in past times has not been very much sought, and really, as it presents itself to the ambition of men, does not seem nearly as desirable as that of a seat in the United States senate. And yet its possibilities, always great, have never been so impressively presented as they have at the present time. Within the space of 60 years five vice presidents have been called to the presidency, and the latest one of these appeared at the time of his election as little likely to attain the higher office as any vice president ever put in the way of such preferment. With so many lessons on the subject, and in view of the deaths of men so clearly in apparent vigor as were Garfield and McKinley, there would seem to be no need of urging the importance of selecting the most discreet men for the vice president's office hereafter; yet it is by no means certain that the requisite care will be taken on the subject when the two parties make their nominations in 1904.

Stirred by National Pride.

GYMNASIUM IS ONE OF THE BEST

Opening of Fine New Structure Erected by Henry Phipps in Allegheny.

BUILDING COST $90,000

School Children Will Use Physical Culture Appliances—Baths and Laundry Provided at Low Cost.

In the First ward of Allegheny, a few rods from where Henry Phipps' father pegged shoes for a living and across the street from where the multi-millionaire iron master fought his own schoolboy battles, there was opened yesterday the finest bath house and gymnasium in Pennsylvania. There was no formal ceremony, no ostentation in the affair, but as the workmen picked up their tools after having put the finishing touches to the building flocks of school children trooped in during school hours and men and women left their homes near by to try the baths or the conveniences of the laundry. Delight and admiration were manifest on the faces of all, and as they reluctantly left the building many a hearty word of thankfulness was murmured for the man whose gift of $90,000 had made possible this boon in their midst.

"Phipps Gymnasium" is the inscription above the entrance at Rebecca and School streets. Between the corner and Monument Hill, which rises abruptly in the rear of the building, there are four handsome entrances, to the reading room, the ladies' bath rooms, the men's bath rooms and to the laundry. The reading room on the first floor, with its rocking chairs and long rows of seats, will easily accommodate 100 persons, and the flood of light that pours in from the two streets makes it a delightful place to while away an hour.

APPOINTMENTS OF THE BATH ROOM.

The bath apartments of the men and women each contain 13 shower baths and four tub baths finished in marble with nickel trimmings. Hot and cold water are on tap night and day and the applicant has the choice of the accommodations for 20 minutes for only five cents. This includes a large towel and soap and the free use of the dressing and toilet rooms.

In the laundry, where the women of the neighborhood can do a large washing by paying 10 cents, there are 32 porcelain bath tubs provided with wringers. An immense oven, heated by gas, stands at one end of the room and in this are narrow racks that can be pulled in and out at pleasure. Three minutes is the schedule time for drying a washing—a big saving of time for the woman who makes her living in this way.

Upstairs on the second floor is the gymnasium, the feature of the building. It is under the special charge of Mrs. Emma L. Zollar, who was formerly physical director at the Allegheny Preparatory school. A running track, basketball equipment, and all kinds of gymnastic apparatus are to be found in the "gym" and in a room at one side are provided 280 steel lockers, five shower baths and a number of private bath rooms.

INSTRUCTION FOR SCHOOL CHILDREN.

Every hour during school sessions a class of 60 or more pupils comes over from the First ward school across the street for instruction in the building up and care of their bodies. The pupils are measured and "sized up" as to deformities, color of eyes, etc., so that at the end of six months the instructor can give a detailed report of their progress. Every Thursday night a class of 150 shop girls meets for instruction. Four nights a week special instruction is given to a class of older boys by a professional athlete. All this is free, the only stipulation being that the visitors shall abide by the rules of the institution and conduct themselves properly.

The building is open week day nights until 9 o'clock and on Saturday nights till midnight. On Sundays it is open from 8 a. m. to noon. Four persons are on hand constantly, a woman matron, an office attendant and two janitors. The annual cost of running the building will be about $4,000 a year, so that the small sum charged for baths and laundry will be far from adequate to meet the expenses.

COMPLETE IN EVERY WAY.

The building, which is pronounced by experts to have no equal in the state in point of completeness of detail and convenience of arrangement, was designed by Architects Rutan & Russell and was built under the personal supervision of Harry B. Naylor, who has charge of all Mr. Phipps' building in this city. When Mr. Phipps returns from his trip abroad it is possible that some more formal presentation may be made.

Almost directly across Rebecca street from this building and facing Exposition park is the Phipps playground, a fitting adjunct to the gymnasium, which has been filled up to a height of 12 feet, making it safe from high water. This work cost $1,000 besides the property. In a few days there will be installed on the grounds horizontal bars, basketball equipment, a running track, climbing ladders, swings, merry-go-rounds and lawn tennis fixtures.

STEAMSHIP HILLTARN IS DELAYED BY A FIRE

Arrives at New York With Remains of Miss Ramsey—The Funeral Arrangements.

[By Private Wire to The Gazette.]

NEW YORK, May 12.—Delayed nearly 20 days on account of a fire which broke out in her hatch, the tramp steamer Hilltarn arrived in port today with the body of Miss Anna Ramsey, the 19-year-old daughter of President Ramsey of the Wabash, who died in Egypt early in April of typhoid fever. The steamer was met at quarantine by Mr. Taylor, secretary to Mr. Ramsey, who brought the remains ashore in a tug. The body is now in an undertaking establishment and will remain there until Wednesday afternoon, when it will be taken to Pittsburgh.

President Ramsey, with Mrs. Ramsey and two daughters, are at East Orange with relatives, having been waiting there for nearly two weeks for the arrival of the body. The party will leave here tomorrow night on train No. 19 of the Pennsylvania, arriving in Pittsburgh at 8:30 Thursday morning.

The Hilltarn was due here some time ago. At Suez a fire was discovered in her hatch and a delay of nearly one month resulted. The body of Miss Ramsey was taken aboard at Port Said. No trouble was had at quarantine this morning, as all necessary papers had been made out beforehand.

C. P. GRENEKER.

The funeral services over the remains of Miss Ramsey, daughter of President Joseph Ramsey, Jr., of the Wabash railroad, will be held Thursday afternoon at 2 o'clock at the residence of J. W. Patterson, Baum and Graham streets, East End. The car bearing the remains will be put on a siding at Shadyside.

Friends of the family and officials of the Wabash railroad to the number of about 20 are expected from St. Louis tomorrow morning, coming in two special cars over the Pennsylvania. There will also be a number of friends from Cincinnati and Chicago.

The funeral services will be conducted by the Rev. Dr. M. Rhodes, pastor of St. Mark's Lutheran church, St. Louis, of which Miss Ramsey was a member.

STRIKERS STOP WORK ON 263 BUILDINGS

Loss in Wages Resulting from New York Strikes Reaches $400,000 a Day.

[By Private Wire to The Gazette.]

NEW YORK, May 12.—Some idea of what the strike among the members of the builders' unions involves, to say nothing of the daily loss of wages, said to amount to $400,000 a day, may be gained when it is known that work on 263 buildings, representing $17,000,000, has ceased.

More than this, the refusal of the striking builders to work has brought the lumber business in Manhattan and Bronx to a standstill and many dealers have decided to close their yards. In spite of the great loss they are suffering daily, the employers of labor in all branches of the building trades show no signs of weakening. All are imbued with a spirit of determination to fight to the end, and with that object in view a score of employers' associations have united to oppose what they call the excessive and unreasonable demands of union labor. These associations represent every branch of the business, from excavating to painting, and their combined capital exceeds $300,000,000. No quarter is to be given and none will be asked, so that the outlook is for one of the most serious strikes in the history of the city. A meeting will be held this week. C. P. GRENEKER.

CORONER M'GEARY IN PHILADELPHIA

PHILADELPHIA, May 12.—(Special.)—Coroner Jesse McGeary of Pittsburgh was here today for the purpose of getting a report from Chemist Eccles, who is making an examination of the stomach and other vital organs of the late Recorder J. O. Brown. Mr. McGeary called upon Mr. Eccles and he also had a long talk with Coroner Dugan. Neither gentlemen would give any information.

[Use Pe-ru-na for Catarrh.]

Pe-ru-na Cures Catarrh Wherever Located.

F. Y. FITZPATRICK, M. C.

The Hon. F. Y. Fitzpatrick, Congressman from Kentucky, writes from the National Hotel, Washington, D. C., as follows:

"At the solicitation of a friend, I used your Peruna, and can cheerfully recommend your remedy to anyone suffering with catarrh or who needs a good tonic."—F. Y. Fitzpatrick.

Chronic catarrh often makes its approach in disguise. Before a person knows it, he may become a victim of chronic catarrh. Its onset may be gradual, its development insidious, but at last the victim finds himself in the clutches of a tenacious disease. A slight cold, a tendency to sneeze, a puffiness in the nose and head, fullness or cracking in the ears, stringy mucus in the throat, slight cough or wheeziness, snoring during sleep: any one of these symptoms should be regarded as a warning.

Peruna is the remedy for catarrh. Almost everybody knows that by hearsay and thousands know it by experience.

What can be cured in the beginning in a week or two by using Peruna, if allowed to become chronic, may require months of faithful treatment. You had better take Peruna now for by and by you may be obliged to take it for some time in order to get well. Now the balmy weather will assist in your cure. You are not liable to catch fresh cold and delay your cure.

C. D. Taylor, Superintendent of Health, Clerk City Board of Health, Jacksonville, Fla., writes:

"The health of the poor of a large city is always a question of vital interest, not only to the city officials, but to every citizen. It has been a source of much satisfaction to me to find that so large a number of working people in moderate circumstances have accepted Peruna as their family medicine. It has cured a large number of cases, especially of catarrh of the head, lungs and stomach, and building up the general health it can not fail but prove a help and blessing to any community where it is generally adopted and used. I have found it an honest, reliable remedy and am pleased to indorse it."—C. D. Taylor, Clerk Board of Health.

Charles B. Scott, County Clerk, Floyd county, Indiana, from New Albany, Ind., writes:

"I have tried Peruna as a tonic and have found it of inestimable value to increase the appetite and induce healthful sleep. It seems to relieve the system of all waste matter and to tone up and strengthen the nerves in a remarkably short time. It comparing it with other nerve tonics on the market I consider it vastly superior, and so do many others who have tried it."—The Hon. Charles B. Scott.

Peruna strengthens weak nerves, not by temporarily stimulating them, but by removing the cause of weak nerves—systemic catarrh. This is the only cure that lasts. Remove the cause; nature will do the rest. Peruna removes the cause.

H. W. OGDEN, M. C.

The Hon. H. W. Ogden, Congressman from Louisiana, in a letter written at Washington, D. C., says the following of Peruna, the national catarrh remedy:

"I can conscientiously recommend your Peruna as a fine tonic and all-round good medicine to those who are in need of a catarrh remedy. It has been commended to me by people who have used it as a remedy particularly effective in the cure of catarrh. For those who need a good catarrh medicine I know of nothing better."—H. W. Ogden.

Hundreds of men of dignity and prominence from all over the United States indorse Peruna.

No other remedy receives such convincing testimonials. Send for free book of testimonials.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

LORENZ METHODS ARE CRITICISED

American Physicians and Surgeons Discuss His Work at Convention.

WILL NOT BE PRESENT

Bad Case of Club Feet, Completely Cured by Lorenz, Exhibited at Yesterday's Session at Washington.

THE PITTSBURGH GAZETTE BUREAU,
Room 10, Postal Building,
WASHINGTON, D. C., May 12.

Harsh criticism of Dr. Lorenz uttered last week at the meeting of the American Medical association in New Orleans has been renewed in Washington at the triennial session of the congress of American physicians and surgeons which opened here today. Champions of the great Austrian and his bloodless surgery have rallied to his support and scoffers are making ready to show how the European professor failed to demonstrate the superiority of his knifeless operations.

Dr. Lorenz was invited to come to Washington from New Orleans and it was thought until today that he would be here. A dispatch to officers of the congress, however, states that the Austrian has gone to Mexico and will be unable to attend the meetings of the sixteen societies which make up the congress.

When President Keen called the congress to order this afternoon he announced that a committee had been appointed to take charge of the project of erecting a memorial in this city to the late Dr. Walter Reed of the army medical department, whose experiments tended to prove that mosquitoes transmit the infection of yellow fever. It is proposed to raise at least $20,000 for the memorial.

At today's session of the Pediatric society, 11-year-old Charles Willett of this city, who last autumn was operated upon for club feet by Dr. Lorenz, was presented as evidence of the efficacy of Dr. Lorenz's method of "bloodless surgery." The boy's feet now are as straight as those of any child and members of the society were asked to compare them with the casts showing their condition before the operation.

The Washington Academy of Medicine concluded its sessions today by electing the following officers: President, Dr. John D. Roberts, Philadelphia; first vice president, Dr. Thomas D. Davis, Pittsburgh; second vice president, Dr. James H. McBride, Pasadena, Cal.; third vice president, Dr. J. T. Searcy, Tuscaloosa, Ala.; fourth vice president, Dr. S. A. Knoff, New York; secretary, Dr. Charles McIntier, Easton, Pa.; assistant secretary, Dr. Alexander R. Craig, Columbia, Pa.; treasurer, Dr. E. M. Green, Easton, Pa.

The Death Roll.

Richard Henry Stoddard.

Richard Henry Stoddard, the author, died yesterday in New York. He was the last of his family, his wife having died about a year ago. His son Lorimer is also dead. Mr. Stoddard had been ill for about a week with rheumatism of the heart, and his death was not unexpected. He was the last of the class of authors that included Lowell, Hawthorne and Irving, and was born in Hingham, Mass., on July 2, 1825. When very young, his mother being a widow, he was taken to Boston to live. He remained there a few years struggling with poverty and then moved to New York. Mr. Stoddard's first employment was an apprenticeship to an iron moulder. He in turn became a lawyer's clerk, a reporter and a bookkeeper. He again went back to the iron moulder and spent his spare hours in reading and studying poetry. His first volume of poems entitled "Footprints," was published in 1849. Mr. Stoddard was married to Elizabeth Barstow, a poet and novelist, in 1850.

Rev. J. R. Sample.

The Rev. J. R. Sample, pastor of the Lutheran church at Punxsutawney, died yesterday morning at his home at Punxsutawney. The Rev. Mr. Sample was a member of the Pittsburgh synod for many years, and was well known as an evangelist and pastor in the eastern section of Pennsylvania. He received his theological education at the Susquehanna university, near Harrisburg, and was graduated and ordained in the ministry of the Lutheran church in 1882. His first charge was at Munsey, Pa. He later held pastorates at Masonor and Montoursville. Three years ago he became pastor of the church at Punxsutawney. He is survived by his wife and four children. Funeral services will be held at Punxsutawney this afternoon at 4 o'clock, at which the Rev. C. B. King of Allegheny will deliver the address.

Mrs. Caroline McMinn.

Mrs. Caroline McMinn, widow of Samuel E. McMinn, died at the family home, Eighth street and Talbot avenue, Braddock, yesterday of congestion of the brain. Her husband died 10 months ago of paralysis in his 70th year. He was known in the western part of this state as the oldest employe of the Pennsylvania railroad. Mrs. McMinn was born in Philadelphia 70 years ago. Her maiden name was Caroline McCahan. She had been a member of the Methodist Episcopal church from her girlhood. She is survived by eight children: Mrs. J. A. McCague of Monongahela City, Samuel G. McMinn of Butte City, Mont., Mrs. J. C. Moore of North Braddock, Harry J. McMinn of Moody street, Braddock; Joseph of Washington avenue, Braddock; Miss Kate McMinn and Mrs. Bert Rose, at home.

Mrs. Mary A. Weldon.

Mrs. Mary A. Weldon, widow of James G. Weldon, a well-known resident of Pittsburgh the time of his death, about nine years ago, early yesterday morning at her home, No. Stratford avenue, East End, after a brief of heart trouble. Mrs. Weldon was a ter of Joseph O'Brien and was born in burgh about 70 years ago. She is sur- by seven children: Joseph A. of the ing firm of Weldon, Kelly & Co.; Rich- , James G., Mary, Emma and Ruth, at and Louis J. Weldon, a resident of Den- Col. Mrs. Weldon was a member of the d Heart Roman Catholic church in Center e, East End.

Mrs. Annie C. McLain.

s. Annie C. McLain, president of the Res- Home association in Third avenue, died yesterday morning of pneumonia at her No. 868 North avenue, west, Allegheny. was an active worker in church circles and a member of the North Avenue Methodist Episcopal church, Allegheny. She is survived by one son, Harry E. McLain, manager of the E. S. McLain Company, fireproof manufacturers.

Obituary Notes.

Dr. Max J. Reinhood, one of the leading physicians of Williamsport, Pa., died yesterday, aged 48.

Jacob Ruhlman, aged 60, of North Lima, O., died yesterday of paralysis. He was among the early pioneers of Mahoning county. He leaves a widow and one daughter.

Frau Parenezy, wife of the manager of the Central theater of Berlin, is dead. As Lucie Verdier she sang in the United States in "Faccucio," "Der Feldmaus" and "Don Caesar de Bezan."

Michael C. Rice of Hampshire county, West Virginia, aged 90, is dead at his late home near Springfield. For nearly half a century he was a prominent figure in public affairs. He was an elder in the Presbyterian church for 40 years. He is survived by his widow.

Miss Sarah Lockmore, a sister of the late Squire R. S. Lockmore of Lower Burrell township, Westmoreland county, died Monday of paralysis. She was 65 years old and is survived by two sisters, Mrs. Mary Donnell of Allegheny and Mrs. Rebecca Adams of Minneapolis, Minn.

The Rev. Peter Anstadt, D. D., the oldest minister in the general synod of the Lutheran church, died at his home at York, Pa., yesterday. At one time he was a member of the faculty of Susquehanna university at Selins Grove, filled a pulpit at Gettysburg and for many years was engaged in the publication of church and Sunday school literature.

FIRE DESTROYS A GLASS PLANT

Loss of $125,000 Is Caused by a Blaze at Washington, Pa.

ORIGIN IS A MYSTERY

It Is Belived That the Flames Were Started by Incendiaries and the Police Are Making an Investigation.

[SPECIAL TELEGRAM TO THE GAZETTE.]

WASHINGTON, PA., May 12.—One of the most disastrous fires in the history of Washington, occurred this evening at the plant of the Atlas Glass & Metal Company, which was almost consumed, entailing a loss of about $125,000. The fire, which is of mysterious origin, is still burning at a late hour, although it is under control, and no other buildings are threatened.

The fire started about 5 o'clock when the flames were discovered in wareroom No. 3. Before the fire company could respond the flames were raging fiercely. The wareroom is 200x200 feet. The steel sides and roof kept the flames confined within the building, and also prevented the firemen from getting at the fire.

Before any water could be turned on the blaze had spread all over the building. The warehouse was stored with thousands of glass jars packed in soft pine boxes ready for shipment and the pine wood and straw packing burned like tinder. The firemen worked to save adjoining buildings, after the main building was doomed.

The fire cannot be quenched for many hours. The insurance is about $65,000.

The local plant of the Atlas Glass & Metal Company was erected in 1895 and is one of the largest in the country. The officers are: President, C. N. Brady of Washington; vice president, W. S. Brady, Wheeling; secretary and treasurer, J. C. Brady, Wheeling. The local company was recently consolidated with the Republic Glass Company of Clarksburg, W. Va. The origin of the fire is attributed by some to incendiaries. The police are investigateing the blaze.

HOLD-UP OF CIRCUS PARADE IN M'KEESPORT

Thousands Were Disappointed When Main's Men Ran Foul of the Police.

The authorities of McKeesport were severely censured yesterday by about 10,000 people, nearly 4,000 of them school children, who were disappointed in not witnessing a parade of Main's circus. It was not discovered that there would be no parade until after the crowds had stood in the hot sun for about two hours. Hundreds of women camped along the supposed route of the parade until noon, when it suddenly became known that the circus people had run foul of the police department and that Chief Rotzsch had refused to permit the parade to proceed. The crowds slowly dispersed after the circus agents had passed along the route and explained the trouble.

The police department made no secret of the fact that demands for complimentary tickets had not been met as liberally as expected. Mayor Falkenstein acknowledged receiving 150 free tickets, and 50 were offered to Chief Rotzsch, but the latter demanded 100. The chief finally got what he wanted, but there was no parade. The circus people say McKeesport is the only city in which they have been refused permission to parade.

Accepts Call to Braddock Church.

The Rev. Almon C. Stengel, rector of the Randolph Street Protestant Episcopal church, New York, yesterday notified the vestry of St. Mary's Protestant Episcopal church, Braddock, that he has accepted the call from that congregation. The Rev. Mr. Stengel has been in the ministry about 12 years and has held the rectorship of a number of churches in New York city. St. Mary's church, Braddock, was erected almost two years ago by Charles M. Schwab, president of the United States Steel corporation, in honor of his mother-in-law, Mrs. Mary E. Kinsey of Parker avenue, Braddock.

How an abscess in the Fallopian Tubes of Mrs. Hollinger was removed without a surgical operation.

"I had an abscess in my side in the fallopian tube (the fallopian tube is a connection of the ovaries). I suffered untold misery and was so weak I could scarcely get around. The sharp burning pains low down in my side were terrible. My physician said there was no help for me unless I would go to the hospital and be operated on. I thought before that I would try **Lydia E. Pinkham's Vegetable Compound** which, fortunately, I did, and it has made me a stout, healthy woman. My advice to all women who suffer with any kind of female trouble is to commence taking **Lydia E. Pinkham's Vegetable Compound** at once."—MRS. IRA S. HOLLINGER, Stilvideo, Ohio.—*$5000 forfeit if original of above letter proving genuineness cannot be produced.*

It would seem by this statement that women would save time and much sickness if they would get Lydia E. Pinkham's Vegetable Compound at once, and also write to Mrs. Pinkham at Lynn, Mass., for special advice. It is free and always helps.

No other person can give such helpful advice as Mrs. Pinkham to women who are sick.

BULLET GLANCES FROM HIS CHEEK

PHILADELPHIA, May 12.—(Special.)—In sight of a crowd of women shopping in the neighborhood of Eighth and Arch streets, at 9 o'clock this morning, Richard Sheekey, aged 26, made a murderous attack on his brother, Patrick Sheekey, aged 36. Patrick, who is a driver of a local express wagon, was shot twice, once in the back under the shoulder blade and again as he turned to face his assailant, in the left cheek. The last bullet glanced off the cheek bone and shattered a plate glass window. The motive for the shooting is unknown.

PRESBYTERIAN TOURISTS LEAVE

Golden Gate Specials Carry Many Pittsburghers to Pacific Coast.

MORE LEAVE TONIGHT

Itinerary Includes All Points of Interest, and the Trip Will Last Six Weeks—Trains Will Run Solid.

A large crowd was at the Union station last night to witness the passing through of the Golden Gate specials being run by the Pennsylvania railroad in connection with the Presbyterian general assembly to be held at Los Angeles, Cal. Three trains left the Union station running as sections of the Pennsylvania limited. On the last section the Pittsburgh contingent got aboard.

About 25 people from Pittsburgh and vicinity comprised the Pittsburgh delegation. They are Miss C. H. Adams, Pittsburgh; Edward M. Adam, West Newton; E. S. Allen and wife, Monongahela City; Mrs. F. G. Brice, Pittsburgh; Miss Margaret Challinor, Pittsburgh; Miss V. M. Goshorn, Pittsburgh; Mrs. J. M. Grable, Monongahela City; Mrs. H. J. Larkin, Pittsburgh; George Lutz and wife, Wheeling; Joseph Lyttle and wife, Monongahela City; Dr. A. M. Pierce, G. M. Pierce and wife, West Elizabeth; Dr. William G. Pierce and wife, Pittsburgh; the Rev. A. J. Ulman, Lisbon, O.; C. W. Wagner and Miss Wagner, Mansfield, O.

TWO BOUND FOR YELLOWSTONE.

The Yellowstone park tour comprises two sections. The Home Mission tour, which will pass through the city tonight, will consist of three sections, and the assembly tour of three sections will go through tomorrow morning.

The Yellowstone park tour will last six weeks and will include all points of interest between here and the Pacific coast. The trip includes a one-week trip through the park.

Each train was made up of seven cars, consisting of a dining car, smoking car, observation car and four Pullman sleepers. Tourist Agent Charles R. Rosenberg, Chaperon Miss Z. W. Beatty, Stenographer Miss Josie Jones and Baggagemaster S. C. Miller accompanied the first section. Tourist Agent Oliver T. Boyd, Chaperon Miss A. E. Brady, Stenographer Miss L. W. Cooke and Baggagemaster John E. Goed were on the second section. They will remain with the tourists until the train reaches New York on their return.

LONG TIME TO LIVE ON THE TRAIN.

The tourists will live on the train during the entire tour, with the exception of 10 days in Los Angeles and the week consumed in Yellowstone park.

Most of the people who will attend the general assembly will leave tonight. The assembly tour has a shorter itinerary and fully 100 will leave from this district via the route of that tour. No person from this district is scheduled to board the home mission tour.

Willis A. Boother and Edwin S. Gray, commissioners to the assembly, left last night over the Pittsburgh & Lake Erie for Chicago, from which point they go to the grand canyon of Arizona for a few days. They return by way of Yellowstone park and Denver.

The principal problem to be taken up at the assembly will be the adoption of the revision of the creed of the church.

GLASSPORT LOTS

Industry Is the Backbone, Foundation and Pivot of a Nation's Prosperity. Pennsylvania Is the Hub and Center of this Nation's Coal, Iron and Mechanical Industries.

Glassport Is at the Heart of Pennsylvania's Greatest Producing Section.

GLASSPORT IS THE INVESTORS' ONE GREAT OPPORTUNITY AND HOME SITE LOCATION.

RAILROADS

Glassport is going to be a great Railroad Center. The P. & L. E. runs right through the town, and is building big terminal yards to handle the enormous volume of freight Glassport's great manufactories pour out. The P., V. & C. runs on the opposite side of the river, and the Wabash, the Goulds' tremendous trunk line, is coming in as fast as they can lay tracks to Glassport.

Coming and going from Glassport is easy, swift and cheap. Street cars connect it with McKeesport, Pittsburg, Duquesne, Braddock and Homestead. Greater Pittsburg and Glassport will soon join hands.

The Goulds are right after Glassport's great, growing freight-wealth, and when the Wabash R. R. reaches there, hundreds and hundreds more of workers and their families will be added to Glassport's present population of 5,000 people.

Right there today is the investor's chance—2,500 Glassport people want homes, and will jump at the chance to live where they work. And fast as Glassport's industries are enlarged (and $5,000,000 more is now being spent) the demand for homes will be phenomenal, and lots bought on Saturday will double and treble in value in short order.

INDUSTRIES

Manufactories are the life and soul of any city—Glassport has six immense national industries, employing 5,000 men, with payrolls that foot up millions of dollars annually. $12,000,000 are there in plants, and even that vast sum is not enough to keep up with Glassport's productive powers—another $5,000,000 is being spent in additions, meaning 40 per cent more output, 40 per cent more workers, and 40 per cent more of actual money to be paid out in construction and wages. Count in the army of people that will crowd in when the P. & L. E. builds its terminal yards, and the Wabash R. R. extension is made—and at the very lowest calculation 3,000 more people will live in Glassport, creating an instant need for hundreds and hundreds more homes. These are facts there is no getting away from.

REAL ESTATE

Glassport Realty Has Enhanced 100 Per Cent in 12 Months. The New Addition

will do better. McKeesport's surplus population is crowding into Glassport—to this live, built-up, lighted, watered, sewered, paved city with schools, churches, bank and every modern adjunct. Professional men, artisans, storekeepers find a ready-made market here. Capitalists, investors find the sound, prime investment of the age. What Glassport has already done is but a drop in the ocean to what Glassport will quickly do.

Many of the great fortunes of America are founded on real estate growth. The Astors, the Mills, other big holders of New York realty, began on the ground floor, and were favored by no such conditions as Glassport now offers. Lots have changed hands again and again there—always advancing. Taking the records of other properties as a guide, where nothing like Glassport advantages were found, it is the simplest sum in arithmetic to work out a safe, tremendous and speedy profit on every dollar put into Glassport's New Addition.

CARNEGIE GETS THE GOOD NEWS

Makes Prompt Reply on Hearing of the Benefit in Common Council.

FORCES PROMPT ACTION

Select Council Meets Tomorrow to Pass Purchase Ordinance. Architect to Be Soon Selected. One Danger Still Exists.

Pittsburg, Pa., noon, May 12.
Gazette, Pittsburg:
Kindly take the good news. Now to business. CARNEGIE.

The news of the happy ending of the bitter struggle and uncertainty of the controversy over the site of the Carnegie school, was wired to Mr. Carnegie across the ocean, by The Gazette Monday night soon after the meeting of common council, and the above message is his answer. It was the first information the donor got of the message received by The Gazette Tuesday was the first to arrive in the city from the ironmaster.

Now to business," is the keynote of Mr. Carnegie's message.

Politics has played its game and lost, and the promoters of the school will soon have a clear field to go ahead and lay plans for the construction of the buildings. This week the city councils will have finally passed the ordinance authorizing the purchase of the site and the measure will probably be signed by the mayor. This will be followed by the introduction and passage of an ordinance transferring the property to the board of trustees of the Carnegie institute.

When this step is taken the site question will have passed out of the control of the city government and it will be up to the trustees of the institute, who are made the sole executors of the wishes of the donor, to push the work on the school forward as fast as possible.

SELECT MEETS TOMORROW.

John S. Lambie, president of select council, stated yesterday that a special meeting of select will be called for tomorrow afternoon at 3 o'clock to pass the purchase ordinance.

W. N. Frew, president of the board of trustees of Carnegie institute, went to Harrisburg early yesterday morning, but other members of the board said that as soon as the site was turned over to the city the trustees would select an architect to prepare plans for the buildings. The leading architects of the country will be competitors, for millions will be spent on the buildings alone.

SCHOOL COSTS FOUR MILLIONS.

Mr. Carnegie has given $2,000,000 to endow the institution and has notified the trustees to draw upon him for all the funds which they want for the buildings. The buildings will probably cost another $2,000,000. This makes the total cost of the school $4,000,000, with the assurance of Mr. Carnegie that he can be commanded for any amount of money that may be required to make the technical school the greatest of its kind in the world.

The committee on plan and scope has already furnished an idea of the extent of the work to be covered by the school. This is based upon information gleaned by experts from visits to other industrial schools of the United States and Europe.

The trustees stated yesterday that the construction of the buildings ought to be started within a year and that some departments of the school ought to be in operation within two years.

NO INJUNCTION FEARED.

There still exists the danger of some person, who has some crankish or selfish spite to vent, of going into court to test the constitutionality of the law under which the site is to be purchased, but this is considered a remote possibility.

"I can hardly believe that any person in Christendom would attempt to do such a thing since the force of public sentiment has been so clearly and emphatically shown," said Councilman W. H. Stevenson, a member of the board of trustees and one of the leading advocates of the purchase in councils.

"Of course there are some cranks in every community who would not stop at anything, but I can hardly believe that there is any person in Pittsburgh or a non-resident property owner of Pittsburgh who would go into court and try to prevent, from using money for the purchase of the site for the Carnegie school. During the debate in councils it was stated several times by the advocates of condemnation that some person might go into court and ask for an injunction to restrain the city from taking the money raised by the 2½ mill tax for extra purposes to buy a technical school site.

Councilman Stevenson stated last night that he had been assured by City Solicitor Moreland that there was no ground of the constitutionality of the Woods law, under which the site is to be purchased, but other councilmen have frequently stated that it was the general opinion among lawyers that these points would be the first points seized upon by the owners if they attempted to take the property by condemnation.

E. A. PECK CHOSEN.

Trainmaster of Connellsville Division Made Superintendent of B. & O. at New Castle.

General Superintendent W. C. Loree of the Baltimore & Ohio announced yesterday the appointment of E. A. Peck as superintendent of the New Castle division of that road. Mr. Peck succeeds H. O. Rumble, who resigned about two weeks ago to become superintendent of the Meadville division of the Erie railroad.

The new superintendent at New Castle is comparatively an old man in the service of that road, having been connected with it since 1876. He came from the Big Four at that time, being one of the officials brought over under the Murray-Cowen regime. He has long been a trainmaster on the old Chicago and trans-Ohio divisions. About eight months ago he became trainmaster of the Connellsville division and has held that position until today, when the new appointment is effective.

Superintendent J. F. Irwin of the Connellsville division said last evening that the position of trainmaster would not be filled, possibly a week, the work in the meantime being done by the assistant trainmasters.

WINTER AND SUMMER WED.

Aged Farmer Takes Out a License to Marry a Young Woman.

Winter and summer were pertinently in a couple who visited the marriage license office yesterday and secured a license to wed. They were John Crispen, a farmer of Clarion county, aged 70 years, and Kattie M. Ashman, of East Palestine, O., 27 years old. The couple gave no explanation to Clerk Walker, other than that contained in the answers to the usual questions which are asked preliminary to the issuance of a license. The woman looked much younger than the age given, and seemed to enjoy the situation, answering all questions with a degree of frankness that surprised the clerks. Crispen did not look to be as old as he is and seemed a strong and well-preserved man.

A NEW CORSET COME TO TOWN.

The Bunch of "American Beauties" Have a Fresh Bud.

At Campbell's a new, cool, summer corset is receiving its first showing in Western Pennsylvania. It is made of the finest batiste, with extended hip, lace trimming, reed boning, with a pair of good, extra strong hose supporters attached. Better than the dollar grade, but not quite up to the standard of the $2 corsets. The price of this new summer "American Beauty" has been fixed at $1.25.

SCHOOL BOOKS ARE CHANGED

Central Board of Education Adopt Text Books Chosen by Committe.

ONE FIRM IS FAVORED

George W. Gosser Objects to Introduction of French and the United Labor League Asks for Union Label on Arithmetic.

Sweeping changes were made in school text books last night by the central board of education. Twenty-eight new books will be installed in the school curriculum, and 22 of these are published by the American Book Company, the so-called school book trust. The books selected will replace other books published by the same company. The central board adopted the report of the committee on text books and course of study without a single alteration. The changes are more sweeping than any introduced for years.

While the committee's recommendations as to changes in books for use in the high schools were adopted without any controversy worth mentioning, six amendments to the list recommended for the sub-district schools were offered, but they were all defeated. The committee recommended books published by the American Book Company, and the amendments sought to substitute books printed by independent firms.

The only members of the board absent were George E. Geyer and John H. McElroy. The list of proposed changes in the high school books was first taken up and was adopted without dissent. The only discussion was when that part of the report recommending books in French and a text book in English history was reached. George W. Gosser contended that the curriculum was extensive enough without introducing French, and that the study of a language in the high school enabled no pupil to speak the language, but Dr. W. H. McElroy said that only one modern language was required in examinations for entrance to college, and that many students preferred French to German. The following is the list adopted for the high school:

Pearson's Latin Prose Composition, Markness & Forbes' Caesar, Dennis & Clark's Chemistry, Dennis & Clark's Laboratory Manual, Fitch's Commercial Law, Hall's Elementary Physiology, Halleck's History of English Literature, Greenough & Kittredge's Virgil's Aeneid, books I. to VI. and Bucolics, with vocabulary; Gilbert & Brigham's Introductory Physical Geography, White's Art of Teaching, Spanhoofd's Lehrbuch der Deutschen Sprache, Fraser & Squair's French Grammar, Jeanneis' Introductory French Prose Composition, Graham's First Steps of Business Letters, Malot's Sans Famille, Buchler's Exercises in English and Miller & Buson's Second Latin Book.

The contest over the list recommended for the sub-district schools was one-sided. A motion to substitute "Mother Tongue" books Nos. 1 and 2, instead of "Steps to English," a trust publication, was defeated, five members voting for the amendment. Those who so voted were J. H. Aufderheide, R. P. Lougheay, John McKain, Robert McMillan and B. W. Stauffer. They voted for all the other amendments and on some ballots were joined by Thomas B. Foley, J. E. Roth and R. G. Wilson. The amendment to substitute the "Educational Music Course" for the "Harmonic Course" was lost by a vote of 24 to 12. The proposition to adopt a reader published by an independent firm was swiftly voted down by a vote of 28 to 7. Thomas B. Foley's motion to adopt a different arithmetic was defeated by a vote of 29 to 7.

A committee from the United Labor league, composed of J. L. Evans, E. A. Magin and J. C. Logue, interposed at this point and said the league wanted an arithmetic which was simple, easy to comprehend and printed by union workmen, and neither of the books proposed filled all these requirements, Mr. Evans said.

The motion to substitute Thomas' for Barnes' history, the latter being recommended by the committee, provoked some discussion. D. L. Gillespie said that a few years ago the public school teachers had criticized Barnes' history, and he wondered what had caused them to change their minds. Numerous inaccuracies, Mr. Gillespie said had been discovered in the book. C. J. Pedder defended Historian Barnes, and Secretary Charles Reisser read a communication from the Grand Army men of New York, certifying to the author's ability, but also read a letter from G. A. R. Post No. 120, of Allegheny, praising Thomas' history. The amendment was lost by a vote of 24 to 12. Then the entire report was adopted unanimously. The list is as follows:

Barnes' Elementary History, Barnes' History, Ridpath's History of the United States, Swinton's Progressive Series and the Normal Speller, books 5 to 8, for the Fourth and Fifth grades. Eggleston's first book in history is to be retained in the lower ordinary schools.

An opinion was read from Attorney E. McGilvy on the recent act of the state legislature to provide for public schools, and it prevents the purchase of books already used. Mr. McKay said the act could be attacked on the grounds of its constitutionality.

The report of Superintendent Samuel Andrews showed that during April 41,000 pupils were enrolled in the city schools with an average attendance of 36,500. The financial report showed that the expenses for last month were $107,253.24. The balance of the appropriation on May 12 was $708,956.24, and the special balance in bank is $13,758.40.

The report of the committee on industrial schools adopted after being amended to provide a gymnasium equipment of any school at which cooking has no drawing desks. The teachers were re-elected. E. R. Smith's industrial training department in the Humboldt schools, Alexander Kerr in the Franklin schools, and Edith Hammott, domestic science and art in the Humboldt school.

BANK CLERKS' OFFICERS.

Election of Governing Board—W. H. Jolly Won Money-Counting Contest.

The Pittsburgh chapter of the American Institute of Banking elected the following officers and governing board at the annual meeting last night in the United Presbyterian Publication building, Ninth street: E. C. Eggers, D. C. Wills, J. C. Schwartz, H. J. Peters and T. A. Mellary.

W. H. Jolly of the Peoples National bank won the money-counting contest in the fast time of seven minutes 45 seconds. Six of the fastest money-handlers were entered in this contest, which consisted in counting 50 $1 bills, 50 $2 bills, $500 in $5 bills, $500 in $10 and $500 in twenties, besides $10 in change of all denominations. This establishes a record the clerks will strive to beat in future contests. J. R. Drake was second and C. McGeagan third. C. A. Bolton, the Farmers' Deposit Bank, was the winner of the most proficient in the knowledge of banking practice. Next in order followed by the other contestants in the order of their appearance. The chapter is now [illegible] members and enters upon its [illegible] year since organization.

Opposed to a Greater Braddock.

At a meeting of residents of Braddock, North Braddock and Rankin last night in Carnegie library hall, Braddock, the North Braddock and Rankin residents were so strenuous in their opposition to the proposition to organize a greater Braddock that the question which has been advocated by many Braddock business men for some time will likely be allowed to drop. The meeting was held under the auspices of the Braddock chamber of commerce.

Suspects Escape on a Train.

When the South Side police attempted to arrest three young men on a charge of stealing brass yesterday afternoon two of them jumped a passing freight train at the foot of South Thirteenth street and escaped. The third, Joseph Gubigard, was arrested. It is alleged he had three pieces of brass in his possession which it is believed belonged to the plant of the Monongahela Tin Plate Company on the South Side.

Suspects Arrested in McKeesport.

Four men are in jail in McKeesport on a charge of larceny preferred by Haber Bros., clothing merchants. Jerry Jackson and John McGirk, two of the men under arrest, wore some of the articles stolen, it is said. Detective Percy Anderson yesterday got in an abandoned coal mine near Dravosburg and took from it a large box bearing Haber Bros.' name. J. F. Quinby and William Hubbell are the two other men under arrest.

He Seemed Ready to Steal.

A man was discovered yesterday hiding in a second-story room at Peter McGee's residence, Washington street and Webster avenue. Policeman Adolph Bechtold was summoned and arrested him. When searched a loaded revolver was found on him. He gave his name as William Moreland, 17 years old, and said he arrived in the city from Riddlesburg, Pa., on Monday.

DID NOT ELECT NEW OFFICIAL

Supt. A. D. Lloyd Resigned From the South Side Hospital.

OLD BREACH IS OPENED

Executive Committee Advised a Change, but the Board of Directors Failed to Name a Successor.

The second act which seems to exhaust the South Side possibilities, again curtained at a meeting last night, when the board voted to accept the resignation of Superintendent A. D. Lloyd, and then failed in the election of a successor. There was not a full attendance of those opposed to Superintendent Lloyd's administration and further action was postponed until next week. In the meantime, strenuous measures will be taken to have Mr. Lloyd remain, but there is little likelihood that he will decede to this unless the salary of the office is increased.

Mr. Lloyd is the sixth superintendent that the hospital has had in its comparatively brief existence. Several weeks ago objection was made to him by a certain element in the board. No specific charges were made, but some of the members declared that "it was time for a change."

LLOYD'S ADMINISTRATION INDORSED.

The same complaint had been made before and those who challenged Mr. Lloyd were cautioned, for the good of the institution, to make haste slowly. They took counsel among themselves and decided to accept the offer of the superintendent's resignation. Mr. Lloyd made arrangements to go into business for himself, and his letter declining the office was forthcoming last night.

In the meantime the regime of Mr. Lloyd got several unexpected "boosts." Col. E. B. Chambers of the auditor general's department called at the hospital last week on his periodical round of various institutions, and after examining the books wrote the following indorsements:

"First. The books are in good condition.—E. B. Chambers."

"Second. I find this institution in as good condition as any in the state.—E. B. Chambers."

The meeting last night promised to be lively and those who assumed to "run" the meeting as a reception debate were not disappointed. The friends of the superintendent referred to Col. Chambers' report, but his opponents turned down Gov. Martin Prenter, chairman of the executive committee, signed for the new appointment at the office and of the meeting fearing that trouble might arise when a change was effected. Just then a petition from the members of the hospital staff was presented asking the board to retain the present official.

DIRECTIONS ARE FOR LLOYD.

Prenter again took the floor and told how everything grows by evolution and change. He was interrupted by a messenger boy who knocked at the door and handed in another petition. This paper was signed by every prominent physician of the South Side and the Hilltop districts. It set forth the improvements accomplished by Mr. Lloyd and urged that too many changes would be unfavorable to the institution's welfare. Then a vote was taken and the letter of resignation was accepted.

It requires a majority of the entire board to elect a new superintendent and action on the selection was postponed. After the meeting Mr. Lloyd said: "The petitions from prominent physicians came as a surprise to me. I have arranged to go into business after June 1, when the resignation goes into effect, and could not agree to remain if the present salary."

Lyceum Festival Closes Tonight.

Preparations will be made today to have a rousing close of the May festival in the basement of old St. Paul's cathedral under the auspices of the cathedral lyceum. The biggest crowd of the festival is expected, as all the articles donated and on raffle will be disposed of tonight. The festival has proved a success.

LEAGUE GAMES TODAY.

Pittsburgh at Philadelphia.
Cincinnati at New York.
Chicago at Brooklyn.
St. Louis at Boston.

[By Associated Press to The Gazette.]

PHILADELPHIA, PA., May 12.—For the first time in over two weeks the champions had out their regular team today. Wagner being at short and Sebring in right field. The team showed some of its old time form and had little difficulty in defeating the Phillies 8 to 5. Defeat has become so common to the Philadelphias that they took it as a matter of course, and when they got men on bases they did not appear to care whether they remained there or not. Only the first four men on the batting order got hits off the old-timer, Bill Kennedy. Something will have to be done to strengthen the local team, or they may as well close their gates. Only 2,200 were present to see the game today.

Pittsburgh took things easy, but at that, they played good, steady ball. Hans Wagner was all over the field, and not a ball that came within reach got away from him. He accepted all of 13 chances, some of which were very difficult. Other features of the game were running catches by Clarke and Sebring and magnificent stops by Hulswitt and Leach. Clarke's catch robbed his old team mate, Zimmer, of a three-base hit. Hulswitt also played a nice game at short for the Phillies, making one great catch of a foul fly from Wagner's bat.

Kennedy started out wild, and two bases on balls, followed by a safe bunt, filled the bases. Keister drove a long single to right, scoring Thomas and Barry. Keister was caught trying to steal, Bransfield was out at first on a grounder to Wagner. Hallman went out the same way, leaving Douglass on third.

Pittsburgh scored one in the second. Leach reaching first on a wild throw by Hulswitt, and came home on Ritchey's two-bagger to right. Pittsburgh took the lead in the third. Beaumont walked and scored on Clarke's double. Wagner singled, sending in Clarke. A single by Bransfield put Hans on third, and he crossed the plate while Leach and Bransfield were being doubled up on the bases.

Burchell relieved Fraser in the fourth, but Pittsburgh kept sending men over the plate. Ritchey started the fourth with a pass. Phelps' hit bounded over Hulswitt's head and Kennedy sacrificed neatly. Beaumont's long fly brought Ritchey home. In the fifth Wagner singled. Thomas made a two-base muff on Bransfield's fly. Ritchey's long fly to Thomas scored Wagner.

A three-bagger by Barry and Douglass' single earned a run for the Phillies in the sixth. Bransfield's single, Leach's safe bunt, Ritchey's sacrifice and Kennedy's single gave Pittsburgh two in the seventh. The Phillies also got two in the same inning on Zimmer's pass, singles by Thomas and Barry and Ritchey's muff of Douglass' fly. Kennedy gave two passes in the ninth, but the Phillies could add nothing to them. The score:

KLING BATTED HARD.

The Chicago Team Took the Opening Game from Brooklyn.

BROOKLYN, May 12.—Chicago outbatted Brooklyn in the opening game of the series at Washington park today and won by a score of 6 to 3. Kling made a home run in the sixth inning, scoring Lowe ahead of him. He also made a three-bagger in the eighth, but got no further, as he was caught off third base. Score:

WON IN THE NINTH.

Mathewson Let Down and Reds Took the Game.

NEW YORK, May 12.—The New York and Cincinnati game today was unusually well played. Up to the eighth inning not a single hit was made off Mathewson, who struck out 13 men, the season's record so far. In the ninth inning the visitors hit him consecutively for four earned runs and won the game. The local team also scored a run in this inning. Score:

Top Notch Price for Colt.

GREENSBURG, PA., May 12.—(Special.)—Thomas C. Rodgers of Bellevue has purchased from A. B. Moore of Greensburg "Albert M," a two-year-old colt, by "Pet" Watson, for $825, and "Edna Atwood," by the same sire, for $500. The price given for "Albert M." is the highest ever paid for a two-year-old colt in Westmoreland county.

PITTSBURGH COLLEGE LOSES TO HOMESTEAD

Risher's Team Again Has Kilgallen to Contest With, and Again Win.

The Homestead Library Athletic club won a very exciting game yesterday afternoon from Pittsburgh college on the college campus. The interest in the game ran high from beginning to end and Risher's professionals were given a very bad scare. Kilgallen was on the rubber for the collegians and was not so effective as in the first game, being found for 12 safe hits. The collegians hit Patterson in the first six innings for 12 safe ones, but after the sixth both he and Kilgallen settled down and the scoring stopped.

In the eighth, with the score standing 7 to 5 in favor of H. L. A. C., the bluffites had an excellent chance of winning the game. The bases were filled, with one man down and Kilgallen to the bat. He hit the ball hard to Patterson, who neatly fielded it and, threw Frankenberry out at home. Davin, the next batter, could not better the collegians' position, going out on a pop fly to Torreyson.

The fielding game put up by both sides was of the professional order. Herrly, Davin and Frankenberry for Pittsburgh college and Cosgrove and Raley for H. L. A. C. distinguished themselves. The ball was hit hard throughout the game. Tate, Cosgrove, McChesney, Frankenberry and Herrly did the best stick work. Score:

WILL FIGHT THE STONEMASONS

Bricklayers Decide to Put Seceded Organization Out of Existence.

GIVEN A FEW DAYS' TIME

At a meeting of the members of locals Nos. 2, 4 and 31 of the Bricklayers and Masons' International union, in Forbes street Turner hall last night it was decided to fight the National Stone Masons' union to a finish. The decision rendered was that a few days will be given the members of the independent organization to join the bricklayers' locals, and, failing to do so, they must keep their hands off all work in Western Pennsylvania.

The National Stone Masons' union is affiliated with the Building Trades council, while the bricklayers' organization is independent of any affiliation, and the fight will be about equally divided in point of number.

The bricklayers have a local of stone masons and the National Stone Masons' union has seven in this territory. The Building Trades council has no bricklayers affiliated with it, but it has the plasterers, stone cutters, hoisting engineers, plumbers, steamfitters and several other allied trades.

The threat of the bricklayers is that if the seceded stone masons fail to affiliate with the Bricklayers and Masons' International union within the next few days it will notify the contractors to discharge all the National Stone Masons' union men and employ nothing but those affiliated with the bricklayers. Failing to do this, all the bricklayers will be taken off the work.

The Building Trades councils, if the members of the National Stone Masons union are discharged, threatens to pull out all the allied trades. As a result, all construction work in Western Pennsylvania is likely to be at a standstill until one faction wins the battle.

The bricklayers declare they can furnish all the stone masons wanted, and the Building Trades council say that it can secure more bricklayers than are members of the bricklayers' union.

The fight was started by the bricklayers refusing to permit their members working with members of the National Stone Masons' union. The bricklayers refuse to affiliate with the Building Trades council, while the bricklayers' organization is independent of any affiliation, and the fight will be about equally divided in point of number.

The fight was started by the bricklayers refusing to permit their members working with members of the National Stone Masons' union. The bricklayers require all stone masons to be members of their union or they will not work with them.

This practically means that stone masons must belong to both organizations or seek work elsewhere. Both organizations are strong in Philadelphia and Chicago and the trouble may extend to those cities.

After a meeting, George Gubbins, president of the Bricklayers' and Masons' International union, said:

"The unions decided that they would stand pat by the national president and accept any arrangements he makes to settle the present trouble. One more chance will be given the stone masons to join our organization."

BIG LUMBER PILE WENT UP IN SMOKE

Fire of unknown origin caused the loss of about $8,000 worth of lumber at West Park, near McKees Rocks, last night. The lumber belonged to Martsolf Bros. and was kept in a shed. Houses adjoining the lumber shed were saved by members of the McKees Rocks volunteer fire department and citizens forming a bucket brigade.

BECAUSE OF DECISION SHADYSIDE LEAVES FIELD

Most Unsatisfactory Game at East Liberty's Park in Wilkinsburg.

The game between the Shadyside Academy and East Liberty Academy nines yesterday at D. C. and A. C. park, Wilkinsburg, came to a very unsatisfactory ending at the begining of the eighth inning when the score was 12 to 9 in favor of Shadyside. The players on both sides fought the decisions of the umpires, which resulted in Shadyside leaving the field and the decision going to East Liberty. Shadyside, which went to bat first, got Brooks to third. Updegraff waited, and when he reached the bag he played off far. Henderson feigned to throw, but did not. Updegraff ran to second and beat the throw. The Shadyside coach claimed a balk, registering a kick also after the side was retired, and threatened to leave unless it was given. This dispute lasted for one-half hour, and finally resulted in Umpires Hill, the football player, and Bell of Wilkinsburg, in throwing up their jobs. Unger was agreed upon to finish. Almost every decision Unger made was objected to.

Hull was the first man to face Youngson in the eighth. He hit to Price, who threw to first, and was called safe. When Unger yelled his decision a rush was made toward him by the Shadyside infield. Soon the diamond was one mass of swaying humanity. After a long argument Shayside threw up the sponge and the game was called. Unger giving the decision to East Liberty. It was dusk when the game was stopped, the teams being on the field four hours. Score:

WORKING HARD TO SPREAD GOSPEL

Women's General Missionary Society Holding Convention in Allegheny.

MANY DELEGATES HERE

The 20th annual convention of the Woman's General Missionary society of the United Presbyterian church of North America opened last night in the First church, Allegheny, where 20 years ago the society was organized. The church is prettily decorated. Encircling the balcony rail is a large banner with the words: "Evangelization of our own friends in this generation." Both ends of the banner were draped with the stars and stripes.

The session opened with devotional exercises, Mrs. John A. Wilson, president, presiding. Greetings and addresses of welcome were delivered by Mrs. H. C. Campbell, president of the woman's association; Mrs. Anna R. Herron, president of the woman's board, and Mrs. W. J. Robinson of the Allegheny Presbyterial. The response was by Mrs. John A. Wilson, who spoke of the appreciation by the delegates of the splendid preparations made for their entertainment and comfort.

The address of Mrs. George M. Moore of Xenia, O., was in part: "All that God has revealed to us through nature and through revelation is a declaration that the essence of His creation is law. No secret thought of man takes place, and no great exhibition of natural force is accomplished except in accordance with the laws which He has established. Law inexorably dominates everything, and this law in its highest manifestation is Love.

"The various missionary enterprises of our church will progress or languish according to how we bring to them offerings of ourselves. The law of self-giving and self-obliteration in nature, our Lord illustrates. Christian missions are the greatest undertakings ever presented to the mind of men. The mission has for its inspiration the eternal counsel of God, and for its authority the divine command to proclaim the gospel in all the world to every creature."

The roll call showed that a large percentage of the delegates from all parts of the country were present. With the president the other officers present were: Mrs. W. A. Spaulding, first vice president, Seattle, Wash.; Mrs. John A. Wilson, second vice president, Pittsburgh; Mrs. Mary W. Porter, secretary, Latrobe, and Miss E. J. Sloan, treasurer, Pittsburgh. A committee on credentials was appointed as follows: Mrs. E. D. Brum, Mrs. T. D. Mellons, Mrs. R. S. Smith and Mrs. J. B. Hall. The conference will be continued this morning.

PASTORS APPOINTED.

Primitive Methodist Conference at Hazelton Makes Assignment.

HAZLETON, May 12.—The following are the appointments made at the closing session of the Pennsylvania Primitive Methodist conference this afternoon:

Lees; Pittsburgh, First church, J. M. Roseigh; Second and Third churches, H. Mallick; Carnegie and Shawnee, in care of district; Irwin, Mrs. M. A. Morgan; Glenricky and Faunce, J. R. Fritchard.

WILL RETIRE BONDS.

Plan for Reorganization of United States Shipbuilding Comany Completed.

NEW YORK, May 12.—A plan of readjustment of the United States Shipbuilding Company has been submitted to some of the larger bond and shareholders. It provides for the retirement of the $10,000,000 collateral trust 5 per cent bonds, which are largely held by Charles M. Schwab; the $30,000,000 of preferred stock and $25,000,000 of common stock, to be replaced by a uniform issue of new common stock.

It is understood that Mr. Schwab is in a measure responsible for the terms offered. The bonds which he holds were given in part payment for the Bethlehem Steel Company, and have voting power. The terms were said today to provide for the exchange of all the securities mentioned for new common stock, on the following tentative basis: Collateral trust bonds, to receive 100 to 110 in new stock; present preferred stock, to receive new common at the rate of 15 to 20 per cent of present holdings; present common to receive new common at the rate of 2 to 5 per cent. Arrangements will probably be also made to obtain $3,000,000 of fresh working capital.

ELECTRO-MAGNETINE

AN ELECTRO-MAGNETIZED AND AMMONIO-CAMPHORATED

CREAM LINIMENT

A MARVEL OF REMEDIAL EFFICACY AND

A BOON TO BOTH MAN AND BEAST.

THE OUTCOME OF TWENTIETH CENTURY ADVANCES IN

ELECTRO-CHEMICAL SCIENCE.

POSSESSED OF MARVELOUS PROPERTIES.

ELECTRO-MAGNETINE is believed to be the only preparation yet devised for curative purposes endowed with such peculiar properties that when applied to any part of the human body, accompanied with brisk rubbing with the naked hands, it causes an active and energetic electro-magnetic action to be set up in the parts to which it is applied.

The wonderful potency of this peculiar form of electro-magnetic force, individual, or animal, magnetism, or whatever it may properly be termed, in curing certain forms of human maladies has been demonstrated beyond the possibility of doubt.

Whether ELECTRO-MAGNETINE is actually charged with electro-magnetic properties infused into it in the process of manufacture, or whether it serves merely as a medium through which electro-magnetic forces are developed by active rubbing and which are, through it, transmitted or applied to the parts operated upon, we are not yet quite prepared to say, but of one thing we are certain, viz: That the combined use of ELECTRO-MAGNETINE with active rubbing is much more efficient in a curative way than either of these agencies employed separately.

The free application of the ELECTRO-MAGNETINE to **Swollen Joints,** accompanied with vigorous rubbing with the bare hands, sets up in the affected parts such an active electro-magnetic action as to greatly promote the circulation of the blood through the swollen parts and thereby hasten absorption and consequent reduction of swelling, stiffness, soreness and pain.

IMPORTANCE OF THOROUGH RUBBING.

Too much stress cannot be laid upon the importance of thorough and vigorous rubbing of the affected parts after a free application of the ELECTRO-MAGNETINE. In fact, the brisk rubbing should be kept up until the surface to which the ELECTRO-MAGNETINE has been applied has become quite dry and wholly free from the lubricated feel and glossy look due to the application of the **Cream Liniment.** In all **Chronic,** or long standing, **Swollen,** or **Enlarged** Joints, the thorough course of treatment above directed should be applied two or three times a day.

WEAK BACKS MADE STRONG.

By a somewhat protracted use of ELECTRO-MAGNETINE, accompanied with thorough rubbing, or massage, weak backs are made strong; **Sore Muscles** and **Lame Backs,** whether arising from strains, over-exertion or **Rheumatic Conditions** of the system, are relieved, as if by magic, by the thorough application of this remedy. Foot-ball and base-ball players are amongst those loudest in their praises of it as giving most prompt relief from **Muscle pains, Lameness** and **Soreness** caused by over-exertion and strains.

Especially has ELECTRO-MAGNETINE proven its power to cure **Obstinate Cases of Swollen** or **Enlarged** and **Stiffened Joints,** whether arising from **Rheumatic, Gouty** or other conditions of the system, which cause inflammation, effusion and consequent enlargement of the joints.

IN ALL CHRONIC OR LINGERING AFFECTIONS,

For the cure of which ELECTRO-MAGNETINE is recommended, it should be thoroughly applied two or three times daily, as above directed—not omitting thorough rubbing with the bare hands.

OWNERS OF LIVE STOCK

Should know that ELECTRO-MAGNETINE is quite as effective, in a curative way, when applied to **horses** and **cattle** suffering from **Sprains, Bruises, Lameness, Swollen** or **Stiffened Joints** and kindred affections, as when applied to human flesh.

FIGHT ON OVER HEADQUARTERS

Cedar Rapids Makes Game Effort to Remain Chief City of Conductors.

THE CONVENTION OPENS

By the Hundreds Railroad Men, Wives, Daughters and Friends Take Possession of Pittsburgh and Start Business Sessions.

Serious divergence of opinion in the Order of Railway Conductors developed on the first day of the convention which opened here yesterday, although it has not yet reached the organization officially. The point in dispute is the location of the national headquarters. Cedar Rapids, Ia., is the traditional headquarters of the order. Washington, D. C., is being boomed for the honor by a large contingent, but its claims are being fought as bitterly as they are being strongly advocated. The Cedar Rapids Commercial club, the board of trade of that city, has rented permanent headquarters, adjoining the other headquarters rooms of the convention in the Monongahela house, and is making the fight of its existence to keep the order in Cedar Rapids.

By the hundreds railway conductors, their wives, daughters and friends showed up yesterday at the Monongahela House, at Old City hall, where the business meeting was held, and at the Alvin theater, where the convention of the Ladies Auxiliary started. The streets were full of those wearing the badges of the orders yesterday, and every courtesy is being shown the large number of visitors. The business of the day was done in the afternoon, and the evening was devoted to a public reception at the Pittsburgh Carnegie Music hall.

GOOD GAIN IN MEMBERSHIP.

When Grand Chief E. E. Clark called the first business meeting to order, shortly after 1 o'clock yesterday afternoon at Old City hall, there were upwards of 400 delegates present. About 100 more arrived later in the day and will be present at the rest of the meetings. Grand Chief Clark's report showed a gain of 17 locals in the two years and a membership increased by 4,636 net.

The delegates were much disappointed that the proposition for a permanent home for disabled members, to be established through the joint efforts of the various railway brotherhoods, had not met the hearty support of other organizations. The conductors were active in starting the movement and to see it a failure was not to their liking. The order is now taking care of about 80 members at an expenditure of $24,000 a year. The conductors paid out $1,206,000 in 583 insurance claims in the two years ending December, 1902.

Grand Junior Conductor L. E. Sheppard, Assistant Grand Chief Conductor A. E. Garretson and Grand Senior Conductor Charles E. Wilkins are absent from the convention, being engaged in various parts of the country on official business.

TODAY'S ENTERTAINING PROGRAM.

This morning at 8 o'clock the delegates and visitors will leave on a special train for Charleroi to visit the works of the Pittsburgh Plate Glass Company. It was originally planned to make the trip this afternoon, but as that would interfere with the business session, it was changed last night. The train will return at 1 o'clock. An important business session will be held in the afternoon. This evening Allegheny division, No. 314, will tender the officers, delegates and visitors a reception at Waldorf hall, Sandusky street, Allegheny.

Tomorrow will be Brotherhood of Locomotive Firemen's Day. They will entertain the delegates and visitors with excursions on the Monongahela river. The steamer Mayflower will leave the foot of Market street at 8:30 a. m., returning at 5 p. m. and leave again at 8 p. m. and return at 12. Luncheon will be served on the boat and music and dancing will be the order.

The Ladies' auxiliary opened their convention in the Alvin theater yesterday afternoon. It was in the nature of a reception to the delegates and visiting ladies and an interesting program was rendered. This afternoon the business sessions of the Ladies' auxiliary will open in Thuna's hall in Fifth avenue. The meeting will be called to order at 1 o'clock by Grand President Mrs. J. H. Moore and the afternoon will be spent in seating the delegates and preparing for the more important business tomorrow. One of the principal questions to come before the ladies is the proposition to increase their death benefit from $300 to $500.

AUXILIARY TO BE BANQUETED.

Tonight the Robert Pitcairn and Hazelwood divisions of the Ladies auxiliary will give a banquet in the Monongahela house in honor of the grand officers, delegates and members of the local divisions. Preceding the banquet a reception will be given from 8 to 10 o'clock. Mrs. W. R. Rise will be toastmaster. The delegates to the auxiliary convention number about 200.

About 3,000 persons were present at the reception tendered the officers, delegates and visitors last evening. A surprise was sprung in the course of the evening when A. C. Robertson on behalf of the Order of Railway Trainmen, presented to the O. R. C. an unusually handsome silk flag of large size.

After an opening organ selection by H. P. Ecker, prayer was offered by the Rev. S. Edward Young. James Francis Burke then spoke on "Pittsburgh." Assistant City Solicitor John C. Blair represented Mayor W. B. Hays, who was unable to be present. W. J. Burke, chairman of the transportation committee, was similarly deputized by Mayor Wyman of Allegheny, who sent a huge key as the open sesame to the city of Allegheny. Responses to the addresses were made by Grand Chief Clark and by Mrs. J. H. Moore, grand president of the Ladies' Auxiliary. Letters of regret were read from President Roosevelt, Gov. Pennypacker and several other men of prominence.

MAYOR WEAVER WILL TAKE REST

PHILADELPHIA, May 12.—(Special.) Mayor Weaver, while apparently suffering no ill effects from the fainting spell that seized him last night while addressing a church gathering, remained at his home today by the advice of physicians. Many anxious inquiries were made today at Mayor Weaver's residence and at his office in the city hall by callers, who were solicitous over his condition. The mayor and Mrs. Weaver will leave tomorrow for Seaside Park, where they will remain for some time.

Money for Jewish Sufferers.

Many local fraternal organizations are taking up collections for the Jews or Russians who suffered by the recent massacre, and it is expected that a good-sized sum will be realized. Montifiore Lodge, No. 794, I. O. O. F., which meets at Fifth avenue and Chestnut street, has donated $25. Banner Lodge, No. 399, Knights of Pythias, whose hall is at No. 1802 Fifth avenue, has given a like sum.

Gifts Wanted for a Worthy Cause.

A country home has been rented by the managers of the Day Nursery and Temporary Home for Children, at No. 207 West Ohio avenue, Allegheny, and children will be sent there during the hot weather. They need floor coverings, chairs, dishes, cots and cribs, and have appealed to persons owning such articles that are not in use, to donate them. The articles can be left at the home, or if word be sent there they will be called for.

MUTH REFUSES TO GIVE UP NORTHSIDE BOX

Former Police Chief's Stand Contrary to City Solicitor's Opinion.

Indications of what appears to be a desire to keep secret the doings of the police department under the Murphy administration were made public yesterday by Supt. M. H. Campbell of the Allegheny police when he confirmed reports that some of the books kept by Supt. Muth were missing and that a police docket covering events of more than three years had been found in a mutilated condition. Supt. Campbell says also that a number of pictures of crooks had been mysteriously taken from the rogues' gallery in City hall.

The book that started an investigation was found by Capt. Sidney Brauf in a pile of waste paper in the cellar of the building several days after Mayor Wyman took office. The book was turned over by Brauf to Supt. Campbell and has been in his possession since. From the book were torn 145 pages, records of all the robberies for more than two years in Allegheny. The book also contained names of those suspected of the crimes and was of value in referring to past records of thieves.

It also was discovered by Assistant Superintendent John Glenn that the suspension book of the police bureau was missing and that the record of amusement licenses granted for the last three years could not be found. Supt. Campbell said last night that he had asked former Supt. Henry Muth about the two books and had been told by the latter that they were his personal property and that it was not his intention of surrendering them. City Solicitor S. G. Porter said the books belonged to the city and not to any individual, whatever his past or present position. The loss of the contents of the docket, Supt. Campbell says, is of some importance, as it will prevent any research into the past records of thieves that have operated in Allegheny.

The suspension book, Supt. Campbell says, will be of little loss, as the past records of officers would influence him but little in his future actions toward them. Why the amusement license book should be taken or why pictures should be removed from the rogues' gallery Supt. Campbell says he does not know.

A new docket and police suspension book have been opened in Allegheny and the amusement licenses are secured now from the director of public safety. Detectives Thomas C. Johnson and Leon Einstein are replacing the photographs taken from the rogues' gallery, and the entire loss, Supt. Campbell says, will never be felt.

Tried to Suspend McGowan.

Members of Glassport council are making an effort to have Chief of Police Edward S. McGowan, who is under bail for appearance in court to answer two charges of aggravated assault and battery, suspended indefinitely. The matter was brought up at a meeting of council Monday night, but McGowan's friends were in the majority and the chief was not suspended. Chief McGowan defended himself, and claimed that the charges against him were simply trumped up to injure him and that he had only done his duty.

McKeesport Masons Want a Temple.

Members of the Masonic fraternity of McKeesport have started a movement to erect a handsome temple. A stock company is in progress of formation, for the purpose of raising the money to build it. There are about 500 Masons in McKeesport who are now occupying rented quarters. Plans for the new temple include club rooms, lodge rooms, auditorium, buffet and other conveniences, as well as some store and office rooms.

16,000 SUITS—16,000 BARGAINS

When the big crowds came to see for themselves that we were selling the celebrated Warner Bros.' clothing away below the cost of manufacture the excitement was unbounded. Never before were such bargains offered the public. Our success has been tremendous. This great sale is still going on. When Warner Bros. failed they had over 16,000 suits on hand which we bought. Few concerns were able to bid on so many suits and we got all at practically our own figures. But the stock is entirely too large for our space. We must sell every suit, and sell quickly. We are selling all these high grade, merchant tailored goods for less than the materials cost.

YOU CAN ORDER BY MAIL.

Don't miss this opportunity. If you can't come, write to us. Prompt attention will be given all orders accompanied by cash or postal money orders.

WE HAVE YOUR SIZE.

We bought so many suits that we are sure to have your size in almost anything that especially strikes your fancy. All these suits are the latest in fashion. The materials are the best the mills turn out.

We Can't Keep These Goods.

The prices at which we sell these suits do not by any means represent their actual value. If we sold them for what they would bring in other stores we would make a large profit here. We can't afford to have these goods occupy so much space in our establishment, hence the unheard-of bargains to you.

It's Up To You.

Such bargains as we offer you are rare. You had better come with a rush if you are coming. Don't delay an hour. It would pay you to take a day off rather than to miss this sale. Remember, all these goods are strictly high-class. If you don't need the suit now it would be an excellent investment if you bought it now and laid it away for a year or until you need it.

You Buy What You See.

When you look in our show windows and see what excellent goods you are getting for your money you may not believe that you are getting the same thing in the store. We will sell you anything in the show windows exactly at the prices they are marked. Or you can make any comparisons you like.

Here is something particularly tempting. Men's light colored fancy check suits, sold at wholesale by Warner Bros. at $7.75 each—Our special sale price... $4.98

Men's Bannockburn, fancy cheviot, rich dark shade, the kind you can comfortably wear 12 months in the year; Warner Bros.' wholesale price $7.85—Our special Sale price..... $4.98

Men's dark gray velour cassimeres, very durable and dressy; Warner Bros.' wholesale price $8.00—Our special sale price..... $4.98

Men's shepherd plaids, worsted suits, very much sought after this season; sold at wholesale by Warner Bros. at $7.50—Our special sale price..... $4.98

It will pay you to take a look at these Men's new narrow stripe, fancy cheviot suits. Warner Bros. sold them wholesale at $9 each—Our special sale price.. $4.98

For the swell dresser nothing can approach this offer: Men's blue, all-wool double-breasted serge suits, silk faced, fast color, sold by Warner Bros. at wholesale at $10.75 each—Our special sale price..... $5.98

Men's blue flannel suits for motormen and conductors, very durable and natty looking—Our special sale price..... $5.98

Men's mottled fancy cheviot suits, all wool and will look well until worn out; sold at wholesale by Warner Bros. at $10.75—Our special sale price..... $5.98

For Sunday and other "dress up" occasions or for the hardest kind of wear, buy one of these: Men's fancy cassimere suits of the new mixed goods, strictly all-wool, Warner Bros.' wholesale price $9.00—Our special sale price..... $5.98

Men's Tricot long suits, strictly all-wool, very much in vogue this season and up-to-date in every way. Warner Bros.' wholesale price $9.75—Our special sale price..... $5.98

Fashionable young men will appreciate our Men's genuine homespuns, Scotch cheviot suits sold at wholesale by Warner Bros. at $12.50—Our special sale price..... $6.98

Men's blue rough cheviot suits for particular men, sold by Warner Bros. at $12, wholesale price—Our special sale price..... $6.98

Men's black and white pinhead, all-wool cassimere suits, very much in demand all the time; Warner Bros.' wholesale price $12—Our special sale price.. $6.98

If you have all the clothes you need it will pay you to buy one of these suits and lay it away until you do need it; Men's fancy Scotch cheviot suits, sold at wholesale by Warner Bros. at $12.50—Our special sale price..... $6.98

Men's drab Washington mills clay worsted suits, made with yoke, very popular this season; Warner Bros.' wholesale price $12—Our special sale price..... $6.98

Here is something effective: Men's black cheviot suits, fancy stripes, sold by Warner Bros. at wholesale at $12.50—Our special sale price..... $6.98

Men's pure Indigo Washington blue serge, exceptionally well made and very fashionable; Warner Bros.' wholesale price $16.50 and sold by some retailers at $20—Our special sale price..... $6.98

Everybody knows that clothing made by Warner Bros. is the best in this country. We have about 3,800 men's and young men's suits of Warner Bros.' best merchant tailor make. They include all the new military cut, hand-padded breast and shoulders, hand-felled collar and hand-made buttonholes. The patterns are all new and exclusive. These suits sell at

$7.98, $8.98, $9.98, $10.98

NOTICE TO ALL CUSTOMERS

You will find Warner Bros.' name, as well as the Union Label, on every suit.

By courtesy of Warner Bros. & Co. a number of their salesmen are here to assist us during the sale. Our regular force of salespeople has been largely increased to enable us to wait on the crowds.

NEWS OF THE HOME AND THE SOCIETY WORLD

SOCIETY WOMEN'S CLUBS WOMEN'S CORNER

MRS. CHARLES CHAUNCEY MELLOR gave a large and handsomely appointed 4 o'clock tea yesterday afternoon at her home in Maple avenue, Edgewood park. The affair was in honor of her two nieces, Miss Emilie Reinhart and Miss Lillian Reinhart, the daughters of the late Stanley Reinhart, who are making an extended visit with their aunt. The hostess and her two young honor guests received together in the drawing room, which was elaborately decorated with palms, southern smilax and ascension lilies. Mrs. Mellor was gowned in white point d'esprit; Miss Reinhart was in white lace and Miss Lillian Reinhart wore pale blue crepe de chine. Mrs. Walter C. Mellor, who was in the party of assistants, was gowned in sheer white, elaborately inset with lace and medallions. The other women who assisted were Mrs. John Chalfant, Jr., Mrs. Matthew Bigger, Mrs. Alexander Gordon, Jr., Mrs. George Clapp and her sister, Miss Love of Sewickley, Mrs. Gordon Blaker, Mrs. Samuel Harden Church, Mrs. Charles Reinhart, Miss Mary Milligan and Miss Edith Kitzmiller. Quantities of southern smilax and blossoming dogwood were used throughout the house in combination with cut flowers and palms. The table centerpiece in the dining room, which is finished in yellow, was composed of marguerites.

The Misses Reinhart visit their aunt, Mrs. Mellor, every summer, and their stay is made very enjoyable by a series of informal affairs given in their honor. The tea yesterday afternoon was the first large entertainment given in the handsome new home which the Mellors entered several months ago. The two young visitors will prolong their stay until the early summer.

Tea for Bride-Elect and Visitors.

A prettily appointed tea was given yesterday afternoon by Mrs. W. L. Woods of North Euclid avenue, East End, in honor of her house guests, Mrs. Woods T. Wilson and Miss Mary E. Wilson of Stamford, Conn., and Miss Edith V. Coffin. Two sets of reception hours were announced for the accommodation of the 2 guests, half being entertained between 2 and 4 o'clock and the others from 4 until 6. Mrs. Woods and her honor guests received together and were assisted by Mrs. Ella D. Coffin, Mrs. Peter Dick, Mrs. William Barlin, Mrs. Edward West, Mrs. Robert Russell, Mrs. Charles D. Armstrong, Miss Mary Armstrong, Mrs. Thomas Carnahan, Mrs. William Dick and Mrs. Leonard Woods.

The hostess with her guests of honor stood in the parlors whose dainty furnishings were beautified by clusters of pink roses in large bowls, the walls being a background covered with a delicate tracery of vines, with effective groups of palms and ferns.

The dining room decorations were exceptionally pretty. A large centerpiece of loosely arranged marguerites stood upon an openwork cloth over yellow satin. On both the sideboard and chimneypiece were large clusters of narcissus poeticus with ferns and delicate vines. An informal dinner was given for the assistants followed by cards in the evening, a few young people of the neighborhood dropping in. Mrs. Wilson and Miss Wilson, who is to be one of the maids at the wedding of Miss Edith Coffin and William W. Ford next Tuesday, will remain in the East End several weeks.

Hein-Mueller.

A pretty little church wedding of last evening was that of Miss Annie Hein and Herman Mueller, which took place in the Third German Lutheran church, Lawrenceville. The ceremony was performed at 8 o'clock by the bride's father, the Rev. Martin Hein, who is pastor of the congregation. Miss Flora Hein was her sister's maid of honor, and the bridesmaids were Miss Elma Hilger and Miss Martha Strunkel. The bride wore a renaissance lace robe over antique silk and carried orange blossoms. Her maid of honor appeared in white chiffon, trimmed with pink ribbons, and carried pink roses, and the honor maids wore white and carried white roses. The best man was Albert Liefeid, and the ushers were Walter Hein, a brother of the bride; Harry Bruggeman and Max Shmiddabauer. The guests numbered about 200. The immediate relatives and a few intimate friends attended the informal reception and supper which followed at the home of the bride's father in Thirty-eighth street.

Among the out-of-town guests were Dr. Hervfeld and the bridegroom's brother, Adolph Mueller, of New York; Miss Martha Shwan and Charles Herver, of Cleveland. Pink roses were used in the decorations of the home, while foliage only entered into those of the church. Mr. Mueller is a member of the Pittsburgh orchestra. He and his bride will spend the summer in the east and upon their return in September, will live in the East End.

A Wedding and a Golden Wedding.

SCOTTDALE, PA., May 12.—(Special.)—Mr. and Mrs. Jacob S. Loucks of this place celebrated their golden wedding this afternoon at the old homestead in South Broadway. There were present nine children, 25 grandchildren and 4 great-grandchildren. An interesting feature of the day was the marriage of Cora, the youngest daughter of Mr. and Mrs. Loucks, to Charles A. Brillhart of Scottdale. Of the nine children of the aged couple, the one living farthest away is George S. Loucks, whose home is less than three miles from the Loucks' homestead.

Jacob S. Loucks is the son of Martin Loucks, whose father, Peter Loucks, came to this vicinity from Bucks county, Pa., in the year 1800. Mr. Loucks was born in Scottdale and has resided here all his life. Mr. Loucks and his family are Mennonites. He and his brothers are among the wealthiest and most influential citizens of Scottdale.

In Honor of Two Brides.

Mrs. M. F. Maloney gave a large afternoon reception, from 3 until 6 o'clock, yesterday, at her home in Forbes street and Denniston avenue, Squirrel hill. The honor guests were her daughter, Mrs. Ann Austin Burns, and Mrs. James Vincent Maher, Mrs. Burns' sister-in-law, both of whom were April brides. The receiving party stood in an alcove in the parlor, which was prettily decorated in green with clusters of American Beauties on the mantels and piano. Yellow daisies were in the library and pink begonia blossoms and their foliage appeared in the dining room. Both the young brides wore their wedding gowns of embroidered white mousseline, while Mrs. Burns was in ecru etamine. The assistants were Miss McKeown, Mrs. M. K. McMullen, Miss Blanche Munhall, Miss Johanna Reilly, Miss Mercedes Vilsack, Miss Lauinger and Miss Irene McNulty. They, with an equal number of men, were entertained later at dinner.

Concert in Castle Shannon.

A concert will be given in the Presbyterian church, Castle Shannon, Friday evening, at which well-known Pittsburgh musicians will appear. Among those who will take part are Leo Oehmler, violinist and composer and Miss Myrtle D. Bierer, one of Mr. Oehmler's pupils. J. P. Provost, tenor, who is a member of the Apollo club; Miss Zora Messenger of Ottumwa, Ia.; Clifford L. Carney and Miss Ethel Jones, pianists; Mrs. S. F. Cooley, soprano, Miss Jessie McGogney, Miss Lillian Perry, Miss Marie Perry and Foster King, readers, with the Ulrich brothers' orchestra, will appear.

An Event of Interest in Scottdale.

Cards are out announcing the wedding of Miss Esther Longanecker to Robert B. Barkell. Miss Longanecker is the daughter of Mr. and Mrs. Jacob S. Longanecker of Blair county, and a sister of Mrs. D. H. Hare of Scottdale. Mr. Barkell is the son of W. J. Barkdell of Scottdale, and is employed in the purchasing department of the H. C. Frick Coke Company. The wedding will take place next Tuesday afternoon.

Engagement and Wedding.

BEAVER, PA., May 12.—(Special.)—The engagement of the Rev. W. C. Loomis, pastor of the Chippewa, Enon and Darlington Methodist Episcopal churches, to Miss Jennie E. Wick, daughter of the Rev. and Mrs. Lewis Wick, of Brockport, Elk county, Pa., will terminate in their marriage at the home of the bride May 20. The couple will live in Darlington.

Sawhill-MacDowell.

Miss Jessie Irene Sawhill and D. T. H. MacDowell of Allegheny were married yesterday at Claysville, the ceremony being performed by the Rev. Mr. Fish, pastor of the Presbyterian church. After a wedding breakfast, Mr. MacDowell and his bride came to Allegheny, and last evening a dinner was given in their honor at the home of the bridegroom's sister, Mrs. J. M. Davidson, in Lincoln avenue. At 7:30 last evening Mr. and Mrs. MacDowell left for Los Angeles, Cal., and will spend the next six weeks touring the west. Their departure was attended with many amusing incidents—their friends combining to give them a very enthusiastic send-off.

Noble—Curtiss.

WASHINGTON, PA., May 12.—(Special.)—The wedding of Miss Mary N. Noble of Claysville, and Clarence T. Curtiss of Columbus, O., was solemnized at the home of the bride's grandparents, Mr. and Mrs. Henry G. Noble, at Claysville, this afternoon at 2:30 o'clock. The Rev. Frank Fish of the Claysville Presbyterian church officiated. The bride was attired in a gown of paris muslin, over white silk, and carried a shower bouquet of Brides' roses, while her veil was caught with orange blossoms. Miss Martha Horne of Hiawatha, Kan., was maid of honor, and little Miss Gertrude Stewart of Claysville was flower girl. Holit Curtiss of Columbus, a brother of the bridegroom, was best man, and the ushers were W. R. Craig and John Knox of Claysville. The wedding was attended by about 100 guests. Mr. and Mrs. Curtiss left on an evening train for Pittsburgh, en route to Yellowstone park and other western points. They will live in Claysville. The bride is a graduate of the University of Westerville. The bridegroom is engaged in business in Washington and is also a graduate of Westerville university.

Markell-Knox.

CONNELLSVILLE, PA., May 12.—(Special.)—The wedding of Miss Helen Bryce Markell and Herbert Knox was solemnized this evening in the First Presbyterian church. The ceremony was performed by the pastor, the Rev. W. A. Edie, and was witnessed by 400 people. After the wedding a number of the guests attended a reception at the Markell home in Pittsburgh street. Tonight the couple went east and to Canada on their wedding trip. The bride is the daughter of Frank E. Markell, president of the Citizens National bank of this place. She is a graduate of the Washington seminary and a gifted vocalist well known in Western Pennsylvania musical circles. The bridegroom is the son of the late Samuel Page Knox, a banker of Brownsville, and a cousin of Attorney General Philander C. Knox. After September 1 Mr. and Mrs. Knox will be at home to their friends in Wilkinsburg.

Kelton-Owens.

NEWPORT, R. I., May 12.—Miss Laura Allan Kelton, daughter of Lieut. Col. Kelton, in command of the marine guards at the training station, was married to Lieut. Charles Truesdale Owens, U. S. N., commander of the gunboat Hist, by the Rev. Dr. Owens of Chicago, his father, and the Rev. Dr. McClelland, pastor of the United Congregation church today.

Notes of Society.

The Junta club gave a dinner last evening at the Pittsburgh club.

Mrs. Stanley M. Rinehart and her little sons of Allegheny have returned home, after being in Atlantic City since Easter.

Mr. and Mrs. W. W. Wishart and their family will go to Portsmouth, N. H., early in July, where they will remain during the summer.

WITH enlarged interests, a building fund established for a women's club house and an increased membership, the Wimodausis club closed its club year yesterday afternoon. The annual meeting was held in Syria Temple and there was a large turnout of the 341 members. The election was an important feature of the meeting and was conducted with no opposition. In the treasury, after the payment of all bills contracted during the year, there is a balance of nearly $300. The chairman of the entertainment committee, Mrs. Charles F. Sheriff, reported $800 added to the building fund by the three entertainments given this year, two euchres at Kennywood park and a smaller afternoon card party in Syria Temple.

The Wimodausis club two months ago took up civic work, and committees were appointed by the president, Mrs. Samuel S. Miller, to represent the club in the different departments of civic work, the summer playgrounds and vacation schools, the recreation parks, the Consumers' league and other interests which have been adopted by the club women generally during the past year. The Wimodausis club has always done a large amount of philanthropic work.

The election resulted in the choice of Mrs. William A. Lincoln as president; Mrs. William J. Askin, first vice president; Mrs. D. O. Hutchinson, second vice president; Miss Mary Stoel, recording secretary; Mrs. D. J. Evans, financial secretary; Mrs. W. E. Barrett, treasurer, and Mrs. James Hartzell, chaplain. The officers with 13 other members, Mrs. Samuel S. Miller, Mrs. Charles F. Sheriff, Mrs. Louis Root, Mrs. Frank Hickman, Mrs. Reece Lindsley, Mrs. R. A. Donaldson, Mrs. D. W. Dickson, Mrs. David Wilbert, Miss Cora Slaybaugh, Mrs. C. J. Buke, Mrs. W. F. Belston, Mrs. C. G. Hollins and Mrs. Frank McComb, constitute the board of directors.

Travelers' Meeting.

The closing of the year with the Travelers club has been marked by several exceptionally enjoyable social entertainments. The last will be the musicale which Mrs. Henry J. Bailey and Mrs. Alfred E. Clark will give on Saturday afternoon at the home of Mrs. Bailey in Shadyside. It is especially for the members of the Travelers club and the program will be arranged by Mrs. John L'Amour, musical director of the club.

An interesting meeting of the club was held yesterday afternoon in the assembly room of the Central Young Women's Christian association. Mrs. William Norwood was the leader for the day and papers were presented by Mrs. Julian Kennedy, Mrs. John R. Darragh, Mrs. James M. Drill and Mrs. J. P. Hutchinson. "Modern Mexico" and "The Public Lotteries" were the subjects of informal talks. The musical feature consisted of songs by Miss Cecilia Farmer.

English Castles and Universities.

A particularly interesting program was presented yesterday at the last literary meeting this season of the Lawrenceville New Century club. Miss Carrie Zeigler was the leader for the day and gave an excellent resume of the British-Boer war. "English Universities" was the subject of a paper presented by Mrs. A. E. Amsden, while Mrs. David Coveney described the "Castles of England." As there are only 187 castles in England, time sufficed for the detailed description of but two, the most noted, Windsor and Dover. The discussion which followed was very animated. A delighted feature of the program were songs sung by Miss Jennie Mackintosh, a new member. Two other members were admitted yesterday, Mrs. Fannie Seifert and Miss Charlotte Herron.

The nominating committee made its report yesterday, submitting a list of nominations for office, the annual election to take place at the next meeting of the club. The nominations are: President, Mrs. J. J. Covert; first vice president, Miss Anna M. Herron; second vice president, Mrs. Louise Stifel; recording secretary, Mrs. William Barstow; corresponding secretary, Miss Kate Neumont; treasurer, Mrs. E. M. Grove. The club next year will study "Men of England." Mrs. Covert, who has been in Hartford, Conn., as a delegate from the educational department of the Civic club to the convention of the Eastern Educational association, presided yesterday.

Wilkinsburg's Progressive Club.

The annual meeting of the Wilkinsburg Women's club was held yesterday. A review of what has been accomplished during the past year, the laying of plans for the next, together with the election of officers, comprised the program. The new officers are, Mrs. A. S. Hunter, president; Mrs. W. C. Anderson, first vice president; Mrs. Fulton Stotler, second vice president; Mrs. W. S. Wills, recording secretary; Miss Mary Weidman, corresponding secretary, and Mrs. N. K. Garrett, treasurer. Mrs. Garrett succeeded herself in office. An additional feature of interest were the songs sung by Mrs. Kress.

The Woman's club of Wilkinsburg has been one of the most progressive in this vicinity. During the past year, in addition to its work for the summer playgrounds and vacation schools, and its cooperation with Pittsburgh club women along civic lines, it has offered several prizes to the people of Wilkinsburg for the best kept backyards, and alley, and placed growing plants in the school rooms where they were cared for by the school children. During the past year the club has studied Pennsylvania history and current events.

McKees Rocks Women in a Hospital Move.

A meeting of the women of McKees Rocks and vicinity, interested in the formation of a Ladies' auxiliary to the McKees Rocks General hospital, was to have been held yesterday, but was postponed until next Tuesday, on account of the presence of a large number of prospective members at the conductors' convention in Pittsburgh.

The most noticeable modes of the moment are the shoulder capes, cut on the round of the stuff, and the bell sleeves, trimmed with multitudinous frills inside the hem, these frills being made of muslin, net, or lisse, or lace. They are reminiscent of the furbelows which delighted our great-grandmothers, and though perhaps, not entirely convenient, are, without doubt, absolutely graceful. Grace should be the keynote of all clothes—soft, clinging stuffs, and satins and chiffons, and long folds—and the suggestion rather than the revelation of the human female form beneath; these should be the ideal, and the mandates of 1903 perhaps only fail to reach it with that short skirt on its pedestal! For the rest, clothes are, on the whole, elegant. Evening frocks show the most diaphanous fabrics, with the paillette used with a sparing hand, gleaming softly beneath chiffon or net rather than bespangled upon it, and trimmings formed of bouillonnee of chiffon, or floral designs in chiffon. Dresses of lace have garlands of chiffon; dresses of brocade are more talked about than seen, and of the silken stuffs, satin mousseline appears to be the one most seriously and affectionately regarded. The long shoulder seam is applied to many of the new foulard and voile day dresses, and when worn with full, long skirts this is to be much commended, the effect being crowned with the hat, also of the drooping order, Cavalier in shape perhaps, with a long plume at one side.

Grace and Elegance in Gowns.

To stuff and roast a calf's liver Miss Glass, the ancient authority on matters culinary, gave the following directions over 150 years ago. It would be difficult to improve upon them:

An Ancient Recipe.

"Take a fresh calf's liver, and, having cut a hole in it with a large knife run in lengthways, but not quite through the liver, have ready a forced meat or a stuffing made of part of the liver parboiled and the fat of bacon minced very fine, and sweet herbs powdered; and to these some grated bread and spices finely powdered with pepper and salt. With the stuffing fill the hole in the liver; lard the whole of the liver with fat bacon, flour it well; bake in a hot oven till quite done and baste it often with melted butter. When done add a little sherry to the gravy and serve hot in the pan in which it is baked.

* * *

Giving a Morning Musicale.

For a morning musicale the hostess writes a brief or informal message on her visiting cards, or the word "music," and the hour at which she desires the presence of her guests. A reply is not necessary. One accepts by attending or sends cards by hand on the same morning, if unable to accept the invitation.

This entertainment is conducted in precisely the same manner as an afternoon function, the guests, of course, entering quietly while the music is in progress. The hostess should be conveniently near the drawing room door, where she may rise, extending a greeting to each new arrival, with a whispered word of welcome.

During the intermissions which may occupy 20 minutes, guests come and go, chatting while they partake of some carefully prepared and daintily served refreshments in the dining room, where two or more young ladies are seated at an attractively laid table to serve tea, chocolate, and an "esthetic sandwich."

Wanted—A Lady.

Speaking of cooks, the other day some friends were at lunch in their dining room when two flashily dressed colored women and a man came to the door.

The waitress, a white woman, went to answer the ring, and the negroes loudly demanded Miss Chloe Johnson, and when informed that she did not live there became somewhat noisy and obnoxious.

The lady of the house, full of wrath, walked to the window and opened it.

"What do you want?" she demanded.

"Miss Chloe Johnson," was the reply.

"She does not live here."

"This was the number that was gave us. Do you keep help of our color?"

"No, I do not."

"Oh, then excuse us, ma'am. We's made a mistake. We don't want no white woman; we's looking for a colored lady."

PERSONALS

The supreme council of Steam Engineers of America was banqueted at the Hotel Victoria last night by Iron City council, the local organization. About 100 were present. The affair was somewhat informal and only impromptu speeches were made. Among the speakers were Arthur P. Rice, editor of The Engineer; T. T. Just, editor of The Practical Engineer, and Franklin R. Moore, past supreme councillor. Previous to the banquet the delegates held a short session and elected the following officers for next year: Supreme Council, N. Pierson; first assistant supreme council, W. S. Price; recording secretary, J. S. Stallings; corresponding engineer, C. Lang; treasurer, George Richardson; senior master mechanic, A. Keppleman; junior master mechanic, J. Harris; inside sentinel, H. R. Pajaferra; outside sentinel, S. Logan; chaplain, C. Pfeifer, and trustee, C. Williams.

The 20th annual anniversary of the Alumni association of the Pittsburgh college took place at the Hotel Henry last evening. After dinner has been served in the banquet hall Toastmaster Frank T. Lauinger, '92, announced the first speaker, Ambrose B. Reif. He spoke on "Catholic Colleges." He was followed by Lawrence M. Heyl, the oldest alumni present, '81. His subject was "Old College." The other speakers were Jeremiah V. Dunlevy, '94, "Alumni Association;" the Rev. P. Vessen, '95, "College on Bluff," and the Very Rev. M. A. Hehir, president of the Pittsburgh college, on "The College." There were about 100 present. The officers of the alumni are: President, the Rev. Lawrence A. O'Connell; vice president, J. V. Dunlevy; secretary, the Rev. H. J. McDermott, and treasurer, Lawrence M. Heyl.

A special train was attached to train No. 5 of the Baltimore & Ohio which arrived in Pittsburgh at 8 o'clock last evening. In the car were 55 apprentices of the United States navy returning to their respective homes in Kansas, Iowa and Nebraska. They are on a five days' leave of absence, exclusive of the time required to go home and return. They are five months' service on the Monongahela, which is a training ship. When out in mid-ocean no steam is used in propelling the ship, the apprentices handling it by the sails only. The ship was made through to the West Indies. Of the number of the train only three stopped off at Pittsburgh. They are R. B. Matthers, A. Angels and J. T. Saltman.

Dr. Thomas P. Grant of Louisville, Ky., has been spending the past week with relatives in Denniston avenue, Squirrel Hill. Dr. Grant stopped off in Pittsburgh en route to Boston, where he delivers an address before the National Association of Military Surgeons, which is in session there.

Col. G. J. Lydecker of Cincinnati arrived in the city last night. He came from East Liverpool, where he held a hearing of protests against the building of a bridge at that place. He will confer with Capt. W. L. Sibert today.

PUPIL'S SUSPENSION STIRS UP TROUBLE

President's Daughter Among Those Who Protest Against Action of Faculty.

(SPECIAL TELEGRAM TO THE GAZETTE.)

WASHINGTON, May 12.—Because she held her teachers up to gentle ridicule in a clever parody on "Mr. Dooley," Miss Katherine Martin, granddaughter of Mrs. Emily Colton, one of the best known women in Washington society, has been suspended from the National Cathedral School for Girls. The indignation of her schoolmates, among whom is Ethel Roosevelt, the president's daughter, is so great that deep discontent broods over this smart institution, and Bishop Satterlee of the Episcopal diocese of Washington, who is the president of the board of trustees, is reconsidering Miss Martin's case.

The other girls in the school have become almost riotous. All of Friday the girls expressed their displeasure and by night the relations between the teachers and pupils had become so tense that the faculty decided that an excursion of the school to the naval academy at Annapolis, which had been planned for Saturday, should be abandoned. To prevent any trouble developing, all of the girls whose homes were no further away than Baltimore were sent home over Sunday. Ethel Roosevelt was sent to the White House and did not return until Monday.

FIRST LADY GIVES DECISIVE ORDER

Forbids Removal of Boxwood Trees from White House Terrace.

MUST BE CONSULTED

Mrs. Roosevelt Grows Weary of Experiments Constantly in Progress and Says So in Plain Words—Architect Surrenders.

THE PITTSBURGH GAZETTE BUREAU,
Room 10, Postal Building.
WASHINGTON, D. C., May 12.

Mrs. Roosevelt has tired of the experiments that have been made for the beautification of the White House with somewhat indifferent success, and she has given orders that hereafter no changes are to be made without her approval.

The incident which impelled Mrs. Roosevelt to make known her opposition to the use of the official residence of the president as a sort of experimental workshop came yesterday. The representative of the nurserymen who had furnished the bay trees and boxwood bushes for the adornment of the terrace arrived at the White House with instructions from Architect McKim to remove all the boxwood bushes, 72 in number, and ship them back to his firm at Rutherford, N. J.

The nurserymen's agent was accompanied by several helpers and a photographer. The latter proceeded to take some pictures of the terraces, showing the effect of the ball-topped and pyramidal shaped trees. When this was accomplished the helpers were about to remove the boxwood bushes, as ordered by McKim, when word came to the foreman that Mrs. Roosevelt wished the terrace adornments to remain exactly as they were. The agent and his man accordingly withdrew. Further changes, therefore, will await Mrs. Roosevelt's pleasure. Whether the architect will convince her that the beauty of the mansion can be enhanced by the substitution of some other plan for the one first experimented with remains to be seen.

According to a reliable estimate, the cost of the bay trees and boxwood bushes sent here and placed on the east and west terraces and the porte cochere at the north front of the mansion was between $6,000 and $7,000. It is said that Mr. McKim's objection to the boxwood bushes was that although they looked well in themselves, they were not sufficiently imposing to adorn the terraces. More costly ones with box-shaped tops are desired.

ALL STORES ARE NOT TO BE CLOSED ON SUNDAY

Crusade in Allegheny Against First-Day Sellers Is Directed at a Few.

Supt. M. H. Campbell of Allegheny, yesterday denied that the old blue laws were to be dug up and arbitrarily enforced by the police department of Allegheny. The present crusade against those who keep stores open on Sunday, Superintendent Campbell says, is directed against a number of energetic foreigners, who, coming here from New York, have started enterprises somewhat too metropolitan for staid old Allegheny. Grocers, milk-dealers, and small shop-keepers, who conduct a quiet business that is deemed necessary by the police are not to be interfered with so long as they conduct their places in a quiet manner.

Superintendent Campbell yesterday made information against Peter Antonopilis and Gustave Antonopilis of East Ohio street; John and Harry Ginkas of No. 923 Federal street; George Karangelen of No. 203 Federal street, and No. 111 Ohio street; Henry Demiras of No. 222 Anderson street; Toy Brown of McClure avenue, and C. A. Schmitt of No. 170 McClure avenue and Ontario street and Preble avenue. The defendants are charged with selling candy and cigars on Sunday. They will get hearings before Alderman David McKelvey on Thursday morning.

THE THREE RIVERS.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CINCINNATI, May 12.—River 10.7 feet and falling. The work of boring in the bed of the river for the location of the dam below here has been finished. The new works will be located at Medoc bar, which will give a nine-foot harbor in front of the city for more than 26 miles. No towboat movements today.

LOUISVILLE—River falling, with 4 feet on the falls, 2 feet 2 inches in the canal and 11 feet 2 inches at the foot of the locks; the Sprague arrived with her tow of empties, and laid up at West Louisville, where she will make repairs. The Fulton arrived from Pine Island with 7 barges of coal. The Joe B. Allen arrived from New Orleans with a tow of empties. The mud is being removed from the canal. Below the canal the river is in bad shape, being full of mud and sand and without a channel. Capt. John Moren is here from Pittsburgh.

MARIETTA—River 4 feet 6 inches and falling; Ben Hur up, 6 p. m.; Bessie Smith up, 6 p. m.; Valley Belle down, 9 a. m.; Keystone state down, 6 p. m.

WHEELING—River 4 feet 3 inches and falling; departed, Keystone State, Cincinnati, 8 p. m.; H. K. Bedford, Parkersburg, 1 p. m.; Queen City arrived, 6 p. m.; reshipped by rail and will return to Cincinnati May 13 at 7 p. m.

WARREN—River eight-tenths of a foot.

GALLIPOLIS—River 6 feet 6 inches and falling slowly.

STEUBENVILLE—River 3 feet 7 inches and falling; down, Keystone State.

GREENSBORO—River 7 feet 2 inches and falling.

MORGANTOWN—River 8 feet and stationary.

OIL CITY—River 1 foot 3 inches and stationary.

POINT PLEASANT—River 5 feet 1 inch and falling; down, Bonanza and Virginia; up, Sea Lion. J. B. Lewis and Greenwood.

DEPARTURE.

Kanawha, Roe, Charleston.

The Gleaner passed Cairo on the way back yesterday with empties.

Capt. William L. Sibert inspected lock No. 4 at Morgantown yesterday.

The steamer Mayflower takes the Cyrene commandery of the Knights of Pythias on a moonlight excursion up the Monongahela this evening.

Capt. J. F. Ellison of the Pittsburgh and Cincinnati packet line, is secretary of the Ohio Valley Improvement association, with headquarters at Cincinnati.

The Brotherhood of Locomotive Engineers, who are in convention here, have chartered the Mayflower for excursions up the river tomorrow afternoon and evening.

Capt. Jutte of the C. Jutte Coal Company has purchased the steamer Crescent at New Orleans. The Oakland has her in tow, with empties on the way back. She will be used in taking tows from Pittsburgh to New Orleans. The Crescent formerly belonged to the Interstate Transportation Company. She has been rebuilt and is now a strong craft.

Rivermen predict that the month of Arkansas, which is abround in the Mississippi at St. Genevieve, Mo., will be a prisoner until next March. Dredges may scope out a channel through which the boat can pass south, but they believe the channel cannot be cut quickly enough to cope with the constantly falling river. Should there be no further rise, it is believed the steamer will have to wait for the winter flood stage to relieve her. The Dolphin No. 3 and the towboat H. M. Moxie left St. Louis with the Arkansas in order to help her through the shallow places. It was feared that she would be grounded before she left St. Louis. It was an expensive job showing the Upper Mississippi river people what a United States war vessel looked like.

Mental unrest is a sure sign of physical disease; often of ailments beyond the reach of ordinary remedies. Dr. D. Jayne's Tonic Vermifuge restores the debilitated organs, and healthy action brings strength.

BOTTLE BLOWERS IN CONFERENCE

Committee Meeting the Manufacturers to Arrange Next Year's Scale.

SOME NEW GLASSWARE

Making Preparations for the Convention to Be Held in Cincinnati July 6 — No Radical Changes Will Be Made.

There are about 200 different kinds of bottles to be listed by the joint committee of the Glass Bottle Blowers' Association of America and the manufacturers. The joint committee started on the work yesterday at the Hotel Lincoln, and the meeting will probably last until Saturday. It was called to discuss the trade outlook and to arrange the wage scale for the next year. The meeting is a preliminary one to the annual convention of the association to be held in Cincinnati on July 6. The two committees are as follows:

Manufacturers—John Ralston, Pittsburgh; E. H. Everett, Newark, O.; George M. Levis, Alton, Ill.; George S. Bacon, Millville, N. J.; Fred Lenz, Pittsburgh; M. W. Jack, Massillon, O.; Charles McNichols, Toronto, Canada; Peter Bunn, Baltimore; J. E. Daily, Fairmount, Ind., and E. A. Agard, secretary, Fairbury, Ill.

E. A. Hays is chairman of the conference and L. L. Turner is secretary. Two members of the "working" committee are the executive heads of the towns in which they live. E. A. Agard for the third time was chosen mayor of Fairbury, while Bernard Bell is now serving his second term as mayor of Massillon.

President Hays objects to the use of the word "demand" in connection with the new scale, declaring that only "requests" are made to manufacturers for changes.

ASKED FOR NO CONFERENCE.

Manufacturers Met to Consider Boilermakers' Strike.

The Manufacturers' association last night held another meeting and considered the demands of the boiler makers, 600 of whom are on strike for an increase of wages and shorter working hours. Nothing was given out as to the result of the meeting, but so far the manufacturers have not called for a conference.

The Jersey Gas Company of Jersey City yesterday sent 30 men to work on a pipe line being laid in Jersey City. The company agreed to pay $4 a day for eight hours, which is what the men are striking for here. Over 25 left last night for that place.

The strikers have all work tied up, except that at the Cambria steel works at Johnstown. James McNeil & Bro., at Twenty-ninth street, have the contracts.

LABORERS' STRIKE SERIOUS.

Members of Other Trades May Be Brought Out to Win the Point.

The strike of the building laborers is turning out to be more serious than was at first supposed. The George A. Fuller Company has erected a seven foot high fence around the site of the new Nixon theater. Six policemen were put on guard at the place. Yesterday the company put to work 50 laborers who are not members of the union, but the striking pickets succeeded in getting them safely away.

An effort will be made to call out all other union men at work on the Fuller contracts if the company persists in declining to sign the scale. It is probable the Builders' league will endeavor to settle the matter.

WILL BE A BITTER STRIKE.

No Overtures Made by Either Brickmakers or Manufacturers.

The strike of the brick makers and clay miners is still on, with no probability of being adjusted at an early date. No effort on the part of either the men or employes has been made to arrange for a meeting to settle the dispute. From indications the fight will be a long one, as the Harbison-Walker Refractory Company is determined to ignore the union, and the association refuses to work unless the company recognizes it.

The Harbison-Walker company intends to try to run its plants with non-union men, 150 of whom were taken from New York to Clearfield on Monday. They were met by the strikers, who persuaded them not to go to work.

New Committeeman Was Named.

F. Stoner, national organizer for the United Mine Workers, who was appointed to inspect the mines in the Mercer and Butler county fields, as one of a committee of three to adjust the scale regarding dead work, had to resign from the committee yesterday on account of the death of his sister. William Little was selected in his stead.

Steam Engineers Saw Sights.

The supreme council of the American Order of Steam Engineers held only one session yesterday, the meeting adjourning that the members could take a tour of the various industries in and about the city. Last evening the members banqueted at the Victoria. Clifford P. Williams was the toastmaster.

JUDGES MAKING INQUIRY.

Right of Mayors on the Prison Board Is Being Questioned.

The judges of courts of common pleas Nos. 1 and 2 are inquiring into the standing of the mayors of the two cities as members of the county prison board. At this month's meeting a committee was appointed to look into this matter.

The mayors of the two cities were members of the board, under an act of assembly, until the ripper bill abolished the office of mayor. When the name was again changed notices were sent to Mayors Hays and Wyman to attend. Mayor Wyman was on hand when the question was raised, but it is found that the mayors have a right to a seat, the judges will make an attempt to have No. 3 court taken in.

APPLY FOR CHARTER.

Local River Engineers Would Join Big Labor Organization.

The local Marine Engineers' Benevolent association applied yesterday for a charter to affiliate with the International Union of Steam Engineers. The national association will also apply for such a charter, but the local associations are doing it themselves also. This will connect them directly with the American Federation of Labor, which has been a source of great strength to the striking engineers at St. Louis.

YOU CAN SEE HAIR GROW

AFTER WASHING THE SCALP WITH

MUNYON'S WITCH-HAZEL SOAP

IT MAKES THE HAIR GROW THICK
IT MAKES THE HAIR GROW STRONG
IT MAKES THE HAIR GROW BEAUTIFUL

Munyon's Witch Hazel Soap is truly a blessing to those who are losing their hair and becoming bald. This soap is a food and vitalizer; it stimulates and acts as a gentle tonic to the weak and sick roots, and gives them new life and vigor. It promptly removes dandruff, scales, humors and all sores of the scalp. Give this soap a fair trial, and if there is a particle of life in the roots, this soap will stimulate and invigorate them into new life and healthy growth. Of course, you know that Munyon's Witch Hazel Soap for the complexion and for the toilet is superior to any high-priced French soap made. It makes the skin soft as velvet and keeps one free from pimples, blotches and most skin eruptions.

If your blood is out of order, take Munyon's Blood Cure. It will drive all impurities from the system and make good, rich, red blood.

If your liver is sluggish and you have a sallow complexion, use Munyon's Liver Cure. These two remedies, taken in alternation, will soon rid the blood and system of all impurities, and give life and vigor to the whole body, and when used in conjunction with the soap, makes the skin glow with youthful freshness.

WALL STREET PRICES CLOSED AT LOWEST

Reported Decline in Steel Billets Caused Some Selling of U. S. Steel—Local Securities Extremely Dull and Easy.

By JOHN O. BAGLIN, Financial Editor.

At the opening of the eastern stock market yesterday a rather more cheerful tone prevailed. London was a fair buyer, particularly of Atchison, and foreign markets were firmer on the expectation that the release of the money tied up in subscriptions to the Transvaal loan would have the effect of influencing a reduction in the Bank of England rate tomorrow. A great deal of stress has been laid upon the enormous oversubscription to this loan, and there have been cheerful predictions that investors who receive only about 2 per cent of their subscriptions would turn the surplus funds over into something else. It was officially reported that these subscriptions approximated £1,250,000,000. Of course that sum cannot be accepted as a measure of the amount funds seeking employment. Only $350,000,000 was offered to the public, and the Rothschilds alone subscribed for $450,000,000, knowing that they would receive but a small percentage of that amount under any circumstances. Still, the terms of the subscription required a deposite of 3 per cent of the total bid, and it is estimated that something like $150,000,000 has been temporarily tied up pending the allotment. Another favorable influence upon sentiment was the government crop report, indicating a yield at least 100,000,000 bushels of winter wheat larger than ever harvested. Still another factor was the reports of railroad earnings for the first week in May. These, while not so uniformly favorable as the earnings for the last week in April, continued to show large gains. In the initial dealings Missouri Pacific and Wabash preferred were the strongest stocks, and on large transactions both advanced about a point. Hocking Valley opened higher at 102 and advanced to 105, and Delaware & Hudson, after opening higher at 178, advanced to 197¾. The rest of the active railroad list averaged a point higher. Pennsylvania continued rather heavy, and the formal announcement of the terms of the Frisco-Rock Island deal was followed by more selling of the former stock. The industrials were fairly steady to firm. In the early part of the afternoon stagnation prevailed, but in the last hour some life was imparted to the entire market by the rather vigorous selling of United States Steel. This was based upon a decline of 50 cents a ton in pig iron and a report that a decline of $2 to $3 a ton had taken place in steel billets. The latter have been quoted at $31 50@32, and it was reported that an offer had been made this week at $29 for this year's delivery. Steel common declined to 34½ and the preferred to 83¾. The professional character of the early market was demonstrated by the ease with which prices of the leading railway shares declined. Pennsylvania dropped a point to 129¾, and the whole list was heavy in the final dealings, the close being at or near the lowest of the day. The sales reached 363,000 shares.

◉ ◉ ◉

Rates on call money ruled easy at 2½@3 per cent. There were no additional engagements of gold for export, but it is expected shipments will be made next week. It is the pretty general opinion that this specie movement represents the payment of loans made abroad last January and February, and if such is the case the domestic market will be in a better shape than it would be if the liquidation were left for the end of the year, when the demand for money here reaches the maximum. Wall stret again indulged in discussion as to the probability of an extra session of congress in the early fall for the purpose of passing a financial bill, but even if this action should be taken it would be too late to stimulate any improvement in the stock market during the summer months. The break in the cotton market yesterday was hailed as a good thing, as the speculation had not only carried the price to a point that was prohibitory to spinners here, but where it cut down our exports of the staple. Thus the value of the exports for April was $15,944,917, against $17,194,093 in the corresponding month last year.

◉ ◉ ◉

Dealings on the Pittsburgh stock exchange yesterday fell away to less than 4,000 shares listed stocks. Prices averaged lower all around. The only notable exception was Iron City Trust, which on sales of 200 shares advanced from 160 to 166 and closed at 165½, a net advance of $10 50 a share for the day. Safe Deposit declined to 167, closing at 167½, and Peoples National Bank was 5 per cent lower, selling at 480. Guarantee Title & Trust declined 4½ per cent to 205. A small lot of American Trust changed hands at 515, a decline of 3 per cent, and Colonial Trust was lower at 625 bid, but none of the stock sold. Mortgage Banking made a new high mark by selling at 185¼. The remainder of this group was dull and unchanged.

◉ ◉ ◉

The only sign of life in the listed industrial stocks was in Pittsburgh Coal and United States Steel. The former was firmer, advancing to 29⅜ and closing at 29⅝ bid. River Coal common and preferred remained dull and unchanged. United States Steel common declined to 34½ at the close, the final bid being 34⅝. Crucible Steel common was unchanged at 18@18⅛, but the preferred was a fraction lower at 82⅜, closing at 82⅝ bid. Westinghouse Electric was dull and unchanged, selling at 106@106½. There was some expectation that the directors would meet in New York and make an allotment of the treasury stock and fix the price of subscriptions, but no announcement was made during business hours. There was nothing doing in Air Brake or Switch & Signal. National Fire Proofing common was offered at 27¾ and the preferred sold at 36½, a decline of ½, bringing the stock down to within a dollar of the lowest price ever quoted. Harbison-Walker preferred declined 2 points to 65, and the common was offered at 13½. Both these stocks are affected by the labor troubles that have restricted building operations. Pittsburgh Brewing was not affected by the declaration of the regular quarterly dividends, the common selling at 32½ and the preferred at 47½. Philadelphia Company declined from 45 to 44⅞ and was offered at the close. Ohio Fuel Supply sold at 39½@39¾, and closed at 39¾ bid. Manufacturers Light & Heat sold at 41¾ for the new stocks. There were several transactions in Pittsburgh Oil & Gas, an unlisted stock, at 80. Peoples Natural Gas & Pipeage sold at 32, a decline of ¾. The rest of the market remained extremely dull and listless.

PITTSBURGH STOCKS.

Transactions on the Pittsburgh stock exchange yesterday aggregated 3,505 shares stock and $1,000 bonds. Sales:

NOTES AND COMMENT.

Apparently the most popular local stocks at the moment, judging from market values, are the unlisted natural gas and oil shares. Several hundred shares of Pittsburgh Oil and Gas changed hands yesterday at 80, and bull tips are in circulation that it will have a movement somewhat similar to Manufacturers Light & Heat before the reorganization of the latter and the payment of 200 per cent stock dividend. The Pittsburgh Oil & Gas Company is operating 700 oil wells and has a daily production of about 2,500 barrels. It has natural gas interests in Pennsylvania, New York, Ohio and Indiana, and according to current gossip it will begin the payment of dividends in July at the rate of 2 per cent quarterly. There were also sales yesterday of Manufacturers Light & Heat new stock at 41¾, Fayette County Gas at 87, and Ohio Fuel Supply at 39½@40, ex-rights. At current prices the yield on natural gas and oil stocks is smaller than that on some of the preferred industrials.

National Fire Proofing preferred sold down to 36½, the low point of the year, and within a dollar of the lowest point ever quoted. For a stock having no back dividends to pay, and ranking a prior rights to earnings and assets, it is lower than the majority of industrials. It is depressed by the strikes which have interrupted building operations, and is also possibly affected by the talk of cement construction taking the place of structural steel and fireproofing to some extent.

A small lot of Continental Trust sold yesterday at 112. Last week five shares of the stock sold at 115.

While the Peoples Savings bank directors were treating stockholders to an extra dividend of 15 per cent, they did not forget the bank employes, each of whom were presented with a month's salary.

The meeting of the members of the Pittsburgh stock exchange called for yesterday to take action on the proposed amendment to the bylaws, voted to refer the amendment to a committee, with instructions to make a complete revision of the rules. It is not improbable that an amendment will be adopted abolishing the privilege of dividing commissions with members of other exchanges which reciprocate with the local exchange.

Colonial Trust was quoted at 625 bid. There were no sales.

Iron City Trust closed at 166 bid, 168 asked.

A private sale was reported yesterday of $10,000 West Liberty Street Railway 6s at 111.

Rock Island new 5s, when issued, sold on the New York curb yesterday at 92½ and interest.

On the exchange $20,000 Union Steel 5s were offered at 100, and 98 was bid. It is reported that quite an active business has been transacted in these bonds within the past few days at 97@98.

On the local exchange yesterday a block of $53,000 call money was offered at 6 per cent, and 5 per cent was bid.

Allegheny Valley reports an increase in gross earnings for March of $66,359, and an increase in net of $15,070. For the three months of the calendar year gross earnings have increased $147,620, and net earnings have decreased $27,115.

Cosmopolitan National bank closed at 105 bid, 108 asked.

Following gains were reported in gross earnings for the first week in May: Louisville & Nashville, $91,845; Southern Railway, $86,413; Canadian Pacific, $142,000; Norfolk & Western, $76,616; Big Four, $39,395; Chesapeake & Ohio reported a decrease of $16,200 and Minneapolis & St. Louis a decrease of $14,857.

The directors of National Biscuit have declared the regular quarterly dividends of 1 per cent on the common and 1¾ per cent on the preferred. The common is payable July 15. Books close June 27 and reopen July 15. The preferred is payable May 29. Books close May 15 and reopen May 29.

Diamond Match has declared the regular quarterly dividend of 2½ per cent, payable June 12 to stockholders of record May 29.

Referring to the selling pressure in Pennsylvania railroad yesterday, a Wall street house wired after the market closed: "The peculiarness of this stock has not been explained adequately after the big drop already in price. The liquidation of stock received from converting the 3½ per cent bonds cannot explain the constant pressure, while it would not seem that the sale of stock against rights was sufficient at present to cause the drop, although this may be the case. The decline in this stock naturally unsettled the entire list."

The Philadelphia News Bureau says: "We figure that the securities of the United States Steel Corporation are now selling at less than their 'property' value; that is, the aggregate selling price of the stocks and bonds is less than the probable value of the plants and the ore lands.

"The selling value of the United States Steel Corporation in the market may be figured as follows:

$508,302,500 common stock at 35	$177,906,875
$10,281,100 preferred stock at 85	453,738,935
304,000,000 U. S. bonds at 85	258,400,000
$20,000,000 new U.S.S. bonds at 85	17,000,000
99,000,000 subsidiary bonds at par	99,000,000
Total selling value	$947,044,810

*To be issued to syndicate.

"As we have taken the price of the bonds and the preferred stock at the same figure, conversion of preferred into bonds will not affect the result. The value of the Steel Company's property may be figured as follows:

Ore lands (720,000,000 tons visible at $1 ton) ... $720,000,000
Plants, railroads, steamships, etc. ... 400,000,000
Working capital (cash, inventories, etc.) ... 165,000,000
Sale of new bonds to syndicate at par ... 20,000,000
Total value of property ... $1,305,000,000

"The value of the ore lands is based upon a royalty of $1 a ton for the unmined ore. Mr. Hill now charges this royalty for ores in the Lake Superior district. The value of the plants we have estimated from the amount paid in during last year, $2,200,000, and the average of, say $12 a thousand dollars, multiple on assessed valuation ... $240,000,000. Inasmuch as the property of the United States Steel Corporation is assessed for perhaps not more than one-half its value, it is not unreasonable to estimate the ore lands are selling at a value of about $982,000,000, or about 50 cents a ton for the unmined ore. At a selling value of $947,000,000 for the securities, the value of the plants, including gas and coke fields, railroads, steamships, etc., at $400,000,000. The taxes on the ore lands are so light that they need not be considered."

THE MONEY MARKET.

The local money market is quoted steady to firm at 5½@6 per cent on call and time loans. Clearing house comparisons:

OLD LANDMARK CHANGES HANDS

Hotel Boyer of Duquesne Way Was Sold to Frank McCann for $175,000.

SALE OF SAWYER LOT

Property in Lacock Street, Allegheny, Brings $25,000—Outer Fifth Avenue Sale—$150,000 Victoria Hotel Improvements.

The Hotel Boyer, at the west corner of Seventh street and Duquesne way, is reported sold to Frank McCann, for $175,000, through the agency of George Bros. Aside from being the oldest of the large hostelries in the city it has been for years a landmark in the downtown section, having been erected nearly 40 years ago, when it was known as the Robinson house. Of late it has come into prominent notice in a real estate way, several times in connection with the proposed site for the Second Presbyterian church or some of the many theaters that have been "built on paper." The property belonged to the John Scott estate and was sold by William Stewart, president of the Allegheny National bank. It has a frontage of 138.75 feet in Seventh street and 109.7 feet in Duquesne way. This makes the rate of sale $1,261 a foot for the Seventh street frontage or $11.50 a square foot. As the building is a four-story brick structure in fairly good condition the price is regarded as reasonable. The present proprietor is Harry Boyer, who as far as is known, will remain in charge. It is rumored that the purchase was made in the interest of persons who will make a radical change in the corner.

SAWYER PROPERTY SOLD AT LAST.

After having been in the public eye for 10 days the Sawyer property, at No. 441 Wood street, has finally been sold by Samuel W. Black & Co. for $140,000. Attorney Willis F. McCook, Harry Davis and Emil Winter were the owners, they having bought it last year for $110,000, so that the sale nets them $30,000. The reported sale of the property May 2 to F. G. Stieren for the same figure proved to have been incorrect and no intimation is given out as to the buyer. It is known, however, that at least three prospective buyers are disappointed and that two brokerage firms "lost out" in the deal, showing conclusively how every foot of Wood street property offered for sale is quickly snatched up. The Sawyer property, better known as the Paulson lot because of the present occupant, measures 17.5x80 feet to an alley. The four-story brick building on the lot is regarded as worth but little, so that the price paid, $4,000 a foot front, or $100 a square foot, may be taken as the value of the realty alone. The present rental on the property is about $6,000 a year.

MAKES A FINE CORNER.

Frank McCann has added to his Allegheny holdings by the purchase of the property at No. 18 East Lacock street for $25,000. The deal was made by W. L. Scott & Co., who secured the property from R. J. Graham. The lot is 22x100 feet and is occupied by a three-story brick building used for stores and flats. It is immediately in the rear of the Lyon & Reed block which Mr. McCann bought through the same agency, a few months ago, for $130,000. These two properties, with the Wainright lot in Federal street, give him a total frontage of 80.8 feet in Federal street and 132 feet in East Lacock street, which would be one of the best sites in Allegheny for a business block or hotel.

The Merchants Savings and Trust Company has sold, through the manager of its real estate department, Mr. Berman, the property at 1852 Fifth avenue, for $20,000 cash. The former owner was Charles A. Schlagel and the buyer is Meyer Rosenthal, who takes the lot for an investment. It measures 50x120 feet and is improved with a three-story brick building, making the rate of sale just $1,000 a front foot.

The property at No. 2070 Penn avenue has been sold by W. L. Sloan to Henry Gusky for $15,000, through Cooper & McAllister. In part payment a residence property in Washington street, valued at $8,000 was tendered.

NO "FOR SALE" IN BRADLEY PLACE.

Another fine residence in Bradley place, Shadyside, has just changed owners. It belonged to Elmer W. Moore and was bought by Francis E. McKillick for $20,000. The lot is 50x140 feet in Atlantic avenue and the residence is a new colonial house of 12 rooms. Hardly a vacant lot in the whole of Bradley place now remains unsold, although the property was plotted only last year, and the few residences that are being built there for sale are bargained for before they are completed.

Henry W. Armstrong has sold for May H. Thompson to Charles Somers a 12-room brick house with all modern improvements, in Brighton road, Ben Avon, for $10,500. The house stands near the center of a beautiful plot of two acres in the rear of which is the owner's private stable. The buyer will occupy as a home.

James F. Steele has bought from Rebecca M. Holmes and others a property, 58x156 feet, on the south side of Franks-town avenue, Twenty-first ward, for $15,000. The lot is improved with a three-story brick house.

LUCKY FOR SIXTH STREET.

The contract for the additions to the Hotel Victoria in Sixth street has been awarded to S. H. McCann for about $150,000. Plans for the improvement were made by Architect Joseph Stillburg, and the work will be started Monday, the permit having been taken out yesterday. Three stories will be added to the present building, making a total of 250 rooms in the hotel. Every room will be provided with running hot and cold water and will have a private bath. The Sixth street front will be extended to about twice the present width, and the lobby and parlors greatly enlarged. It is expected that work will be completed by August 1, and the hotel will be open for business as usual in the meantime.

H. Sasket Solomon has started the work of razing the old buildings on the James H. Quinn lot at the northeast corner of Fifth avenue and Grant street preparatory to erecting a modern five-story building.

Acrey & Milligan and Miller are taking bids on the E. T. Jackson apartments to be erected in Jackson street, Wilkinsburg, at a cost of $12,000. The building will be three stories high and will cover a lot 24x86 feet.

RUSHING WORK ON "WOODLAWN."

Work on Pittsburgh's new cemetery, Woodlawn, at the head of Penn avenue above Wilkinsburg, is being pushed rapidly. A large force of men has already completed the work of grading the roadways, and the planting is now under full headway. The beautiful driveway along the brow of the hill overlooking Wilkinsburg is one of the most attractive features of the new grounds and will, it is predicted, become as popular as the boulevard. The fine views to be obtained from many points in the cemetery cannot fail to make it a point of vantage for sightseers. Shelling is likely for a few years at least to serve the purpose of a big park for the East End and Wilkinsburg residents. The larger part of the stock in the new corporation, the "Woodlawn Cemetery Association," has already been sold through the Real Estate Trust Company at $50 a share, the list of stockholders including many of the most wealthy and influential men of the city.

The Federal Coal and Coke Company has just awarded the contract for 200 more miners' houses at Welch, W. Va. The same company recently completed 200 similar houses at a cost of $1,500 each, and is building 4,000 coke ovens. The field is a comparatively new one and the works when finished will give employment for several thousand men.

FIRST SALE IN THE PROPERTY.

Osborne: The Union Realty Company sold for the Thomas Hare estate to Hamilton Stewart, secretary of the Harbison-Walker Refractories Company, lots Nos. 1, 2 and 17 in the Hare allotment at Osborne station for $8,400. The three lots measure together 129x220 feet and were bought to fill out the handsome residence grounds of Mr. Stewart, which they adjoin.

St. Clair street: Joseph Kelly sold to Elisabeth Holden a two-story side hall brick house on lot 30x96 feet at the southeast corner of St. Clair and Margaretta streets. Nineteenth ward, for $8,000. This sale, with recent inquiries for good residence properties in the vicinity, indicate that Margaretta street is coming to be regarded as a very desirable residence locality.

Tannehill street: James H. Thompson sold for the Negley Land Company to Lewis Swartz, No. 24 Tannehill street, a three-story brick house on lot 20x120 feet, for $4,500.

Thomas street: J. J. O'Donnell sold to W. L. Clark a lot 50x175 feet in the south side of Thomas street near Linden avenue, Twenty-first ward, for $5,250.

Allegheny: The City Realty Company sold to R. G. Pentecost a lot 50x137 feet in Watson boulevard, Allegheny, for $1,200.

Wilkinsburg: Francis M. Miller sold to B. Allenbaurh a lot 70x100 feet in Campbell street, Wilkinsburg, for $750.

Cliff street: John P. Rush sold for William Brownlee to Thomas Logan a five-room house in Cliff street for $1,500; for Mrs. Cleranda Lessnett to the same buyer the incline house and two lots in Taggart street, Allegheny, for $900; for Thomas McEchern to M. E. Rush a five-room house, 30x100 feet, in Chartiers township near the Steubenville pike for $2,000; for Roy D. White to J. P. Rush two lots in West Pittsburgh for $400; for Thomas Logan to the same party three lots in West Pittsburgh for $800.

Ashtabula county: Neill Blakeslee sold for Bert Cooper to Alex. Kastel 24 acres in Ashtabula county, O., for $1,800.

Sheraden: W. White sold for F. W. Hanitch to Edward Carlin two lots 68x117 feet in the Melrose plan, Sheraden, for $1,000.

BUILDING IN BOTH CITIES.

Pittsburgh building permits were issued yesterday to W. H. Heselbarth, a brick store and house in Main street, Thirty-sixth ward, $4,500; to H. J. Bailey, a brick automobile stable in the rear of 315 Aiken avenue, Twentieth ward, $1,000.

In Allegheny these permits were granted: James W. Davis, a two-story house in Bailey avenue, Eleventh ward, $2,500; H. C. Klages, a brick addition to a store and house at No. 918 Washington avenue, Sixth ward, $2,300; David Barr, a two-story frame house at No. 1806 Market street, Sixth ward, $2,000; Thomas H. Fahnestock, a two-story frame house in Bailey avenue, Eleventh ward, $2,500.

Horse Market.

Spring trade in horseflesh continues steady, and there is a constant request for good, heavy draught horses. Drivers have not yet come into large demand, the cool weather having been against trade in that line.

At the auction sale yesterday 200 horses were offered for sale, and were readily sold. Buyers were out in force, and bidding was spirited. Prices held at about the same range as last week.

GRAIN CROP RETARDED BY DRY WEATHER

Jobbers Make Concessions to Sell Flour—Canned Tomatoes Weak.

"A cold, wet May makes plenty of hay," runs the old saying, and farmers fear that the lack of moisture, with consequent poor growth, will prove the correctness of the adage unless rain arrives soon to give life to crops. There is no absence of cold, but the prolonged dry spell is keeping grass back, and there will be a poor yield of hay unless there is more moisture, and that soon. These reports come from all over the western growing section as well as from nearby farmers. The hay market is firm, and there is possibility of increased prices if there is not a change in the weather more favorable to growing grass. Arrivals of hay were plentiful yesterday, but the active demand keeps the market strong. Oats were in heavy receipt, but most of the arrivals were of low grade, and the market for good oats was unaffected. Corn is strong, with but little arriving. Rye and millfeed are unchanged.

Flour is fairly steady, but jobbers are making concessions from listed quotations for round lots, and the market is no more than holding its own. Quiet is slow. Sugar is unchanged from the quotations which became effective the first of the week, but the situation is unsatisfactory, and there is more or less uncertainty as to the future. Such a hard blow as was struck when the last decline was made has created an unsettled feeling, causing buyers to wonder what will happen next. Beans are steady, but no higher in the local market. Canned tomatoes are showing more weakness, and concessions are being made from listed prices. Sales at 87½ cents for standards are being made, and there is no stability to the market. Jobbers are unmindful of packers, and retailers are unwilling to buy except where bargain prices are offered. Hop deal dull, and they might have obtained lower figures after purchases are made. Other canned goods are unchanged.

Virginia strawberries are now here and are offering at prices quoted yesterday for North Carolinas. But few of the latter are arriving, and the season will probably close with this week. String beans came forward in large quantities yesterday, and the market went off slightly. The long reign of Lima beans is having its first setback. Peas are slightly firmer. Spinach and parsley are both in better supply, and quotations are lower. Home produce is fairly active, but poor quality and lack of moisture, so that there is little to report in that line. Nothing new has commenced to arrive, and only moderate offerings of such vegetables as are marketable can be found.

Butter is steady at the advance of Monday, while cheese is easy and will likely go off in price before the end of the week. Eggs are firm and steady, with prices no more than holding their own. A few warm days would probably send quotations down quickly.

Poultry is, as last reported, unchanged, while receipts are fair.

GREAT BRITAIN ADDS TERRITORY TO THE DOMAIN OF THE KING

One Hundred Thousand Square Miles Are Annexed by Conquest.

DEFEAT OF AFRICANS

Natives Fought English Soldiers to the Last Ditch in Defense of the Flag of Their Emir—Many Were Killed.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

LONDON, May 12.—Secretary Chamberlain announced in the house of commons today that as a result of the British military operations in the Sokoto and Kano districts, ending with the capture of Emir of Kano, 100,000 square miles had been added to Northern Nigeria and would be administered by the government of that territory.

Interesting details have been received here of the capture of Sokoto March 14, by the British column commanded by Col. Morland. The engagement lasted two and a half hours. The British numbered about 500 men, with four quick-firing guns and four maxims. The enemy's horse and foot were estimated to number some 6,000 men, their riflemen being armed with modern rifles and using smokeless powder. The British camped during the night of March 13 two miles from Sokoto after a hard march of 100 miles from Kaura, with but little water and having passed through a difficult country.

At daybreak, March 14 the British moved out in square formation towards the valley in which Sokoto lies. Immediately after the British appeared over a ridge the Fulanis charged with fanatical bravery, undeterred by a withering maxim and rifle fire. They had no proper leadership, but the isolated bands continued to advance over heaps of dead and dying, often only individuals reaching within a yard of the square, where, refusing quarter, they were shot down while shouting "Allah" with their last breath.

The main body of the natives were finally routed, leaving a remnant of about 30 chiefs around the emir's great, white flag. These chiefs were defiant to the last and their corpses were found hedging the standard when the British entered the city, which consisted mostly of thatched houses. Its semi-ruined walls extended seven miles round the place and were pierced by eight gates.

A few days later the populace returned and the Fulanis tendered their submission to Commissioner Lugard, who arrived March 19 and installed a new emir. The British then retired towards the coast, leaving a garrison of two companies of infantry.

NEW MATRONS APPOINTED.

Fourteen Women Named to Take Care of Local Engine Houses.

Director Harry Moore of the department of public safety yesterday appointed 14 matrons to the fire bureau to take charge of the firemen's sleeping apartments in the various engine houses. Mrs. [illegible] Crawford will have charge of No. 30, 2 and the water tower house and Assistant Chief Michael Hennigan's quarters; Mrs. Victoria Stuckert, engine house No. 3 and trucks A and E; Mrs. Carrie Carr, engine houses Nos. 7 and 15; Mrs. John Endress, engine houses Nos. 25 and 6 and truck F; Mrs. Clara McKenny, engine houses Nos. 6 and 8 and Assistant Chief Engineer William Coates' quarters; Mrs. Robert Wilson, engine houses Nos. 27 and 29; Mrs. Tillie Kirkwood, engine houses Nos. 23 and 16 and truck I; Mrs. Lizzie Miller, engine houses Nos. 28 and 14 and truck D; Mrs. Elizabeth Davis, engine houses Nos. 4 and 11 and truck J; Miss Ella Gill, engine houses Nos. 5 and 26 and truck H; Mrs. Mary McKissick, engine houses Nos. 12 and 22 and truck G and Assistant Chief Joseph Lee's headquarters; Mrs. Teresa V. Link, engine houses Nos. 21 and 17; Miss Ellen Marron, engine houses Nos. 1, 20 and 10; Mrs. Michael O'Connell, engine houses Nos. 18, 19 and 32 and Assistant Chief Robert McKinley's headquarters.

All the matrons are widows except two, and the majority of them are widows of deceased firemen. Heretofore the firemen have been compelled to pay the matrons out of their salaries. The city will bear this expense in the future, as an ordinance was recently passed setting aside an appropriation for that purpose.

WAYNESBURG MAN COMMITTED SUICIDE

WAYNESBURG, PA., May 12.—(Special.)—John Hundertmark, a highly respected young man of this place, committed suicide last night by blowing the top of his head off with a shot gun, the muzzle of which he placed against his forehead. He served in the Philippines with Company I, Twenty-eighth regiment, United States volunteers. He joined the Christian church on Sunday, and on Monday filled out an application to become a member of the Free Masons. Ill health and business worries are said to have been the cause for the act.

MRS. KOUNTZ VISITED WALSH AT HIS OFFICE

The Woman in Last Saturday's Tragedy Is on the Road to Recovery.

Evedience which will materially aid in the defense of Walter P. Kountz when he is called to trial for the shooting of John E. Walsh is being brought to light. At the Homeopathic hospital Mrs. Kountz is steadily gaining strength and before the week is over she will be operated on for the removal of the bullet from her breast. Yesterday she asked anxiously about the funeral of "Jack" Walsh, which was held at St. Agnes' Roman Catholic church in the morning.

During the last two months Mrs. Kountz was a regular visitor at Walsh's office on the second floor of the Schmidt building, No. 341 Fifth avenue. It was her custom to call about 4 o'clock in the afternoon. She would remain for an hour or more, and then accompany him to his home on Squirrel Hill. Her visits were so frequent that they attracted the notice of employes in the building. Among them she was known as Mrs. Kountz, and was thought to be a relative of Walsh's.

Last Saturday afternoon she appeared there at the usual time and remained until a few minutes before 6 o'clock, when she was joined by Walsh and went home with him.

Mrs. Kountz yesterday tossed restlessly on her cot at the hospital. She seemed to be suffering mentally and at length called for Supt. Bechtel. She asked if it were true that Walsh was dead, and when assured of this asked when the funeral would be held. She was told that he had been buried in the morning. She received this intelligence with evidences of deep sorrow and turned away her head.

Mrs. Kountz is looking forward anxiously to her meeting with her first husband and little daughter, and has asked several times if her message summoning them had been sent. She had received no message from them last night. The wound in her mouth is healing rapidly, but she is unable to move her tongue. The wound in her breast gives her little pain, and it is thought the bullet will be extracted with little difficulty.

Denham-Taylor Wedding.

WELLSVILLE, O., May 12.—(Special.)—Miss Mary Denham of this place and William Leech Taylor of Pittsburgh were united in marriage tonight at 8 o'clock at the home of the bride's brother, John A. Denham, No. 703 Main street, by the Rev. Andrew Taylor of the Gaston Memorial church, Philadelphia, a brother of the bridegroom, assisted by the Rev. William Glasgow, pastor of the First United Presbyterian church of Wellsville. Only near friends of the couple were present.

TRUE BILL FOR MURDER

George Allen, a Negro Pleaded Guilty of Snatching Pocketbooks from Three Women. Many Pleas in Criminal Court.

The will of Margaret C. Loughrey, late of Pittsburgh, was filed yesterday. No value of the estate is given, but it is said to be worth nearly $1,000,000. Letters testamentary were granted to the decedent's sons, Thomas R. Loughrey and James D. Loughrey. Attorneys Chantler, McGill & McClung represent the estate.

It is first directed that the homestead property shall go to Thomas R. Loughrey, and that the residue shall be held in trust for 10 years, the trustees to have full power to manage the estate. At the end of 10 years the estate is to be equally divided among Melinda Jane Roberts, Emma Irvine Rose, Anna Logan Moore, Thomas R. Loughrey, Joseph C. Loughrey and James D. Loughrey. The share of each is to be charged with the amount paid to them during the time of the trust. In lieu of the homestead property the share of Thomas R. Loughrey is to be charged with $60,000.

The grand jury yesterday returned a true bill charging W. J. Colwell and W. R. Sackel with the murder of Felix Knuckle, whose death occurred at the St. Francis hospital on September 29, last, from injuries received at the 2:30 a. m. on that day, as the indictment charges, by being thrown from the porch of Colwell's house in Finance street.

A true bill, charging involuntary manslaughter, was returned against Angelo Trello, who, it is alleged, was responsible for the death of Tony Spanno at McKeesport by the accidental discharge of a revolver. Other true bills are:

Burglary, John Anderson, Henry Williams; felony, Charles Cole; robbery, Brooks Davis, Ellis Simmons et al; embezzlement, Frank Aull, J. W. Robinson; carrying concealed weapons, John Anderson, Brooks Davis, Peter Hospides, John Strothers; larceny, Lige Brown, George Gerry, C. Michaels, Henry Moltca, John Smyth, F. J. Steele; assault and battery, Dan Creely, James Fish, Henry Harris, James Strothers, Albert Wilson; conspiracy, D. H. Chapin, Blancy Swaney; keeping a disorderly house, Jennie New; entering a building with intent to commit a felony, Brooks Davis, James Hyland; aggravated assault and battery, Charles Orris; fraudulently making a written instrument, etc., E. B. Winegarden; misdemeanor, George Goodloe, Annie Kulka, Claude Mattison, James McCoy, Patrick Pelvey, John Yarnott, Joseph Piskewitz; horse stealing, John McCafferty; felonious assault and battery, William Davis.

A bill charging Brooks Davis with felonious assault and battery was ignored.

A number of pleas of guilty were entered to charges in criminal court. George Allen, a negro, who was captured by the police after holding up several women in East End streets, was charged in three separate bills with highway robbery. Mrs. Blanche Klause, Frances Barker and Della McClelland were the victims of his pocketbook-snatching plan. He pleaded guilty to larceny from the person in each case and was sentenced to the workhouse for one year and six months. Others to enter pleas of guilty were:

Joseph Watts, embezzlement, 60 days to the workhouse; Louis Hull, embezzlement, 60 days to the workhouse; Walter Mooney, assault and battery, 30 days to the workhouse; Morris Lustily, larceny, one year to the workhouse; Mame Sonners, larceny, three months to the workhouse; David Bartin, larceny, three months to the workhouse; Sidney Burrows, larceny, six months to the workhouse; Thomas Jones, horse stealing, etc., two years to the workhouse; Joseph Hoffman, entering a building with intent to commit a felony, six months to the workhouse.

The acquittals were: Sadie Dudley, two cases of selling liquor illegally, but to pay costs in each case; Henry T. Nieste, charged by his uncle, Charles E. Nieste, with the larceny of a medal, prosecutor ordered to pay the costs; Lizzie Nolan, forcible entry and detainer, John J. Johnston, prosecutor, to pay the costs; Alex Ohlsson, charged with a felony.

LEGAL BRIEFS.

By the will of George K. Connell an estate worth $1,000 goes to the decedent's widow and children. Attorney John R. Speer represents the executrix.

The Tarentum Free Methodist church made application for a charter of incorporation in court of common pleas No. 2. Attorney Elmer L. Kildney represents the incorporators.

Frank L. Whitty, late of Bellevue, took out letters of administration on the $70,000 estate of Henry Whitty. The heirs are a widow, a son and daughter. Attorneys Chantler, McBride & McClung have charge of the estate.

Ten executions were issued yesterday by the Iron City Deposit and Loan association of Pittsburgh against John J. Dowling, aggregating $32,800. Other executions were as follows: Martha J. Leggett, use, versus Elizabeth W. Housten, $5,480 75; Thomas Leggate, use, versus William F. Weidman, $560 43; John C. Devanney, use, versus Charles H. Riedle et al, $1,319 85; Hannah Barnum versus Wharton McKnight, $11,221 35; Fidelity Title and Trust Company versus Marion L. Handley et al, $2,301 69.

POPE'S CONGRATULATIONS.

Sends His Blessing to Bishop Chatard, His First Papal Appointee.

INDIANAPOLIS, IND., May 12.—The celebration of Bishop Chatard's silver jubilee began here today, with an early morning mass, said by Cardinal Gibbons in the chapel of St. Agnes' Academy.

At 10 o'clock the distinguished visitors and resident clergy donned their robes at St. John parish house and marced in a body to St. John church, where Bishop Chatard conducted high mass.

This afternoon a banquet was given at the Columbia club. It was attended by 350 persons. Cardinal Gibbons was the principal speaker.

His holiness, Pope Leo XIII., has cabled to Bishop Chatard his congratulations on the bishop's silver anniversary. Bishop Chatard was the first bishop appointed by Pope Leo XIII.

News of the Railroads.

T. DeWitt Cuyler, one of the oldest directors of the Pennsylvania railroad, with a party of other officers, yesterday inspected the terminals in and about Pittsburgh. Those in the party included Robert Pitcairn, resident assistant to the perintendent; R. M. Patterson, general superintendent of terminals, and several of the superintendents of local divisions. A trip was made to East Pittsburgh and then over the Monongahela division along the South Side and over the Ohio Connecting bridge to Conway, returning to the city over the Ft. Wayne. The trip is believed to foreshadow still larger plans for terminal development.

The Baltimore & Ohio will have a similar inspection of its lake facilities this week, the party passing through Pittsburgh today. President L. F. Loree, Third Vice President G. L. Potter and General Manager C. S. Sims will be the three principal members of the party. They will go to Cleveland, Lorain and Sandusky, it is expected, returning to Pittsburgh Thursday or Friday.

Dispute Over G. A. R. Rates.

The annual fight over Grand Army of the Republic encampment rates will come before the Central Passenger association today at Chicago. The particular phase of the contest this year is whether when a rate of one cent a mile to the gateways is granted, the differential lines shall be allowed to use the full proportion of their differential. The matter is likely to go to arbitration.

RAILROAD NOTES.

Col. William M. Shaw of the Burlington at Cincinnati, was in the city yesterday.

The Panhandle has appointed W. J. Scribner chief electrician, a new position. The company is as fast as possible introducing electricity for general power in all the shops still using steam.

The Book of the Royal Blue, the handsome monthly publication of the Baltimore & Ohio railroad, will appear this month with a unique feature. A convention to form an association of humorists of American newspapers is to be held in Baltimore May 22. W. E. Lowes, editor of the publication, has secured from a large number of these an interesting story, joke or poem, all of which will duly appear with a picture of the author.

ELKINS TO ESTABLISH LARGE COKE PLANT

MORGANTOWN, W. VA., May 12.—(Special.)—Senator S. B. Elkins, after inspecting his large coal holdings along the Morgantown & Kingwood railroad, today announced his intention of making Masontown, 12 miles south of Morgantown, a big coke town, and will immediately begin to build 100 houses for workingmen.

Celebrated Their Golden Wedding.

Mr. and Mrs. Samuel M. Bonner and their five children and four grandchildren, with the many friends of the family, last night celebrated their golden wedding anniversary at the home of their son-in-law, C. F. Barr, No. 68 Climax street, Allentown. Mr. Bonner was born in Moon township and his wife, who was Miss Margaret A. Cunningham, first saw light on the South Side. They have been lifelong residents of Allegheny county. They were married in the old borough of Lawrenceville 50 years ago.

However bad the Cough, relief will come through a judicious use of Dr. D. Jayne's Expectorant and in the great majority of cases, a permanent cure will follow.
